War With Spain.

There is no denying the fact that war between the United States and Spain may come any day. The chances are 99 to 1 that the court of inquiry now investigating the Maine disaster, will find that the vessel was destroyed by a Spanish torpedo or a submarine mine.

How do Senator Teller and his free-silver associates who have been demanding that the bonds of the United States shall be declared payable in silver justify their course in the light of the fact that the Mexican government, whose financial methods they profess to so much admire, is just arranging for a new issue of bonds payable in gold and silver?

As many of our readers are deeply interested in the improvement of Nehalem Bay, the official report of Captain Fisk against the proposed improvement, will no doubt interest them. We give it here in full as contained in the Oregonian of Feb. 24th.

Many of the intelligent men who two years ago espoused warmly the cause of free coinage at 16 to 1 are now admitting frankly that the plan is no longer a practical one and that it ought to be abandoned.

deemable at the same value. He also proposes that the Treasury shall hold silver and gold bullion in like quantities at their market value sufficient to equal 25 per cent of the face value of all Government notes outstanding.

The following table giving the amount of money in circulation at the beginning of the month compared with that in circulation at the beginning of the month in which Bryan was nominated is extremely interesting and will be useful for reference during the coming campaign, in which the free-silverites will again insist that their proposition is the only one which can increase the currency of the country.

Table with 2 columns: Date, Money in circulation in the United States. February 1 1898, \$1,729,991,228; July 1, 1896, \$1,506,434,966.

Gain in 19 months...\$223,556,262

It is now estimated that the February receipts under the Dingley law will reach \$29,000,000, which will be in marked contrast with the February receipts during the operations of the Wilson law.

Against Nehalem Bar. As many of our readers are deeply interested in the improvement of Nehalem Bay, the official report of Captain Fisk against the proposed improvement, will no doubt interest them.

Nehalem Bay at high water is about two miles long by one and one-third miles wide at the widest part, and is connected with the ocean by a narrow channel, extending in a southerly direction about three miles. This channel varies in width from about 1000 to 2000 feet at high tide.

Many of the intelligent men who two years ago espoused warmly the cause of free coinage at 16 to 1 are now admitting frankly that the plan is no longer a practical one and that it ought to be abandoned.

the bar by reducing the scouring force of the current at that point by forcing it to continually carry out the sands carried in from the north spit. It seems to me the most important point in this problem is to remove the cause of this shifting, by arresting the movement of the sand by a jetty on the north side of the desired position of the channel.

the bar by reducing the scouring force of the current at that point by forcing it to continually carry out the sands carried in from the north spit. It seems to me the most important point in this problem is to remove the cause of this shifting, by arresting the movement of the sand by a jetty on the north side of the desired position of the channel.

Captain Fisk makes the following estimates for the work: North Jetty, 5000 feet, tramway app. 1000 feet, 221,500; Short South Jetty, 3000 feet, approach from quarry, 3000 feet, \$294,000. The estimate for a single south jetty, 4500 feet, is \$582,000.

SHERIFF'S SALE

IN THE CIRCUIT COURT OF THE STATE OF OREGON FOR THE COUNTY OF TILLAMOOK. C. Thayer and E. Thayer Plaintiffs vs The Nehalem Mill Co. and Frank Patton Defendants

Notice is hereby given that by virtue of an execution, judgment, order and decree duly issued out of and under the seal of the above entitled court in the above entitled cause, to me duly directed and dated the 27th day of January 1898, upon a decree rendered and entered in said court on the 7th day of March 1895, in favor of the above named plaintiffs C. Thayer and E. Thayer and against the above named defendants, The Nehalem Mill Co. and Frank Patton for the sum of \$17,715 with interest thereon at the rate of 8 per cent per annum from the 14th day of January 1895 and for costs and disbursements of this suit, taxed at \$175.55 commanding me to sell the following described real property to wit: An undivided one half interest in all the Lots and Blocks in Nehalem City, Tillamook County, Oregon, except Lots 6 & 5 in Block 13, Lots 7 & 8 in Block 3 and Block 28.

H. H. Alderman, Sheriff of Tillamook Co., Oregon.
