It will not cure everything. It is not claimed that it will cure but one complaint, that is, dyspepsia. We cannot say that it will cure every case of dyspepsia, but it will cure a large majority of them. Such cases as are adapted to its use will derive immediate benefit one small bottle will be sufficient to test it.

Latest War News.

During the past week the situation has changed somewhat. General Shafter has succeeded in landing an invading army of men on the coast near Santiago. The Spaniards made no resistance. One man was drowned in making the landing. Several small engagements have occured. In one battle fought about 6 miles from Santiago between Col. Roosevelt's rough riders and a much larger force of Spaniards, 12 Americans were killed and 50 wounded, the Spanish loss was at least three times that of the American. Amongst the American dead are Capt Allyn, K. Capron and Sergeant Hamilton Fish, Jr.—On June 9th, a heavy battle was fought between the Cubans under Gomez and the Spaniards. The Cubans had 1000 men and the Spaniards 5000. The Spaniards were badly whipped and left 150 dead on the field. The Cubans had 9 killed and 32 wounded.

The Americans are within 4 or 5 miles of Santiago. They are rapidly bringing up their heavy siege guns and the final battle so far as Santiago and Cervera's fleet are concerned may commence at any moment. It is believed that Cervera will fight until he sees his cause hopeless and then blow up his ships.

A formidable American fleet under Comodore Watson will sail for the Spanish coast about July 4th.

There is no change in affairs at Manila. The Germans did not land marines at that point and will not do so while Dewey is in command

At Havana the situation is growing desperate. The people are starving and an open revolt is not improbable.
