People should be careful about Mutual Insurance companies which have their place of business in some distant place. We have tried all kinds and find none safe or in—such as the A. O. U. Masonic insurance company the San Fran- cisco, the Massachusetts

Life Co., W. J. Helvie's Kansas Loan and Bust Co., and other schemes of like ilk that have been worked here. Some of the promoters or agents may think they are doing good, but they are far from it. But, if you will bite at such things as these and the cash purchasing fakir, go ahead and repent later.

There is no use sending out of town to get so-called tailor made suits, unless you are out of the ordinary size and can't get a fit here. You can buy better goods and get better fits for less money right here, and at the same time help Tillamook.

Arthur, Baxter, and Gilford Stillwell made a trip to Skookum Lake last week. They say the trip is a hard one, hardly worth making, and nothing is to be seen but a long lake, with swampy sides, and some good land surrounding. They did not find the cabin or see the Skookum spirit, though they saw old tracks where he had been over a year ago.

An item taken from the Forest Grove Times last week regarding W. J. Smith's war record was incorrect. The facts are Mr. Smith was enlisted in the regular army, not in the Indian service, from 1864 to 1866. However, Mr. Smith's company was stationed at Fort Boise, Idaho, most of the time. He was in Company B, 1st Oregon regiment, U. S. Volunteers.
