After meals you should have simply a feeling of comfort and satisfaction. You should not feel any special indication that digestion is going on. If you do, you have indigestion, which means not digestion. This may be the beginning of so many dangerous diseases, that it is best to take it in hand at once and treat it with Shakers Digestive Cordial. For you know that indigestion makes poison, which causes pain and sickness. And that Shakers Digestive Cordial helps digest materials in which the sick stomach is wanting. It also tones up and strengthens the digestive organs and makes them perfectly healthy. This is the rationale of its method of cure, as the doctors would say. Sold by druggists, price 10 cents to \$1.00 per bottle.

Money to loan. Inquire of Theo. Steinhilber.
