A Song Without a Parallel. "Tell Mother, I'll Be There"

What use is their in eating when food does you no good—in fact, when it does you more harm than good, for such is the case if it is not digested?

If you have a louthring for food there is no use of forcing it down, for it will not be digested. You must restore the digestive organs to their natural strength and cause the food to be digested, when an appetite will come, and with it a relish for food.

The tired, languid feeling will give place to vigor and energy; then you will put flesh on your bones and become strong.

Doctors prescribe Laxol because it has all virtues of Castor Oil and is palatable.
