

HEADLIGHT X-RAYS

Dr. Wise will be at his office about Nov. 10th.

Miss Ada Boxley returned from a visit to relatives in Portland.

A new crossing has been put in between the livery stable and the post office.

Carey's new hardware store is nearing completion and will soon be ready for occupancy.

Contractor Jacobson of Portland has just been awarded an \$80,000 contract for improvements in Coos Bay.

Giles Johnson, editor of the Nehalem Times, is in town on business connected with the commissioner's court.

The Tillamook Musical Club, recently organized, will meet at the residence of Mr. and Mrs. J. E. Sibley next Monday evening.

Tillamook county did not give the republican majority that the republicans here hoped it would, but the majority wasn't had after all.

Mesdames Ruggles and Johnson have disposed of their millinery business. The new proprietress will take charge about Dec 1st.

The election in Tillamook passed off quietly. No fights and but few drunks. The republicans were confident all day of the election of their candidate.

Hon. E. E. Selph and W. L. Brooks, of the Herald, addressed the people of Bay City on Saturday evening. Quite a large audience was present and listened with respectful attention to the speakers.

The telephone line worked splendidly on election night until some time in the morning, when it succumbed to the storm. Manager Tuttle sent out some linemen early in the morning, and early in the afternoon it was again in operation.

Travelers who desire to stop in the neighborhood of Beaver will find the very best accommodations at the home of Mr. West. Mr. West has a fine, large roomy house, plenty of barn room, and he and his excellent wife are the most kind and genial host and hostess to be found in many a day's travel.

Charley Smith, our popular saloon man, has the lumber on the ground for a fine new building of his own, next to Carey's new store and opposite the Larsen House. Work will be commenced on the building as soon as the weather permits. It will be 20 by 40 feet in size, 16 ft. walls, and fitted up in the neatest and latest modern style.

Manoe Goodman returned Friday from a trip to Portland. He reports the roads via the Grande Ronde as exceedingly rough. They are full of holes and ruts and these being full of water it is impossible to tell their depth until sounded by the unfortunate traveler. At one point the stage was overturned and the occupants thrown out, but fortunately no one was hurt.

One of the heroines of the last election was Mrs. F. B. Herrington, who sat at her phone at the lonely station on the Wilson river, twenty miles from Tillamook, from early evening to two o'clock A. M. Wednesday morning, and assisted in getting the news to Tillamook. She couldn't vote, but she materially assisted in getting the news of the election to anxious thousands here.

J. E. Tuttle, our enterprising telephone man, has moved his office and residence into the upper floor of the Alderman House. He has fitted up a neat office in one of the front rooms, and is preparing for the rapid extension of his business all over the county. Orders for phones are coming in constantly, and it will be but a short time before the system is extended to Nehalem and other outside points. Mr. Tuttle is a rustler and is giving Tillamook Co. as good a telephone service as is to be found in the state of Oregon.

The following letter from Mr. Jones, formerly of the Headlight, we insert, that any false impressions received may be corrected.

Mr Bowman: By some means a report has gained circulation in Tillamook, so I am informed, that I am in jail. Kindly set me right before my friends in Tillamook. A crank tried to enter my house and I chased him away with a gun. He swore out a warrant charging me with using a pistol, but I was not really placed under arrest. The Judge dismissed the case before all the evidence was in, and privately told me that I ought to be fined for not using the gun. The crank then filed a damage suit against me for \$5000, but he can't guarantee the costs and no papers have been served on me. The people here, to a man, regard the matter only as a joke, and all are favorable to me. Yours Respectfully W. F. D. Jones.

There will be a called Masonic communication of Tillamook Lodge No. 57, A. F. & A. M. in the Masonic hall on Saturday night Nov. 7. All Master Masons in good standing are invited to attend. By order of W. M. F. R. BEALS, Sec'y.

Mr. Martin and wife from North Yamhill came in on the stage Wednesday. Mr. Martin is quite a sportsman, and the ducks will suffer during his visit here.

An error occurred in an item in last week's paper in an article regarding Fred Newton and a man by the name of Johnson. It should have read George Johnson instead of John Johnson.

The HEADLIGHT did not go to press until this afternoon at two o'clock, as we desired to have all the latest election news. No special was issued this year as no definite news was obtainable before regular press day.

Johnie Fessenden—I tell you frankly that I shall not be able to pay for this until next year.

Tailor—All right sir. "When will you have it ready?" "Next year"—Tit Bits.

The dance at the Allen House last evening was a great success. The music was good and the attendance was much larger than was expected. Mr. Allen served a fine supper about midnight to about forty couples, after which dancing was resumed and kept up until about four o'clock in the morning.

The last Republican meeting of the campaign was held at Fairview. A number of local Republicans including Judge Sappington, W. L. Brooks, R. R. Hayes, E. E. Selph, J. W. May, D. DeK. Bowman and E. H. Sexton attended the meeting. Judge Sappington presided by request. Excellent music was furnished by a select choir consisting of the teacher of the district, Mr. Majors, Mr. Mills, and the Misses Keane and Tindstedt.

The meeting was addressed in turn by W. L. Brooks, R. R. Hayes, E. E. Selph and D. DeK. Bowman. Close attention was paid to the speakers and frequent and generous applause attested the appreciation of the sentiments they uttered.

A. W. Severance and D. DeK. Bowman returned on Saturday evening from their tour through the southern portion of the county. They report a very successful trip, though greatly hindered by almost impassable roads and rough, stormy weather. The trip took in Fairview, Beaver, Hebo, Dolph, Oretown, Woods, and Sanders'. The republicans of the various precincts had done all in their power to make the meetings a success and whenever possible the people turned out to hear the speeches. The return trip was made under considerable difficulty. Rain fell in torrents, quite a number of trees had fallen across the roads, grades were slippery and dangerous, and fords, some of them, were up to the swimming point. The boys were enthusiastic over their reception and treatment but glad to get home.

Case of Oregon vs Starr.

The case of the state of Oregon vs Starr was on trial in Justice Sappington's court on Monday.

Claude Thayer and W. J. May represented the state, and E. E. Selph the defendant. The complaining witness was Archer who stated in his testimony that on last Friday forenoon he was engaged in setting out strawberry plants. Defendant came up to him and accused him of digging his potatoes. Witnesses then called defendant a liar, after which he says defendant struck him and he knew no more.

Archer swore on cross examination that he had never had any trouble with defendant previous to this, and that the first thing he knew after the encounter he was sitting in his room bathing his eye.

John Mann testified that he was on the premises after the trouble and found a rock there which it appeared had been taken there by some one for some particular purpose as there was no other rock to be found on the premises. He also said there was the print of a body on the soft ground.

Miss Petrie had witnessed the encounter from a window but was unable to say what it was about or what was the difficulty.

Dr. Wiley testified that he had been called in and had dressed the wound, which was about one half inch in length. It was over the right eye and had penetrated to the bone. There was also a contusion of the cheek.

Starr claimed that the complaining witness had first struck him with a hoe, and that he had struck witness in self defense. The jury returned a verdict of guilty as charged.

FOR SALE

45 acres of land, house and new barn, between Ben Lomond and Felton, fronting the county road leading from Boulder Creek to Santa Cruz. This place has a river front, the San Lorenzo, forming a fine stretch of water for boating and fishing the year round, besides an unending supply of pure running water fed by mountain springs, all enclosed by fence. About 8 acres in cultivation, the balance mostly covered with a fine growth of live oak, pine, madrone, and redwood, would make a magnificent country home or summer resort, being only 1 1/2 miles to two railroad stations. Price, \$50 per acre.

McKinley Club Meeting.

The McKinley Club meeting held at Court house on Saturday evening was one of the very best of the entire campaign. Arrangements had been made for a number of speakers to address the meeting and a rather larger turnout than usual was the result. In the absence of the president of the club, Mayor Reynolds took the chair and introduced the speakers. The first speaker of the evening was C. E. Reynolds. He took for his theme the attitude of the present administration on the Chinese question and the Geary Law, and showed that all that had been done by the republicans in the way of restricting Chinese immigration had been greatly jeopardized by the arrogant course of president Cleveland. Mr. Reynolds closed his remarks with an original parody on "Backward, turn Backward," which was very good.

The next speaker was R. R. Hays, who spoke on the theme, "Why I Am a Republican." Mr. Hays spoke of the grand record of the republican party in the past as a thing to make any one proud of the name of republican, and of its grand principles at the present time as being the embodiment of political wisdom and destined, if adopted at the coming convention, to restore to the country its lost prosperity. He spoke of the speech made at the Court house in the afternoon, and said that to compare Bryan the "blatherskite" to Lincoln, the martyred president and statesman, was an offense against political decency and common sense.

The third speaker was Mr. Bowman, editor of the HEADLIGHT. The speaker gave a somewhat humorous description of his campaigning trip through the county, which, though a successful trip, was made under great difficulty. He said he had campaigned in a palace car, in an ordinary passenger car, on a stage coach, on a wagon drawn by a bull team, on horseback, and even on the hurricane deck of a mule; but campaigning in Tillamook was in some respects a new experience. He had never before had to cook logs while in motion, crawl along the face of a precipice with the stormy ocean roaring beneath, and then pull his own boat against a 2-30 tide.

He said that Mr. Severance and himself had done the best work possible under the circumstances, and predicted a majority of 250 or more for McKinley in the county. He then spoke briefly on the benefit of protection to the farmer, and exploded a few of the heresies of the pops, closing with an eloquent plea to the voters to be true to their convictions and the principles of the grand old Republican party, to whom alone we can look for a restoration of confidence and good times.

Mr. Handley was the last speaker introduced. He took up several of the principal issues of the campaign, especially the free silver heresy, and handled them in his usual forceful manner. He pointed out the utter absurdity of a double standard for measuring money values or anything else, and that we never had a double standard or unit of money value in the United States. The gold dollar was an honest dollar for it required no law to give it value, and pops themselves had to use it to measure their silver with.

Oretown Offerings

Messrs. Bowman and Severance of Tillamook were present as advertised at the Oretown Schoolhouse Thursday evening Oct. 29. Advertising pays when it is done properly. But in order to pay, an advertisement should be properly constructed, properly set and displayed, and above all it must be inserted in a paper that reaches the people. The HEADLIGHT has double the circulation of all the other papers in the county combined. It reaches about all the people in the county and advertising in its columns pays.
