

WAR DECLARED!

They came. They saw. They conquered.

Not the Spanish Navy, but our new Spring Stock of
Clothing, Hats, Shoes and Furnishing Goods.

We have made the best selection in styles and quality, in all lines of goods, and will guarantee satisfaction in everything we sell.

For more than one year,

we have done business in Tillamook and have always guaranteed our goods to give satisfaction and as a result

Our trade is steadily increasing

thereby proving that the the people can depend upon everything being as represented. We carry no auction or shoddy goods to sell you for first class goods, but will continue to wage War against such opposition by furnishing the people of Tillamook county as heretofore, with the best lines for the money that can be had.

We can furnish you with ready made suits that are equal in style, quality and finish and for one half the money, that you have formerly paid for suits made to order. Measures taken and suits made to order on short notice, prices \$14.00 and up.

J. A. Todd & Co
Clothiers and Furnishers
Tillamook, Oregon.

COUNTY ITEMS.

GATHERED BY OUR CORRESPONDENTS

A Brief Glimpse at Last Weeks Happenings

Woods

(From the Ocean Wave)

C. F. Murphy, of Sandlake, left yesterday morning for Tillamook.

Ed Catterlin, of Salem, was in this part of the county last week buying cattle.

Miss Bell Booth has returned from Whiteson, where she has been attending school for some time.

Mr. Jasper Smith left last week, and Mr. Chas Ray left last Sunday for the republican state convention which met yesterday and to-day in Astoria.

Mr. V. D. Beaty, of Ocean Park, was in town yesterday wearing a bland smile; he was at the drug store inquiring for Castoria, which accounts for his happiness. It is an 8 lb. girl.

The geese from the California wheat fields have started to fly north and if a stiff breeze comes up you will hear a continual bang, bang, of the local sportsmen's guns for a few weeks. The geese are very fat when they fly north, as they have been feeding in the wheat fields for some time. They are killed on the wing while passing over the high ridges, the wind compelling them to hover close to the ground.

While at Tillamook, recently, we interviewed Mr. Tuttle, of the telephone line in regard to extending it on from Tillamook to this place. We believe if our people would offer a little inducement the line would be extended. Let our people consider this matter, and be prepared to give Mr. Tuttle an answer when he comes down, which will be in a short time.

Blaine

Rev. Dollarhide preached here Sunday at 1 Sunday night, beginning his work for the new conference year.

Messrs Nathan and Dea Moon went to the valley last week on business.

At this writing Mr. John Brady Jr. is improving slowly.

Our school did not commence as was stated in our last writing, for some cause the teacher gave up the school, thereby leaving us without a teacher.

Mr. Dillow made a trip to Beaver last week.

Miss Fannie Smith left last week to look after a school which she had in view.

Bay City

Dr. F. R. Madison made a trip to Astoria this week.

Dr. Hawke made a professional visit to Bay City last Sunday.

Mrs. H. S. Newman and Miss Alice Peterson, of Tillamook, made a trip to Bay City on their wheels last Saturday.

Messrs John Watt and D. W. Rhodes were passengers out on the Harrison. They will visit several oil claimers before their return.

Miss Maud Sturgeon, of Tillamook began the spring term of school in the Vaughn district, Monday.

Mr. Bert King and Miss Edith Perkins, of Tillamook, took a ride to Bay City Sunday on the new tandem wheel.

Oretown

Charley Mann is in Oregon City.

The Oretown cheese factory is nearly completed, and as soon as the machinery is in position, will be ready for business.

There are several good ranches for sale in the neighborhood of the cheese factory which can be bought cheap.

On account of the cold weather, gardening is backward but the indications are favorable for a good crop of fruit.

The dance last week at the cheese factory building was well attended and all enjoyed the evening.

Sand Lake

Chas Atkinson has left for Astoria where he intends to stay during the fishing season.

C. F. Murphy gave a pleasant party to a few of his friends on his arrival with his new bride.

Cranberry planting was finished this week. One and one fourth acres were added to the industry.

Some of the cattle that have been on the Cape for years, have come down and are looking fine.

BEAVER

Mrs. Albert Getchel has been on the sick list for the past few days.

E. W. Brown is convalescing very slowly.

Mr. Huston's son Joseph, from Thurston, Lane Co., is visiting his parents,

prior to going to Oklahoma, where he will make his home.

Judge Conder passed through our town Monday.

County Assessor Stephens is in our midst on official business.

Jas. Bixby has sold his cheese factory to Mr. McIntosh, of Tillamook.

James Hughey is moving his reuter on his Coulsonburg ranch.

Hans Jensen sheared twelve head of sheep for C. Mills, Monday. They averaged nine pounds per head.

There are thousands of acres of land to homestead, around Beaver, easily made into, perhaps as good, if not the best, sheep ranches in the world. Sheep do well and no mistake about it, live and keep fat enough for the best of mutton all the year without any feeding.

C. Mills is offering to sell or trade cows for sheep or goats.

South Prairie.

We are having fine weather at present and people in this vicinity are making their gardens.

E. P. Wells has just finished a job of shearing goats for H. Rogers, of Long Prairie.

There was a large crowd attending Dr. Mills' sale last Saturday. Jersey cows sold at a good price, in fact everything sold well.

Old Peter, from Grand Ronde formerly of this place, has returned and taken a contract of slaughtering for M. Lamb.

Isaac Quick, of this place, purchased an organ from Mills' sale.

Kirt Johnson, of this place, is very busy making garden. Kirt is a fine gardener when his wife is along to show him what to do.

Mr. and Mrs. John Paquet, from Wilson River, were visiting on South Prairie Sunday.

Miss Katie Schlappi while on her way to Tillamook was thrown from her horse receiving some slight injuries.

Thomas Lyster's brother, from Kansas, has arrived here and likes this part of the country very much.

Hebo

The people of this vicinity are improving their time by plowing and planting garden.

Mr. L. I. Shortridge is doing some substantial work on the toll road this

week in the way of corduroying and graveling.

A. T. Bain is on the beach, shooting geese this week.

Our school is progressing nicely under the management of Mrs. Dawson.

Coulsonburg

The fine weather of the past week seems to make every one glad.

P. R. Coulson of Blaine visited his parents at this place Saturday.

Mr. E. T. Coulson has a very sick cow at this writing.

N. Coulson made a business trip to Spruce Wednesday.

E. O. Mills of Browns was in this vicinity one day this week.

Miss Minta Swabb has gone to Blain to stay with Mrs. Abner Griest a few weeks.

Miss Lucy Kinnamon, of Beaver, made a flying trip to Coulsonburg, Friday.

Nehalem

The Tug Maggie came in on Friday with freight.

Mr. and Mrs. Geo. Dean left for Warrenton on Friday, overland.

H. A. Bloom brought down a raft of about 75,000 ft. from Blackburn's camp on Saturday.

Billy Hoskins was down at Charlie Fye's on Monday, helping him set up a cream separator.

The Circle Anniversary and W. of W. entertainment was quite a success; a fine musical and literary programme was rendered, and Messrs Scovell and Batterson made excellent speeches in behalf of their respective branches of the order, and about 90 sat down to supper. Success to Woodcraft.

There was a narrow escape of a serious accident at Blackburn's logging camp last week. The chaindog failed to disconnect from a large log started down with them and seriously bruised. Strange to say none of the horses were badly hurt.

The Republican nominees appear to be satisfactory to Nehalemites in general. What the editor of the Republican says will probably not affect a single vote, still if he has the welfare of the party at heart he would much better cease abusing those who have the temerity to differ with him, or the courage to kick, when their rights are invaded.

Wilson River

Wilson River still exists even if our item corner has been empty.

Our school is progressing nicely, with Mr. Vincent as teacher.

Seeding and gardening is going on in the same hurry as it does every spring.

Mrs. E. Bergstrom returned Saturday from an extended visit to Nebraska, and spent a couple of days visiting friends here before going to her home above Pleasant Valley.

Our Sunday school is progressing nicely with Miss Lottie Freeman as superintendent, Mrs. Hanson as assistant, Miss Maness as secretary and Miss Emma Nelson, treasurer.

School Apportionment.

Apportionment of the School District of Tillamook County, Oregon, April 18, 1918.
