The publishers of the HEADLIGHT have satisfied themselves that the people of Tillamook county do not want the brief rehash of general news that appears on "patent outside newspapers" and the resume of news that we have been able to give in the HEADLIGHT is not what is wanted. In order to meet the wants of our subscribers we have made arrangements with the two leading family newspapers of the United States, the N. Y. Tribune and the Toledo Blade, whereby we are enabled to furnish either of those papers with the HEADLIGHT until Jan. 1st at an additional cost of only 25 cents. At the same time we have concluded to reduce the price of the HEADLIGHT until January 1st to one dollar per annum. You can therefore get the HEADLIGHT and the Blade or the N. Y. Tribune for only \$1.25 This will give you all the news of the entire world, and the best local paper for less than you have heretofore paid for the price of one. The HEADLIGHT will hereafter be entirely devoted to local news, and we will be able to give it at greater length and more of it than heretofore.
