

WAR NEWS!

THURSDAY
The Spanish fleet reached Santiago de Cuba. It is believed to have a large supply of ammunition on board for Blanco.

Santiago is surrounded by insurgents and it is believed the city is doomed. The American fleet bombarded the port with terrible effect.

The only other notable incident of the day was that a German warship passed into Havana and refused to pay any attention whatever to the American fleet but very ostentatiously saluted the Spanish ships when it reached the harbor. The action was evidently intended for an insult.

FRIDAY.

Two regiments of infantry now at New Orleans were ordered immediately transferred to San Francisco where nine transports wait to take troops to Manila. Thirteen trainloads of troops are at Ogden on their way westward to join the army for Manila.

Eight thousand Spaniards are embarking for the Philippines. The troops of Gomez are closing in upon Havana and everybody that can do so is endeavoring to get away.

France has given this country assurance of her continued friendship and neutrality.

MONDAY.

The Steamer Florida left Key West on Wednesday with troops for Cuba.

In Alabama the volunteers amongst the negroes are so numerous as to far exceed the call.

Castello has declined to become a member of Sagasta's cabinet. He says that he sees the inevitable fate of Spain and he does not propose to fall with the crash.

All is quiet along the blockading line in front of Havana.

The blockading fleet of Havana and Cienfuegos is to be strengthened by the addition of a number of warships. It is not believed that a reinforcement of Havana will be ordered. The government prefers to capture the fortifications without despoiling them.

France has repeated her protestations of friendship for the United States and is evidently anxious to enforce neutrality.

A Spanish Cruiser fired on a British Steamer. The Spaniards claim it was an accident. The outrage occurred at San Juan. The Steamer was laden with coal which the Spaniards coveted.

A blockade runner flying the British flag was captured by the U. S. gunboat Osceola and taken to Key West yesterday.

TUESDAY.

England may take a hand in the war. She has sent a large amount of warlike supplies to Jamaica and has called in all of her officers who are off on a vacation.

The Oregon boys have embarked for their long journey to Manila and will sail today.

It is believed that Cervena and Schley may have done some cannonading but no official report has been received to that effect.

The North Pacific Steamship Company has placed its vessels at the disposal of the government if needed for transports.

The Monitor Monterey will be sent to Manila. The blockade runner arrested yesterday has been released.

San Diego harbor California is being mined by the government.

How Relief Came.

This is the sequel of a terrible calamity which affected many sections of the country some years ago. A host of victims suffered disease and death. The survivors have now a new reason to rejoice.

About seven years ago the La Grippe visited various sections of the country in its deadly might scattering disease and death among its hosts of victims.

Most of those afflicted who escaped death then, have lived on in suffering, broken in health and ambition; for the after-effects of this disease are dangerous.

A large portion of the survivors have a feeling of oppression in the chest.

A little exertion causes a violent action of the heart, described as "palpitation."

There is mental anxiety, depression, blueness of the skin, indicating impaired circulation of the blood.

The sluggishness of its circulation impairs the functions of most of the organs; the stomach and intestines fail to perform their work, while the appetite and digestion become seriously affected.

This complaint has baffled eminent physicians and exhausted the results of pharmacopoeia.

Recently, however, a means for a cure has been obtained.

Among those who have been restored to health by it is Herman H. Epler, of 311 W. Main Street, Jefferson, Mo., a resident of that city for thirty-eight years, well known as a successful contractor.

He was one of the victims of the "Grippe" seven years ago and has since been troubled with its after-effects.

"That he lives to-day," he says, "is due to a remarkable occurrence.

"I was taken with a malady just after the "Grippe" visited this section and caused so

many fatalities about seven years ago. "I was troubled with shortness of breath, palpitation of the heart and a general debility. My back also pained me severely.

"I tried different doctors and carefully followed their directions, but no benefit was apparent. I used numerous remedies that were highly recommended but no satisfactory results were obtained.

"I began to give up all hope of receiving relief. My condition was deplorable.

"In reading a St. Louis newspaper I noticed an article extolling Dr. Williams' Pink Pills for Pale People.

"After making inquiries regarding them I concluded to give the pills a thorough trial.

"I used the first box and was wonderfully relieved.

"I bought two more boxes and continued taking them.

"A marked improvement was soon noticeable; the shortness of breath, the palpitation of my heart and kindred ailments began to abate.

"After taking four boxes of these pills, I was restored to good health.

"I feel like a new man now, and can transact my business with increased ambition.

To add strength to his story Mr. Epler made affidavit before Notary Public Adam Poutsong and he will gladly answer inquiries to those enclosing stamp for reply.

The reason that Dr. Williams' Pink Pills for Pale People are helpful in such cases as this, is that they are composed of vegetable remedies which act directly on the impure blood, the foundation of disease.
