The following items were left out by accident last week:

On the account of painting, and other improvements going on at the S. D. A. church, there will be no public services held there on next Sunday. But the church will be open between 2 and 3 P. M. on that day, where we shall be glad meet all those who have contributed, and thus made the recent improvement possible, together with all their friends and ours, as I expect to leave the early part of the week for Portland to attend our annual conference. We wish to extend our sincere thanks to all those who have in any way assisted us in this work, and wish to apologize to those who contributed some months ago to "The Orphan's Home." Some were given to understand that their names together with the amounts, would be published in a monthly periodical, published by the association, and would be given an opportunity to see the same.

We wish to say to all those, that their names and the amount were sent, and we retained a copy. They sent us a receipt which corresponds exactly with our books, but the pamphlet in which the names should have appeared, if sent was lost in the mail. Cohn & Co. were the largest donors, contributing \$2.50. A full list if thought best could yet be published. But I will say you can all rest assured that every penny contributed reached its destination.

We have found the Tillamook people to be a kind hearted generous people and I should like to remain here if my health would permit, and again because I am so unfortunately constituted that I can do better where I am known than in a strange place, and for this reason I dislike to go to a new place.
