Editor J. F. Weatherly of the "Ocean
Wave" of Woods, Oregon, was in Tillamook
the latter part of last week and
paid his respects to the HEADLIGHT
office. Mr. Weatherly reports his sec-
tion of the country looking up some-
what. He says that campers are al-
ready beginning to arrive in consider-
able numbers and more people are ex-
pected this year than ever before. The
work of removing the reefs at the mouth
of the river he says is progressing nicely
and the people will make an effort to
have the harbor surveyed and mapped.
He reports his newspaper as prosperous
—all of which speaks well of the people
of Woods and vicinity.

A SCIENTIST SAVED.

President Barnaby, of Hartsville College, Survives a Serious Illness
Through the Aid of Dr. Williams' Pink Pills for Pale People.

From the Republican, Columbus, Ind.

The Hartsville College, situated at Hartsville, Indiana, was founded years ago in the interest of the United Brethren Church, when the state was mostly a wilderness, and colleges were scarce. The college is well known throughout the country, former students having gone into all parts of the world.

PROF. ALVIN P. BARNABY.
A reporter recently called at this famous seat of learning and was shown into the room of the President, Prof. Alvin P. Barnaby. When last seen by the reporter Prof. Barnaby was in delicate health. To-day he is apparently in the best of health. In response to an inquiry the professor said: "Oh, yes, I am much better than for some time. I am now in perfect health; but my recovery was brought about in rather a peculiar way."
"Tell me about it," said the reporter.
"Well, to begin at the beginning," said the professor, "I studied too hard when at school, endeavoring to educate myself for the professions. After completing the course I came here, and graduated from the theological course. I entered the ministry, and accepted the charge of a United Brethren Church at a small place in Kent

County, Mich. Being of an ambitious nature, I applied myself diligently to my work and studies. In time I noticed that my health was failing. My trouble was indigestion, and this with other troubles brought on nervousness.
"My physician prescribed for me for some time, and advised me to take a change of climate. I did as he requested and was some improved. Soon after, I came here as professor in physics and chemistry, and later was financial agent of this college. The change agreed with me, and for awhile my health was better, but my duties were heavy, and again I found my trouble returning. This time it was more severe and in the winter I became completely prostrated. I tried various medicines and different physicians. Finally I was able to return to my duties. Last spring I was elected president of the college. Again I had considerable work, and the trouble, which had not been entirely cured, began to affect me, and last fall I collapsed. I had different doctors, but none did me any good. Professor Bowman, who is professor of natural science, told me of his experience with Dr. Williams' Pink Pills for Pale People and urged me to give them a trial, because they had benefited him in a similar case, and I concluded to try them.
"The first box helped me, and the second gave great relief, such as I had never experienced from the treatment of any physician. After using six boxes of the medicine I was entirely cured. To-day I am perfectly well. I feel better and stronger than for years. I certainly recommend this medicine."
"To allay all doubt Prof. Barnaby cheerfully made an affidavit before

We would like to look into pleasant face of some one who has never had any derangement of the digestive organs. We see the drawn and unhappy faces of dyspeptics in every walk of life. It is our national disease, and nearly all complaints spring from this source. Remove the stomach difficulty and the work is done.

Dyspeptics and pale, thin people are literally starved, because they don't digest their food. Consumption never develops in people of robust and normal digestion. Correct the wasting and loss of flesh, and we cure the disease. Do this with food.

The Shaker Digestive Cordial contains already digested food, and is a digester of food at the same time. Its effects are felt at once. Get a pamphlet of your druggist and learn about it.

Gentlemen—
The EMPIRE "5" purchased of your agent, Mr. B. J. Spaulding, of Cavendish, last April, has given entire satisfaction. It is light running and a very close skimmer. I took the first premium, \$10.00, in my class (5 lb boxes) at the Vermont Dairymen's Meeting at Montpelier last January; also a special of \$7.50 offered by the Worcester Salt Co.

Yours Respectfully

Got Hold of It.
A Wilkesburg family was discussing music yesterday when one member strove to recall the name of a certain composer, says the Pittsburg Chronicle-Telegraph.

"I can't remember it to save my life," she said, "although it is on my tongue's end. As near as I can come to his name it is 'Doorknob.'"
"Doorknob," repeated one of the others. "There is no composer whose name sounds anything like that. I'll go over a few names: Beethoven, Mendelssohn, Wagner, Haydn, Handel—"
"That's it," interrupted the forgetful one. "It's Handel. I knew it was something you seized with your hands."

WONDERFUL SALES.

\$10 Every Day Can Be Made by Agents.

To prove it, we give a few items from actual sales made within the last few weeks:
One agent sold 27 copies in two and a half days. Another sold 15 copies in two days, and another 30 in three days. One agent in Indiana sold 12 copies in two days. An agent in South Carolina sold 45 copies in three days. One agent in Georgia sold 25 in two days. An agent in Central Georgia sold 82 copies in ten days. When you consider the commission we allow agents, and the immense popularity of this wonderful book, and the ease with which it sells, there is nothing in which a live, pushing man can engage which will yield such profits. For instance: one agent made \$108.25 in ten days selling "Thunderbolts." Another made \$39.60 in three days; another \$9.25 in one day; another \$33 in two days; another \$56.75 in three days.
