How many people in the county study the semi-annual statement and attempt to figure out what is the indebtedness of the county? On the face of the statement the county is in debt about \$16,000 over its resources. But, of the county's resources there is about \$9000 which may be worth something, and may be not worth much. It represents the taxes due the county. We should like to receive comments or explanations regarding the semi-annual statement.

A number have taken advantage of the HEADLIGHT's proposition to advertise their real estate for sale. See advertising columns for particulars. Also, state whether you want your name to appear in the advertisement. If not, intending purchasers can call at this office, and they will be referred to the party who wishes to sell.

It seems the assessor in his census report neglected to note the amount of cultivated land in most instances, and the report will make a bad showing for the county. It is estimated that only one-tenth of the cultivated land is counted. It is not known whether it is the assessor's fault or the fault of the parties who gave it to him. With due credit to Mr. White, the assessor, the HEADLIGHT will say, however, that the general impression is that he has made the best assessment ever made in this county, and we think it fully as good as any heretofore.

A young man recently came from Portland to visit his brother who has been working at the creamery east of town. They were loading shells in expectation of a hunt in the mountains. The young man from Portland had a handful of powder loose in his hand, he also had a pipe in his mouth from which a spark dropped into the powder. There was a flash and his eye lashes, eye brows and whiskers were burned. His face and neck were blistered and he was also burned on his lips nose and eyes. Dr. Kelly was called who dressed the burn and relieved him of the intense pain.

Notice.

We wish to inform the public that the North Yanhill and Tillamook stage line is now making daily trips on schedule time, making connections with the 3:30 P. M. train for Portland.

P. H. MESSER, Proprietor.
