COUNTY ITEMS.

GATHERED BY OUR CORRESPONDENTS.

A Brief Glimpse at Last Weeks Happenings.

Woods

(FROM THE OCEAN WAVE)

A. B. Pollard is making a trip to the valley this week.

Baxter Bros. are getting their road in excellent condition for the coasters that frequent that section.

Mrs. Mand Compton has been visiting in Woods for several days.

F. Wilehart has his store building nearly finished, and it is a decided improvement to the town.

Mr. Waymire has opened a blacksmith shop at Woods for the summer. Mr. Waymire is a good man with tools, and can make most any thing from a horse-shoe nail to a printing press.

Mr. John Lucy and family will move to Roseburg in about two weeks, where he will go into the hotel business. Mr. Lucy reports Roseburg as being quiet, but still he expects to do quite well in his undertaking there.

The new school bell arrived the latter part of the week, and should be put up right away. The bell gives a fine clear ring and can be heard for several miles.

Gilbert Belleque of French Prairie is here on a visit to his father.

A. C. Southmayd left Wednesday morning for Sheridan.

A. C. Dimmick made a trip to the valley this week.

Little Johnie Krebs, who has been at Brooks for nearly a year, came in to Little Nestucca Monday on his wheel.

The contractors on the government work at the bay are progressing quite well with the blasting; it will probably take six weeks or two months before the contract will be completed. A number of blasts have been set off.

Nehalem

(From the Nehalem Times.)

Mr. Briscoe's family came in from the valley this week. They came overland.

Mrs. Chris Johnson, formerly Miss Ida Tohl, recently presently her husband with a daughter.

O. A. Boe returned home Thursday from a few week's visit with A. J. Cloutrie on Cannon Beach.

Work will begin on the Big Nestucca bridge in the southern part of the county, about July 15th.

J. S. Gray and wife returned last Tuesday from Corvallis where they had been as delegates to the Oregon State Grange.

Judge Jacobs, the old reliable carpenter, is engaged in the construction of a new residence for Chas. Pyle on his ranch on the south fork. He also has contracts to build houses for Wm. Tohl and Christ Frantzen.

Mrs. S. Thompson and two little boys arrived here Thursday, her husband having been here some time. They came from Corvallis and expect to make this their home.

Hebo

Fannie Bain made a trip to Woods last week.

S. B. Hill and N. P. Hansen have been rounding up their young cattle to drive to the range on Mt. Hebo.

The Three Rivers school is progressing quite nicely under the supervision of Miss Beckett.

Some members of the G. A. R. and W. R. C., at Woods, passed here on their way to the camp to be held at Independence, last Sunday.

Some of the residents of Three Rivers are making good use of the mountain streams, which are handy to their farms, by cutting ditches, and irrigating their gardens therewith. This is an excellent country for gardening without artificial rains, but there are, however, times when a little irrigation will do no harm, but instead, will promote the growth of vegetables to a certain extent.

Emma

Jeff Harris Jr. of Sand Lake passed through here last Wednesday on his way to Salmon River, where he has taken up a homestead. Mr. Harris says the government ought to allow the Indians,

to sell off their land, so the whites can buy it from them. We suggested to him the idea of marrying a dusky maid with a large tract of land. He said he would think about it as he was scarce of funds just now.

Michell Greiweldinger, an elderly man living alone on his homestead was found sick and in a helpless condition last Monday. Kind friends moved him out of his place to Mrs. Sam Bowers, who is kindly taking care of him.

Nick and Arnold Affolten was visiting at Mr. Reschis last Sunday.

Albert Schiller of Neskowin makes frequent visits at Mr. Wm. Lyon's.

On the 11th inst we had a fine rain which has done the gardens, crops and grain much good.

Assessor J. S. Stephens was in our midst the first of this week. I suppose he will make a minute report to the HEADLIGHT of his being lost.

Grand pap Sloan has gone out to Dallas. He will return as soon as his health will permit.

Beaver.

C Mills will lecture at the Fairview school house Friday evening, June 18th.

Rev. Cissel, of South Prairie, preached at Beaver last Sunday. Rev. Cissel has many warm friends at this place.

Amos Bevens is conducting Sabbath school at G. W. Wallace's school house.

This entire valley and the south end of the county want a free wagon road from Woods to Sheridan via Beaver and Blaine.

Alvin Finley's and Mr. Kinneman's new dwellings are almost ready for occupation.

Almost all of the meadows on Nestucca valley needs to be plowed up and reseeded; the most profitable way is to plow them up, and sow to wheat, and have it made into flour at the Mills Co.'s mill, which will be constructed at Beaver soon, as the machinery is forthcoming.

A Sanguinary Encounter.

At Nehalem last Saturday evening at about four o'clock, quite a sanguinary encounter occurred between Ed Zeiler and Chris Olsen, in which the latter received injuries that necessitated the calling of a physician from this city.

Zeiler and Olsen had been partners in the stove bolts until recently, but had dissolved, and the former had gone to San Francisco. On returning, so matters were reported to him as having been said by Olsen that angered him very much.

Seeing Olsen he charged him with having lied about him, and without further ado, proceeded to administer to him the punishment which he thought he deserved. There was no witness to the encounter, but when the bystanders heard the racket, and appeared on the scene the row was over, and Olsen was lying unconscious on the rocks below the walk. He was picked up, carried indoors, and Dr. Linton called in. As the patient did not recover consciousness Dr. Hawkes was also telephoned for, and arrived at 12 o'clock, in company with Mr. J. E. Tuttle, who acted as driver over the rough road, and who had some business connected with his line at Nehalem. They found Olsen still unconscious. His head was so swollen that he was unrecognizable, and the left side of his head was terribly bruised, apparently by some sharp instrument. When last heard from Olsen was getting along nicely. No arrests thus far.

Real Estate Transfers.

GENERAL NEWS.

GLEANED FROM ALL OVER THE WORLD

Conveyed in Short and Pithy Paragraphs.

An invention has been patented by a Baptist minister, named Ferguson, that photographs sound waves. The invention is said to be very simple, and it may lead to greater discoveries.

Anti-Christian riots have recently taken place at Mein Chang China. Three missionaries were killed and eight wounded.

A party of Americans, headed by Henry G. Bryant, has arrived at the base of Mt. St. Elias, and proposes to make the ascent in advance of the Italian nobleman, Prince Luigi, and his party.

The recall of Capt. Gen. Weyler from Cuba is confidently expected at an early date.

Several minor engagements of the Spanish and Cuban armies have taken place within the week, in each of which the Cubans were victorious.

Gen. Weyler continues to persecute wives and children of insurgents. Six Cubans, who recently surrendered under Weyler's amnesty decree, have been shot.

It is now believed that the question of the annexation of Hawaii will be brought up during the present session of Congress. Friends of annexation in Washington declare that the president will submit a message to Congress on the subject in the near future.

A new baseball pitching machine was tried at Princeton on the 11th inst. It was pronounced a great success.

A serious uprising has occurred in Northern India and a number of British officers and native soldiers were massacred.

A split has occurred in the Protestant Episcopal Church on the subject of vestments, a majority of the synod now in session at New York having passed an iron clad law in favor of the black gown. It may result in the disruption of the church.

WASHINGTON, June 11.—The Washington Post says:

Senator Corbett has been assured of a favorable report from the committee on privileges and elections, but has been told that he will have to wait until after the tariff bill is out of the way before the case can be brought up in the senate. It is pretty generally understood that congress will adjourn as soon as the tariff bill is out of the way, and action by the senate on the question of seating Corbett will undoubtedly go over until the beginning of the regular session in December. Mr. Corbett does not seem to be losing anything by the delay. He makes friends continually among the newer senators, as he had already had friends among the older members.

The sound money democrats have organized themselves thoroughly in this state and propose to make themselves felt in future elections. They have adopted the principles declared at the Indianapolis convention in 1896 and have adopted the name of Jefferson for their club or clubs. All democrats in sympathy with the purposes of the club or dissatisfied with the surrender to the populists at the last election, will also be welcome as members of the organization. A great many applications for membership have already been made, and the organization gives promise of being most prominent and effective.

NEW YORK, June 12.—A dispatch to the Journal from Havana says:

The secret court-martial of General Rivera and Colonel Vaccalao, the insurgent chiefs captured in Pinar Del Rio, was closed at Habana. The sentences may occur during the coming week, unless Washington renews its protests.

LONDON, June 12.—A dispatch from Athens to the Exchange Telegraph reports that the armistice between Greece and Turkey has been broken by the Turks mobilizing reinforcements, fortifying Volo and Prevesa, and sending troops to various islands. The dispatch reports also that the Turkish fleet passed out through the Dardanelles at 10 o'clock last night.

PARIS, June 13.—An attempt was made today to assassinate Felix Faure, president of the French republic, while he was enroute to Long Champs to witness the Grand Prix.

While M. Faure's carriage was passing a thick net near La Cascade restaurant in the Bois de Boulogne, a bomb which subsequently proved to be a piece of tubing about 6 inches long and two inches in diameter, with a thickness of half an inch, filled with powder and a small shot, exploded. No one was injured by the explosion.
