The warehouse, at Garabaldi was unroofed by the storm and the roof carried to the hotel near by, where it smashed things up generally, badly frightening some of the inmates.

The storm of last Thursday was the severest known in this section for many years. All over the county great trees that had withstood the blast of a century were uprooted or broken off, fences and sheds blown down and roads rendered impassable, there was, however, no loss of lives and comparatively little damage to property.

The Knights of the Macabees will celebrate the holidays by a grand Masquerade Ball to be given under their auspices, at the Tillamook Opera House, Christmas eve next. From the reputation this city has already earned for giving first class entertainments, we predict that this will, not only be the event of the season, but the greatest occasion of the kind in the history of our county.

Duck shooting has been rather poor for the last few days, nearly all the hunters get a few ducks but none thus far have reported any extraordinary shoots.

Quite a number of arrests were made last week of cannery and salters of salmon for violating the fish law inflicting after the first of November. The men arrested all plead guilty and were fined \$10 and the costs of suit. A number of other complaints were entered but for certain reasons not given, they were withdrawn. There is no doubt that the law should be change making the closing season begin no earlier than Nov 15th or Dec. 1st. To strictly enforce the law as it is at present would be to close every cannery in the county and every salt house, as the fish come into the bay so late as to make it impossible to do much before Nov. 1st.

Abe Cohn, the popular junior member of the firm of Cohn & Co., left for Portland on Thursday of last week, and will probably remain there for the greater part of the time hereafter. Mr. Cohn has been here a long time, and his friends are many. Tillamook will not seem herself with Abe's genial smile missing, but we trust he may profit by the change to a larger sphere of action, and that a generous measure of success may attend him in his new home.

FOUND DEAD.

Last Saturday as Dick Sales, the mail carrier on the route between Hobsonville and Nehalem, was passing along the road, near Lou Parish's place, he was startled to find the dead body of a man lying in the road. Mr. Sales did not stop to examine the body but rode back to Mr. Parish's and reported what he had found, and from his description of the man Mr. Parish had no doubt that the dead man was his brother, James M. Parish, who had been stopping with him for a week having come to his place, from Portland where he had been in the hospital undergoing treatment for chronic rheumatism. Mr. Parish secured help, and removed the body to his residence after which Coroner Reynolds was notified. Mr. Reynolds went up in the afternoon and held an inquest, the following gentlemen acting as juryman: M. H. Ripley, L. L. Smith, J. H. Mills, A. Peterson, Fred Kappoo and L. M. Beggs. The jury returned a verdict of "death from natural causes."

On account of the road being obstructed by fallen trees, the body had to be carried 5 miles to Garabaldi, whence it was brought here on Monday for in-

terment. The funeral took place under the auspices of the L. O. O. F. and the G. A. R. of both of which organizations deceased was a member.

The Liar's club did not have the usual meeting on Monday night. The president got religion and the Secretary got the epizootic.

A caucus of the voters of Tillamook will be held at the city hall on Saturday evening Nov. 27th for the purpose of nominating officers for the coming year.

Mr. Nolan's Reply.

Editor HEADLIGHT:
In answer to the letter, signed "A Citizen" and published in the HEADLIGHT. I desire to say that I am not a policeman, around, looking after those who break the law, although I am supposed to be, and that it is my duty to prosecute all who violate the law. As to illegal fishing in the bay in this bay, I was doing what I thought best for the county. I was only intending to prosecute the men who were packing and salting fish, and not the boys who were catching them, as the packers are the ones who make the money. Now, since I have undertaken to enforce the law that far, I meet with all kinds of obstacles. Some say, "it will cost the county too much," while others say, "it is a shame to arrest any of these poor men." After a few of the packers were arrested, about twenty complaints were sworn out by the fishermen, against other fishermen, but were withheld and now are issued. And, now, some of the taxpayers are criticizing me for not going on and prosecuting all who have violated the law.

It is my belief that every man who violates any of our laws should be prosecuted, for the laws are of no use to us unless they are obeyed. I am willing to prosecute any one who has violated them if the parties who know of such violations will come and inform me.
G. O. Nolan.
