

# OFF FOR KLONDIKE!

Tillamookers Leave for the Gold Fields—Others Will Follow Soon

Many more [including ourselves] have the fever very bad, but as we have no one to stake us, we will stay and fit out those who can't go with the very best line of,

## Clothing, Hats, Shoes and Furnishing Goods.

We carry all kinds of goods suitable for wear, for either Miners, Fishermen or Sawmill Men including,

Heavy Wool Underwear, Overshirts, Sweaters, Rubber Boots, Oil Clothing, Heavy Shoes, Wool Socks and Wool Blankets.

And what is of more interest to you, we sell them at lower prices than you can buy them any other place in the county. Don't take our word for it but come and see for yourselves.

In addition to this we still keep in the lead furnishing all lines of dress clothing, Hats, Shoes and Furnishing Goods.

**KAY & TODD,**  
Clothiers and Furnishers  
Alderman Building Tillamook, Oregon.

### Our Exports and Imports

A. J. Cohn, of the firm of Cohn & Co., was some time since requested by J. G. Holcombe, U. S. Civil Engineer, to make out a report through him to the government of the exports and imports of this county. Mr. Cohn is doubtless as well qualified as any of our citizens, being himself a member of one of the largest shipping firms in the county, and thoroughly conversant with the country's business; following is the report;

Tillamook, Ore., Sept. 8 1897.  
Mr. Jos. G. Holcombe  
U. S. Hydraulic Engineer

Dear Sir:—  
At your request I make the following report of the shipping in and out of our harbor for the fiscal year ending July 31st, 1897, also of the enterprises which have started during this year.

The Pacific Lumber Co., a new concern which has just started, has not shipped any lumber yet, although they have large orders ahead and will ship about 3,000,000, to 4,000,000 feet the coming year. The lumber will be shipped on vessels which have never been engaged in business on this bay, and are owned by a company new to this part of the coast, and a great deal of success lies in the depths of water etc. in our harbor.

The Galvanized Wire Pipe Co. also a new concern, have shipped out three cargoes of their pipe during the last year. This has been shipped on small schooners and they expect to continue and ship on large schooners providing suitable means are made in our bay for the handling of such schooners.

The Truckee Lumber Co., located at Hobsonville, on Tillamook bay, have sent me the following report; "There has been 29 steamers crossed out of our bay during the last year, carrying an average cargo of 385,000 feet of lumber, making in all 10,015,000. During the same time there has been 25,000 box shoes shipped. The exports have been about 200 tons of farm produce and the imports about 820 tons." They have just added to their already large plant a new box factory with a capacity of about 35-000 boxes per day. They are at present shipping on steamers and hope soon to be able to ship on large schooners.

Our regular line of steamers for Tillamook are owned by Elmore, Sanborn & Co., who give us an average of one steamer per week and carry about 100 tons, which would make the imports to our city about 5200 per year. Exports 20 tons per week or 1040 tons per year. All our people here are plaining a great deal about the slough, which empties into the bay from our city. They claim that the per- assistance should be given by the govern-

ment to secure a snag boat, or some other means to clean our slough out to the bay. They say that the work done during the last year has been very good as far as it went, and sincerely hope that the government will give us further aid at once.

Our cannery, located on the bay, imported during the last year about 200 tons of freight and shipped out about 25,000 cases of salmon.

We have other undeveloped industries such as coal mines etc., that would be properly developed if our harbor would justify it.

The Tillamook Lumbering Co. of this city, have a mill capacity of about 3,000 a day, and find it impossible to ship on account of the bad condition of our slough and irregularities in our channel. We wish to place special stress on our slough on account of our town being located at the head and unless some improvements are made very soon our town will be injured to a great extent.

All of our cattle, amounting to about 100 head per month, must be driven from here to Astoria, making it a very hazardous trip; climbing mountains and crossing rivers, means more or less a loss to each drove. This could be easily overcome if our slough would admit the right size schooners, which, of course you understand could be had by a little improvement.

The work done under your supervision during the last year, we think, has been a success in every way, and we trust that the government may heed your request during the next year.

Yours Most Respectfully,  
A. J. Cohn

As the result of the development of our public school system and the cheapening of books, there has grown up a large class of men and women who seek broader education, or desire to extend their knowledge along special lines. Their duties in life, or lack of means, exclude them from the universities. The Cosmopolitan magazine has undertaken the task of bringing liberal education, in its broadest sense, within the reach of those who have the aspiration, but are deprived of the opportunity. Doctor Andrews, late of Brown University, has undertaken the Presidency of The Cosmopolitan's educational movement. The work, thus begun, is not intended to take the place of regular university work, but to supply a gap in existing educational facilities. Those who are really in search of knowledge will find direction and aid. It can do nothing for those who have not the desire to study. An intending student sends to The Cosmopolitan, New York, his name, occupation, previous courses

of study, studies desired to be pursued, objects and purpose for which course is designed, and number of hours, daily or weekly, study which can be given. No charges of any kind will be made to students.

In Europe, Asia, Africa, Australia and America, the five great continents, Shaker medicines are being used by suffering humanity for the cure of sickness and disease.

Never was there such a universal demand never such wonderful results. Shaker Digestive Cordial, a cure for indigestion, is prepared from herbs and roots, and is a natural remedy, which cures by aiding nature and not by fighting her.

Shaker Digestive Cordial makes those fat, who have become thin by not digesting their food.

It restores the spirits and the appetite of those who are dejected and fagged out from the wearing effects of indigestion. It relieves the symptoms of dyspepsia, and, after using for a reasonable time, finally cures the complaint.

Sold by druggists. Trial bottle 10 cts.

### THE WONDERS OF SCIENCE

Lung Troubles and Consumption Can be Cured.

An Eminent New York Chemist and Scientist Makes a Free Offer to our Readers

The distinguished New York chemist, A. T. Slocum, demonstrating his discovery of a reliable and absolute cure for Consumption (Pulmonary Tuberculosis) and all bronchial, throat and chest diseases, stubborn coughs, lung and chest affections, general decline and weakness, loss of flesh, and all conditions of wasting away, will send THREE FREE BOTTLES (all different) of his discoveries to any afflicted reader of the HEADLIGHT writing for them.

His "New Scientific Treatment" has cured thousands permanently by its timely use, and is available in any climate. It is proven by "heartfelt letters of gratitude," filed in his American and European laboratories in thousands from those cured in all parts of the world.

Medical experts concede that bronchial and lung troubles lead to consumption, which, uninterrupted, means speedy and certain death. Simply write to T. A. Slocum, M. D.; 98 Pine street, New York, giving post-office and express address, and the free medicine will be promptly sent. Sufferers should take instant advantage of his generous proposition. Please tell the Doctor that you saw his offer in the Headlight.

### Consumption AND ITS CURE

TO THE EDITOR:—I have an absolute remedy for Consumption. By its timely use thousands of hopeless cases have been already permanently cured. So proof-positive am I of its power that I consider it my duty to send two bottles free to those of your readers who have Consumption, Throat, Bronchial or Lung Trouble, if they will write me their express and postoffice address. Sincerely,  
T. A. SLOCUM, M. D., 183 Pearl St., New York. See The Editorial and Business Management of this Paper Guarantee this Generous Proposition.

Who can think of some simple thing to patent? Invent your ideas they may bring you wealth. Write JOHN WELDERBURN & CO., Patent Attorneys, Washington, D. C., 183 Pearl St., New York, and list of two hundred inventions wanted.

"My boy came home from school on day with his hand badly lacerated and bleeding, and suffering great pain," says Mr. E. J. Schall, with Meyer Bros. Drug Co., St. Louis, Mo. "I dressed the wound, and applied Chamberlain's Pain Balm freely. All pain ceased, and in a remarkably short time it healed without leaving a scar. For wounds, sprains, swellings and rheumatism I know of no medicine equal to it. I consider it a household necessity." The 25 and 50 ct. sizes for sale by S. J. Sturgeon.
