

TILLAMOOK COUNTY

A REGION OF WONDERFUL FERTILITY.

Brief Description of its Climate Resources etc.

Tillamook County is at the same time one of the least known and one of the best of all the comparatively new counties of the great State of Oregon.

The soil of Tillamook is unequalled for richness and depth. The prairies are of comparatively small area, but are excellent for grass.

Owing to the above named conditions Tillamook County is one of the most healthful places on earth. Malaria is unknown and Diphtheria, Typhoid fever and kindred diseases never occur where even the most ordinary care is taken to establish good sewage.

RESOURCES.

The resources of Tillamook county are numerous but consist mainly, in dairying and fishing. Its magnificent forests of spruce, fir, larch, cedar and hemlock have been scarcely touched by the woodman's axe.

But the principal industry of the county will doubtless always be DAIRYING.

For this industry Tillamook County is doubtless the best section of country in the United States. Wherever the land is cleared it is at once covered with luxuriant natural grasses that are literally green and nutritious the year round, and cattle require comparatively but little feed in winter, there being no snow and the grass continuing its growth.

FISHING.

Fishing is carried on extensively and there are large canneries located at different points in the county. Nehalem has two, Tillamook has one, Woods and the Siletz River have one cannery each.

OTHER INDUSTRIES.

Aside from these principal industries there are others that will in time develop into considerable importance. Fruits, especially apples, pears, plums, prunes and all the varieties of berries, especially the latter, grow in the greatest abundance and with proper cultivation bring a never failing crop.

POPULATION.

The population of Tillamook County is mostly a rural population. It is estimated that it amounts to about Five Thousand, of which about two thirds is in the rural districts.

TRANSPORTATION AND ROADS.

The public roads of Tillamook are said to be the best of any in the entire state. They were built at great expense and are being pushed forward as rapidly as needed.
