

Stopped His Paper.

A story is told of Horace Greely that an acquaintance got offended at one of his articles in the Tribune, went to the office and stopped his subscription. Later in the day he met Mr. Greely and said: "I've stopped your paper." "There must be some mistake," replied Horace, "for I just came from the office, and when I left the presses were running as usual, the clerks were as busy as ever, the compositors were hard at work, and the business was going on the same as yesterday and the day before."

"Oh!" said the old subscriber, "I didn't mean that I had stopped the paper, I stopped only my copy of it because I didn't like one of your editorials."

"Pshaw!" retorted Greely: "if you expect to control the utterance of the Tribune by the purchase of one copy a day, or if you think to find any newspaper worth reading which will never express convictions at right angles with your own, you are doomed to disappointment."

THE WONDERS OF SCIENCE

Lung Troubles and Consumption Can be Cured.

An Eminent New York Chemist and scientist Makes a Free Offer to our Readers

The distinguished New York chemist, A. T. Slocum, demonstrating his discovery of a reliable and absolute cure for Consumption (Pulmonary Tuberculosis) and all bronchial, throat and chest affections, general decline and weakness, loss of flesh, and all conditions of wasting away, will send THREE FREE BOTTLES (all different) of his discoveries to any afflicted reader of the HEADLIGHT writing for them.

His "New Scientific Treatment" has cured thousands permanently by its timely use, and he would like to see it a simple professional duty to suffering humanity to donate a trial of his infallible cure.

Science daily develops new wonders, and the great chemist, patiently experimenting for years, has produced results as beneficial to humanity as can be claimed by any modern genius. He says that lung troubles and consumption are curable in any climate, as proven by "heartfelt letters of gratitude," filed in his American and European laboratories by "hundreds from those cured in all parts of the world."

Medical experts concede that bronchial, cold and lung troubles lead to consumption, which, uninterrupted, means speedy and certain death.

Simply write to T. A. Slocum, M. D.; 95 Pine street, New York, giving post-office and express address, and the free medicine will be promptly sent. Sufferers should take instant advantage of his generous proposition.

Please tell the Doctor that you saw his offer in the Headlight

At this time of the year a cold is very easily contracted, and if left to run its course without the aid of some reliable cough medicine is liable to result in that dread disease, pneumonia. We know of no better remedy to cure a cough or cold than Chamberlain's Cough Remedy. We have used it quite extensively and it has given entire satisfaction.—Olagah, Ind. Ter. Chief.

This is the only remedy that is known to be a certain preventive of pneumonia. Among the many thousands who have used it for colds and grippe, we have never yet learned of a single case having resulted in pneumonia. Persons who have weak lungs or have reasons to fear an attack of pneumonia, should keep the remedy at hand. The 25 and 50 cent size for sale by S. J. Sturgeon.
