

WAR NEWS!

WEDNESDAY, 10:30 A. M. The news that the Spanish fleet has sailed back to Cadix is officially confirmed at Washington. The American fleet may have to cross the Atlantic and fight the Spaniards before peace is secured.

It is believed that the powers will soon tell Spain to quit fighting. It is believed that the means proposed will be that Spain relinquish Cuba, and that Dewey hold Manila until Spain pays the expense of the war.

It is believed that the powers will soon tell Spain to quit fighting. It is believed that the means proposed will be that Spain relinquish Cuba, and that Dewey hold Manila until Spain pays the expense of the war.

The Oregon and California boys have started for the Philippines.

TUESDAY 11:25 A. M. Friday noon about 75 miles south of Sable Island the American liner Roman was chased for 5 1/2 hours by a Spanish torpedo boat. A heavy mist came up and the Roman escaped.

The American cutter Montgomery is reported to have captured 2 new prizes, the names of which are not given.

Samson has been unable thus far to locate the Spanish fleet. The report that it is at Porto Rico came from Spanish sources, and is false.

The American Transport Gussie left Tampa yesterday with troops and warlike supplies for Cuba. Reservations will follow at once and the campaign will be pressed with vigor.

A dispatch from Porto Rico to Madrid states that the American fleet is approaching that island. The Porto Ricans are wild with joy and call on the fleet in every possible way.

The Spanish troops at Manila are still defiant and refuse to surrender. The British inhabitants at Manila are praying for further assistance.

New Era in Medicine.

This tells of a discovery that alleviates suffering and prolongs life. It is inexpensive, effective. Medical science is revolutionized over this, one of the greatest achievements of modern times.

The fact that several dollars spent for the right medicine has effected a cure where a skilled and expensive physician aided by the latest and most ingenious instrument of science, had failed, is a matter of much importance.

Important, because it opens to downcast sufferers a new, inexpensive and sure avenue to the restoration of health and the full enjoyment of the pleasures of life.

Such was the experience of Mrs. Ada M. Herr, of 439 North Charlotte Street, Lancaster, Pa.

From a weak, nervous, desponding person, she was made a strong, active woman and a cheerful, helpful wife.

Her story is interesting. Mrs. Herr suffered terribly from female disorders. Her nerves became unstrung, cramps gripped her and caused the most intense pain.

So weak and physically demoralized was she, that the slightest labor wearied her and household duties were a burden.

The most alarming symptoms of her malady were the frequent fainting spells that afflicted her.

In the midst of her work, or in a conversation, dizziness would come upon her and she would fall prostrate in a swoon.

She consulted a reputable physician. He diagnosed her case and prescribed the usual remedies.

Instead of improving, she continued to grow worse; the ailment that was robbing her life of the joys of young womanhood became more pronounced.
