Samuel L. Haydon's Card.

(Advertisement.)

Samuel L. Haydon the present District Attorney is a candidate for re-election. He has made a good officer, and during his term there has been nearly forty convictions for felonies, and the criminals sentenced to the penitentiary. He has convicted almost two-thirds of the men who have stood trial before a jury. There have been only two criminal cases appealed to the Supreme Court during his term. There has not been a single indictment dismissed or demurred out of court by reason of defects therein.

He has recovered for the State in a Civil action, something like \$9000.00 without any expense to the State.

Also large sums of money have been paid to the several counties by reason of fines and forfeitures. He investigated the frauds in Marion County, and saved the county thousands of dollars in putting to an end useless and extravagant contracts for building and repairing the County Court house, as well as different bridge, and road grading contracts. He has acted as attorney for each of the several counties without requesting the aid of special counsel and thereby incurring extra and unnecessary expense of additional counsel.
