

HEADLIGHT X-RAYS

Mrs. Steinliber is visiting Mrs. Finlayson on the bay.

Miss Beatta Robinson of Portland is the guest of Mrs. L. H. Brown.

Artist Reynolds of the Elite Fotograf parlors has laid in an unusually fine stock of picture frames.

The Misses E. M. Pierce and M. E. Landess of Portland were visiting with friends here in the early part of the week.

Attorney E. E. Selph returned on Sunday from a business trip to Portland and other points in the Willamette Valley.

Rev. Mr. Corner will preach at the M. E. Church in this City Sunday Morning at 11 o'clock and at Pleasant Valley School house at 2:30 in the afternoon.

Miss Nellie Basey who has been quite ill is again on the road to recovery. She had quite a serious relapse at the time of the death of her cousin Lee Stephens.

Annie and Dasie Stephens and James Stephens all of Salem, nieces and nephew of J. S. Stephens are visiting with the latter. During the present week they are camping at Woods.

Silas Merton brought into our sanctum last week an eddy in the shape of a double dahlia, one grown out of the back of the other. The flower had a doublestem and was very beautiful.

The Klondyke ball given at the Opera House Saturday night was attended by about eighteen couples but it didn't "pan out" quite as well financially as the mines of the same name.

The Circuit Court Docket will be given in full next week. It will not be complete until that time and to give it before would be largely guess work.

Messrs Campbell and Simler not only take the cake but the whole bakery as successful fishermen. The finest string of fish ever in town this season fell victims to the wily angling of these skillful disciples of Isaac Walton, last Tuesday morning.

The price of the Headlight for the present month is retained at 75c. per annum. At the end of the month it will be restored to former figures. Most of those in arrears have already paid up and renewed. The period of low rates positively will not be extended further.

Don't forget that at Page's second hand store you can buy many articles, in fact a majority of the articles needed in daily life for much less than half of what they would cost elsewhere. No use of paying high prices for articles when you can just as well get them cheap.

The officers installed in No. 52 Morning Star Rebekah lodge last week are as follows:

Mrs. C. M. Newman, Noble Grand; Mrs. Ella Pierce, Vice Grand; Mrs. Petre, Chaplain; Mrs. Roberts, warden; Mrs. Mary Brant, Conductor; Mrs. Sophia Severance, Financial Secretary; Carl Knudson, Recording Secretary; N. P. Roberts, Guardian.

Many persons who own boats and whom business or pleasure calls down the bay are complaining of the obstructions to navigation heedlessly and carelessly left in the slough by some of the raftsmen. One gentleman who with his family went down the bay in the evening and who started home at about ten o'clock encountered a set of floating booms which had been fastened only at one end and drifted across the stream, and was compelled to wait till two o'clock in the morning before the tide released the booms and allowed him to pass. If the raftmen want other people to respect their property they should learn to respect other people's rights.

Mrs. Yerck and Miss L. V. Hendrix were Tillamook visitors Wednesday.

Wanted—by a young woman a place to do general housework. Inquire at this office.

Dr. Wise left for Nehalem Sunday Morning where he will attend to business in his line and incidentally enjoy a little of the fine fishing for which that region is so famous.

If you want anything in the line of wall paper don't forget that Nels Thompson keeps an excellent supply on hand and that he sells it at prices as low as the lowest.

Cohn and Co. have on exhibition at their store a 10 pound turnip of the variety used for the table. The turnip was grown by J. S. Diehl.

George Day has on exhibition at Peterson's barber shop the office towel won from the Nehalem Times at last week's game of base ball. It is a tolerably fair looking towel but seems to lack stiffness and back bone. Our towel has been able to stand alone for a long time and seems to be growing stronger and stronger all the time.

Great inconvenience was experienced last week by a number of persons who desired to travel back and forth between Tillamook and Garibaldi, and intermediate points. The Irene was out of gasoline and the Maria was dismantled. There was absolutely no way of going, save by private conveyance. A certain means of transportation is greatly needed.

The affairs of the Williams Drug Co. have not yet been settled and the store still remains closed. The HEADLIGHT did not mention the matter last week as it does not care to unnecessarily herald abroad the misfortunes of others. The many friends of Mr. Williams sincerely hope that he may soon extricate himself from his financial difficulties and resume business.

Al Letcher and wife returned on Tuesday from a three weeks visit to California. They visited Colusa, Sacramento and other points and fried and frizzled in the torrid heat to their hearts content. They were glad to get back to the cool and pleasant atmosphere of Tillamook. Aside from the discomforts of the heat they had a very pleasant visit.

Cohn and Co. have on exhibition samples of flax grown in this county by N. P. Hansen from seed sent in for that purpose by Ford and Stokes, who were acting for a firm in Lisbon, Ireland. The flax grown by Mr. Hansen is about 3 feet high and appears to be of excellent fibre. The quantity grown to the acre was enormous. Other samples are desired from those who obtained seed.

County clerk, J. D. Edwards; County Treasurer, John Larker, and County Judge W. W. Conder are out in the Nestucca Country on a deer hunt. It is expected that venison will sell at 10c. per hundred pounds when they return. It is not thought that deer will make any effort to resist the official trio but that when the fat, bucks see them come they will simply come out of the brush, lay down their heads and have their throats cut, knowing full well the uselessness of resistance.

An accident occurred on Sunday, on the slough near Tillamook, whereby D. N. Cronin of Nehalem came near being drowned. Joe Richardson had Cronin aboard as a passenger and as the latter had forgotten some article Richardson got out of the boat near the Trask River Ditch and walked back to town after it. During his absence Cronin contrived to upset the boat and fall into the water where he would have drowned but for the timely arrival of Dick Thompson who pulled him out. Too much whiskey was said to be the cause.

Amongst those now certain to go to Klondyke from Tillamook are, Sheriff J. H. Jackson, his brother Jas. M. Jackson, Johnnie Herrington and Louis Olsen. The party expects to leave in about a week. Arrangements have been made for a regular letter for the HEADLIGHT from that famous region after the party gets there.

C. E. Reynolds and family spent the early part of the week, camping on the Barnegat beach. Charley enjoys sitting by the "sad sea waves and meditating over things human and divine," and pronounces the Pacific ocean, especially, the biggest thing of the kind he ever saw.

LITERARY NOTES

With five delightful stories in the August Cosmopolitan, one might judge that it was intended solely for light reading in mid-summer; but a second glance shows that it contains as well much of serious interest. The second paper by the special commissioner sent by the Cosmopolitan to India tells a tale, the like of which has never before appeared in any periodical. We have in histories second-hand accounts of great famines, but they lack that startling distinctness which comes from beholding at first hand the sights described. Twenty millions of people slowly starving to death, many of them in sight of the railways! No American can form any idea of the state of affairs now existing in India. Mr. Hawthorne has gone into the interior and stood amongst the dead and dying. It is the first time that we had an American investigation of the condition of affairs now existing in India. The report will open the eyes of not only the civilized world, but of the English Parliament and the Queen herself to the necessity of extraordinary exertion in behalf of these unfortunate millions.

President Dwight, of Yale furnishes this month's consideration of the Question, "Does Modern College Education Educate in the Broadest and Most Liberal Sense of the Term?"

A charmingly illustrated and charmingly written article on "Japan's Stage and Greatest Actor," by Robert P. Porter; the second part of Le Gallienne's "New Rendering of the Rubaiyat;" a sketch of that wonderful crusader Godfrey de Bouillon, and a new poem by Bret Harie are also part of the contents of this August Cosmopolitan.

Corrected Baseball Score.

Owing to some blunders that occurred last week in the publication of the score of the baseball game between Nehalem and Tillamook teams we publish below the corrected score. It stood as follows:

Table with columns for NEHALEM and TILLAMOOK, listing players and their statistics (Posit, at base, ru, total, put, ass, ion, bat, hits, in, bases, outs, etc.).

SCORE BY INNINGS

"Let me give you a pointer," said M. F. Gregg, a popular conductor on the Missouri Pacific railroad. "Do you know that Chamberlain's Colic, Cholera and Diarrhoea Remedy cures you when you have the stomach ache? Well, it does." And after giving this friendly advice, the jolly conductor passed on down the aisle. It is a fact that thousands of railroad and traveling men never take a trip without a bottle of this remedy, which is the best cure for bowel disorders in the world. 25 and 50 cent bottles for sale by S. J. Sturgeon.

There will be a regular Masonic communication of Tillamook Lodge No. 57, A. F. & A. M. in the Masonic hall on Saturday evening, Aug. 7th. All Master Masons in good standing are invited to attend. By order of W. M. F. R. M. BEALS, Sec'y.

The Mount Lebanon Shakers recently performed a great deed of charity, although it was not designed as a charity, being nothing more or less than an advertising scheme. It however resulted in great good just the same. They gave away 1,000 bottles of their Digestive Cordial to those suffering from derangement of the stomach.

It was so effective in curing those who used the remedy that they were loud in their praises of it and in consequence a large demand for the Cordial was at once created. The druggists of this town have little books that tell all about it. Digestive Cordial creates an appetite, aids digestion and brings about a rapid increase in flesh and strength.

Laxol is the name of a palatable Castor Oil. Just the thing for children.

Dental Notice.

I wish to give notice to my patrons that I will be at my Tillamook office until Aug. 1st, and from Aug. 1st to Aug. 20th at my Nehalem office. From Aug. 20th, here again to remain as long as I am kept busy. From this date on I am going to adopt a strictly cash basis in my practice. I will give extra inducements in the way of prices for work to induce people to settle up at once either by cash, orders, produce or any thing that I can use to pay my bills. Those knowing themselves indebted to me will please call and settle as I need money, and to close all accounts.

Yours ruly W. A. Wise.

NOTICE—I now have a perfectly painless and harmless method for filling and extracting teeth. I have been experimenting some time with it and do not hesitate to offer it in my practice. When you need dental work remember that I keep up with the times and warrant my work for five years. My charges are within the reach of all. It will pay you to see me about your dental work.
