What makes poor Bryan wipe his eye. And beat his breast and frequent sigh. And tell his folks he'd like to die? 'Tis wheat, 'Tis silver.

What makes his party friends declare Their cause is smashed beyond repair? What makes them so profusely swear? 'Tis wheat, 'Tis silver.

What makes "the-tolling masses" all Poor William J. a humbug call, Who tried to bunco them last fall? 'Tis wheat, 'Tis silver.

Has he not preached from day to day. That wheat and silver, come what may, Like Siamese twins together stay? He has, He has.

Whose price goes up while farmers say, "Lo, things at last have come our way, Three cheers for us—hooray, hooray?" Wheat's price—Not silver's.

Who e'ree, in spite Bryan's frown, Goes down and down and down and down, And down and down and down? Silver's price—Not wheat's.

LIVE A MIRACLE

How a Locomotor Ataxia Sufferer Was Cured.

From the Evening News, Detroit, Mich. James Crockett, a sturdy old Scotchman, living in Detroit, Mich., at 88 Montclair Street, was asked about his wonderful cure. "First," he said, "I must tell you something of my life before my almost fatal sickness. I was born in Scotland in 1822, and came to this country in 1848. I am a marine engineer by trade. In 1872 I was in the employ of the Detroit and Cleveland Navigation Co., and for fifteen years I was chief engineer on one of their big passenger steamers. My first boat was the R. N. Rice, which was wrecked at the docks. Then I was transferred to the Rubie, which was chartered to make the run between Detroit and Cleveland.

"I brought out the new steamer 'The City of the Straits' and for years acted as her chief engineer. It is a great responsibility, the position of chief engineer on those big passenger keelings. Thousands of lives are held in the keeping of the engineer. The anxiety causes a great nervous strain, and the strictest attention is necessary. Not for a moment must he lose his watchfulness.

For fifteen years I carefully watched the big engines and boilers without a single accident, and only noticed that I was getting nervous. Suddenly without warning I was taken sick, and in less than a week I was prostrated. I had the best of physicians, I grew gradually worse, and at the council of doctors, they said I had nervous prostration, and had destroyed my whole nervous system and would never be able to be up again. They said I had worn myself out by the long nervous strain caused by watching and worrying about the machinery. For three long years I was unable to move from my bed without assistance. The doctor said I had locomotor ataxia, and would never be able to walk again.

"The pains and suffering I experienced during those years are almost indescribable. Wanted 20 cords of wood cut at the Court House, 4 1/2 wood cut twice and stacked in wood shed. File bids for same with County Clerk on or before the 1st day of Oct. 1897. W. W. Conder Co. Judge

First Class County Paper

Headlight

The Headlight is the oldest paper published in the county, and has done more to advertise the county and call attention to all its various resources and interest capital in its development than all other newspapers combined. It has never failed to do all in its power for the good of the county. In return for this the people of the county have bestowed upon it a most generous patronage. The Headlight has today

Double the Sworn Circulation

Of any other newspaper in the county. And all this in spite of the fact that other papers have been given away for nothing in order to lessen the Headlight's circulation. The Headlight does not need to beg people to take it or plead for a chance to enter their homes as a special favor as a premium given for something else. It is a legitimate newspaper, and it

Stands on its Own Merit

J. R. K. and expressly waived the filing of such list or certificate, the court hereon it is hereby ordered that the Tillamook Headlight be and it is hereby so designated as the newspaper published in this county and wherein shall be published the proceedings of the court as required by the provisions of an act of the Legislature of the State of Oregon, approved Feb. 23, 1897."
