A Brief Glimpse at Last Weeks
Happenings

Oretown

C. Christensen has returned from
Baker City where he has been been for
the past six months.

The work of blasting on the reef at
the bay is progressing slowly. The men
are having more difficulties in removing
the rock than it was at first anticipated.

Joe Myers and son went to Oregon
City last week.

Johnie Redburg was assaulted by a
vicious cow a few days ago. It got him
down and would have killed him if as-
sistance had not arrived when it did.

Campers are coming in slowly on ac-
count of the continued rainy weather.

J. B. Upton, who has resided at
Woodland in Portland, for the past three
years, was durned out last week.
Everything was lost. The fire was caused
by the explosion of a lamp, which
had been left burning by a roomer.

Maud Tpton was married June 30th to
a young man named Scott whose home
is near Woodlawn. They have gone to
California on a wedding trip.

Hebo

(Hiya' Bridge on Cedar creek.)

F. H. Cross returned from the valley
recently.

There is an abundance of berries of all
kinds in the mountains this summer.

There is some talk of having a vacation
in the school at this place, until after
hop picking.

The rain of a few days ago was rather
unwelcome on account of so much hay
being down.

Sand Lake

Mr. Carry who jumped Mr. McGee's
claim and succeeded in getting part of it
is in turn having trouble with it. A
party from McMinnville having filed a
claim against it. Mr. Carry has made no
pretense of living up to the Homestead law.

Mrs. Lula Crenshaw and Miss Maud
Hadley, of Tillamook, have been visiting
at W. C. King's.

Mrs. H. G. Stanley has filed a contest
against the claim of Dan Atkinson on
his old home. They are both trying to
occupy the house, attend the ranch, do
the haying, etc., in consequence there is
occasionally a stormy scene.

Every body is trying to do their hay-
ing, all have more or less damaged hay
on account of the rain.

Miss Nelson has been retained another
month as teacher in our school. She has
given good satisfaction.

Blackberries are plentiful, and the peo-
ple are not neglecting them.

Mrs. T. H. Harris has been on the sick
list, but is on the mend now.

Bay City

Gus Nelson and W. S. Cone has been
prospecting for mineral this past week.

Mr. Tillman, of Portland, was among
passengers on last trip of Str. Harrison.
He is visiting Mr. Provost.

Miss Maud Sturgeon has been visiting
her Bay City friends this week.

Mrs. Kramer, who has been spending
a few weeks with her sisters returned
last eve.

Dr. Gue favored Bay City with a ser-
mon on his way home from Nehalem.

Miss Arvilla Sorgent is visiting at Mrs.
Hobson's.

Rev. Potter assisted with the services
at Tillamook last Sunday.

The Nehalem base ball team expect to
play our home team next Saturday if the
weather is favorable.

A number of the members of Tilla-
mook lodge I. O. O. F. visited Pacific
Lodge Saturday evening.

Woods

(FROM THE OCEAN WAVE)

Mr. W. E. Covert left last Sunday for
his home at Dayton.

Mr. and Mrs. John Lucy left last
week for Roseburg. They will go into
the hotel business at that place.

Mr. Easterhand, one of the govern-
ment contractors at the bay, left last
Thursday for the Umpqua where the
firm has a contract to move a gravel bar
in that stream. The work is about 20
miles up the river and will begin about
July 15th. They have been doing some
heavy blasting on the reef at this place,
which is nearly all cracked into small
pieces. All that is necessary now is to
remove the rock, which will require
several weeks yet.

Tailhold Camp

Suspicion hangs over this camp. A
yearling variegated steer has disap-
peared. The cook is suspected of having
poisoned the beef, the boys are wearing
neckties that look suspiciously like the
skin of the critter and the bull puncher
wears a watchguard that looks like its
tail. No arrests yet.

Billy High has cut all his hay. He
intends making most of it up into kroust.

Tailhold camp has pre-empted a claim
containing 80 head of dead sea lions.
Does anybody want them? They can
be had for a song. They rank high in
the animal creation.

John Coalstint was arrested in this
camp yesterday for stealing some socks
belonging to Bangup Bill. The socks
were trailed to Bangup's camp by their
mellifluous odors and Bangup was ar-
rested. The State was represented by
Billy Hamilton Esq. and the defendant
by Ex-Governor Bowers, Esq. Judge
Barton found the defendant guilty in
the third degree and gave him the full
extent of the law.

Day before yesterday Billy Hamilt on
had a dog. It was of the female per-
suasion. Next day he had 18 more dogs
of all kinds of persuasions. Billy desires
to exchange the mother dog and her
children for real estate.

Bill Wagontongue.

Nehalem

(From the Nehalem Times.)

Joseph Satin, an aged Nehalem Indian
died Friday and was buried Sunday.

G. B. Lamb returned Saturday from
a visit to his parents, in Tillamook. He
opened school here again Monday.

D. Cronen left Tuesday morning for a
short trip to Portland. He took the foot
and walker line to Seaside.

Mr. Vedder has rented G. W. Gleason's
house in this city; and last Tues-
day moved his family from Foley here.
Mr. Vedder is working for R. Krebs.

Matt Morrison, who has been working
in Earlton's logging camp at Mist, came
home this week to make hay and will
return in a short time.

C. H. Wheeler, who has been in San
Francisco for several weeks on business
connected with Himple & Wheeler's
mill, returned Sunday on the tug Mag-
gie.

Another serious accident occurred at
Himple & Wheeler's mill Wednesday in
which Fred Pye was severely scalded on
his arms and body. He was firing the
boilers when one of the feed pipes
burst. The force of the shock threw
him down and scalded him badly with
hot water and steam. Dr. Linton was
called in to dress his injuries, and at this
writing he is getting along as well as
can be expected under the circumstances.

A verdant youth dropped into a Jew-
eler's and after gazing at some fraternity
pins in the show case, said to the proprie-
tor:

"Them's mighty nice breastpins you
got thar, mister."

"What kind of a pin would you like to
look at?"

"How much is this one with a pair o'
compasses and a square?" pointing to a
Masonic pin.

"Five dollars."

"Five dollars, eh! You havn't got one
with any hand saw on it, have you? I'm
just outter my time, and as I'm goin' to
set up as carpenter and joiner, I thought
I'd like to have somethin' to wear so folks
would know what I was doin'." Well,
I'll take it, though I'd like one with a
hand saw, but I guess melbe that's plain
enough. The compasses is to make out
your work, and the square is to measure
it when marked out, and any darned
fool knows that G stands for gimlet.—Ex.

GENERAL NEWS.

GLEANED FROM ALL OVER THE WORLD
Conveyed in Short and Pithy
Paragraphs.

WASHINGTON, July 15.—The an-
nual statement of imports and exports of
the United States, issued by the bureau
of statistics, makes the remarkable
showing that never before in the
history of the country have the exports
of merchandise, which includes practi-
cally all the exports except gold and
silver, reached so high a figure as during
the fiscal year ending June 30, 1897, nor
has the excess of exports over imports
ever been so large. The only time
these figures were approached was in
1892, when the United States was making
heavy shipments of grain to Europe, to
feed the people suffering from deficient
harvests.

TROMSOE, Island of Tromsoe, Fin-
mark, Norway, July 16.—The steamer
Svenskund, from Spitsbergen, reports
that Herr Andree, the aeronaut, ascended
in his balloon on Sunday afternoon
at 2:30. The ascent was made under
favorable circumstances.

The weather was clear, and the Eagle
was visible for an hour, traveling in a
north-easterly direction. When last
seen it was moving at the rate of 22
miles an hour.

CONSTANTINOPLE, July 16.—Tew-
fik Pasha, the foreign minister informed
the ambassadors that the sultan had
agreed on the principal demands of the
powers, and was prepared to accept their
views on the peace conditions.

NEW YORK, July 16.—R. G. Dun &
Co.'s weekly review will say:

Excepting the coal strike, which may
terminate at any time, there is scarcely a
feature of the business outlook which is
not encouraging, the season considered.
Crop prospects have been improved by
needed rains in some regions, and foreign
advices continue to promise a large de-
mand. In many home industries, par-
ticularly in building, there is more ac-
tivity than any year since 1892, and the
week has brought a better demand in
boots and shoes and in wooleens, while
the movement of freight, mainly iron
ore, through the Sault Ste. Marie canal,
is the largest in its history. With money
markets uncloudy, there is nothing in
sight to hinder rapid improvement when
uncertainty about legislation has been
removed, as the miners' strike could
not last long if business and industries
should become active.

NEW YORK, July 16.—A dispatch to
the Herald from Washington says:

The administration has practically ig-
nored the latest protest submitted by
Japan in opposition to the annexation of
Hawaii by the United States. It is
understood that the state department has
determined to make no reply beyond a
simple acknowledgement of its receipt.
It is admitted by state department offi-
cials that the protest is very slight in its
character.

WASHINGTON, July 14.—Maximo
Gomez has changed radically his plan of
campaign. A letter from him was re-
ceived in Washington today. Heretofore
the commander of the army of liberation
has waged a waiting war, but for reasons
which seem good to him, the leader of
the insurgents has now adopted an en-
tirely different policy.

"It must be settled quickly," General
Gomez says, speaking of the war. He
tells that it is his purpose to force a cri-
sis as speedily as possible. To this end
he has left the scene of his long delay
near La Reforma, on the eastern edge of
Santa Clara province, made his way
across Santa Clara and Matanzas prov-
inces, and is now within Havana prov-
ince. He intimates that he regards
some quick, hard blows in the vicinity
of Havana as vital to the cause, and that
he will direct them in person.

WASHINGTON, July 14.—John F.
Caples, the well known attorney of this
city, a prominent politician and one of
the republican presidential electors of
Oregon, who cast the vote of the State
for McKinley and Hobart, was yester-
day appointed as United States consul
at Valparaiso, Chile, by the president.

Washington, July 18.—The indica-
tions tonight are that the tariff bill, as
agreed to by the republican conferees
yesterday, probably will have passed
both houses of congress and be a law at
the end of the present week. Delays
and complications, now unanticipated,
might somewhat prolong the final strug-
gle. The republican conferees have been
working hard all day consulting and ar-
ranging the details of the report which
they now believe they will be able to
submit to their democratic colleagues
tomorrow morning.
