## Columbia

**VICTORIOUS**  
COLUMBIA CHAINLESS BICYCLES are as invincible as DEWEY,  
SAMPSON and SHAFER.  
The opening of the racing season in the Northwest—COLUMBIA  
CHAINLESS carried everything before it. Following performance speak  
for themselves:  
On Portland Field, July 2, the Mt. Hood Path Meet, J. E  
WOLFF, on a COLUMBIA CHAINLESS won first place in one-mile  
amateur, for the championship of the Northwest, and one-half mile  
amateur open. He also won the one-mile amateur open and two-mile  
amateur open at Portland Field July 4.—Defeated his competitors by  
yards. On the morning of July 4, 14 1/2 mile handicap road race open,  
J. E. WOLFF on a COLUMBIA CHAINLESS, rode from scratch, won  
first time prize, also 8th position in the race; 4th place was also won  
on a COLUMBIA CHAINLESS.  
The winner of the road race, Mr. FRED SIMINSON, rode a Pat.  
7 HARTFORD with road equipment. COLUMBIA chain wheel won  
on July 2, at Portland Field, first place and third place in the one-  
mile novice.

pot, Portland, Oregon.

Sheriff Alderman and family spent  
several days in the last of last week in  
Ilaloo. Not long ago she received this  
appointment G. T. Shaw as deputy sheriff  
for that district.  
Mr. Frank Severance has a "Pat. ap-  
plied for" method of feeding young  
calves. If any of our many dairymen  
are troubled with young stock, it would  
pay them to see him, as he can give  
some very useful information on the sub-  
ject of "Feeding Calves with a Teapot."  
A Certain Tillamook lady, hearing  
there was to be an earthquake in this  
vicinity about the middle of July, sent  
her two boys to visit her relatives in  
Ilaloo. Not long ago she received this  
telegram: "Take the boys home and  
send the earthquake."  
It was reported a few days ago that  
there were now no mines at the mouth  
of the Columbia, if there ever was. Capt  
Fisk, who has had charge of the planting  
of mines and torpedoes there denies the  
report. He says the government did not  
order them removed and warns all  
miners to beware of false reports as the  
mines are there yet.  
A. M. Mecklen, of the W. O. W.  
order, will be in our county next week  
and will give a lecture at Bay City on  
Wednesday night Aug. 3rd, one at Ne-  
halen Thursday night Aug. 4 and one in  
Tillamook at the Opera House Saturday  
night Aug. 6th. These lectures are free  
to all. On Friday night he will be pre-  
sent at the W. O. W. meeting in Tillam-  
ook and every member should make it  
a point to be present.  
The largest search light in the world  
has been secured by the government and  
placed at the harbor of San Francisco.  
The light is calculated to be equal to  
\$75,000,000 ordinary candles. The re-  
flecting mirror is 5 feet in diameter and  
will cast its light the distance of 100  
miles. Any moving object on the face of  
the water within its scope can be detect-  
ed on the darkest night as far as mine-  
glass will carry.  
Master Charles May brought in some  
of the longest clover we have ever  
seen. It is a variety of white clover and  
measures a few inches over 5 feet. It  
was grown on Mr. Deismann's place on  
Trask river. This specimen proves what  
is a known fact that Trask river land is  
hard to beat for raising hay.  
On some of the ranches up there the  
farmers let their cows run on the hay  
fields for ten months out of the year and  
then turn them off and in two months  
cut a good crop of hay.

Last Sunday morning a good sized  
crowd of our town people, headed by Ex-  
Governor Thayer, left in platoons, lug-  
gages, weapons, horseback and on wheels  
for the Trask to spend the day in quiet  
and pleasure. There were just enough  
around to have a good time, and just  
enough good looking people in the crowd  
to make a nice picture. They spent the  
day on the river and had a jolly good  
time with lots to eat. The only kick we  
have heard is that night came too soon  
and they had to wend their way home-  
ward.  
Mr. O. R. Chamberlain, of Woods,  
was in the city Tuesday and made us a  
pleasant call. Mr. Chamberlain in  
speaking of the progress of the neigh-  
borhood of Woods, said: "We are go-  
ing to have one of the largest and finest  
crops of cranberries ever raised in our  
section of the country. The vines are  
heavily loaded and everything is favor-  
able for an excellent crop." Surely  
those engaged in the culture of cranber-  
ries down there deserve to be repaid  
for their hard work if anyone does.  
They will market their crop here and in  
Portland.  
F. C. Shanahan.

**Teacher's Institute.**  
The Annual County Institute of Tillam-  
ook County will meet in Tillamook  
city Aug. 8-10 inclusive. All teachers  
of the county will be expected to be pre-  
sent during the session. Every effort is  
being made to make it pleasant and  
profitable to all who attend. The hotels  
will give reduced rates to those in regu-  
lar attendance. Professor French, of  
the State Normal Training Department  
will be present and take an active part  
throughout the entire session.  
An effort is being made to secure the  
assistance of President Campbell, of the  
State Normal, at Monmouth, and Prof.  
Garland, of Salem. Both of these  
gentlemen also rank very high among  
the educators and instructors of the  
state. Many of our local teachers will  
also aid.  
The programme will be published next  
week if completed.  
G. B. Lamb,  
Co. School Supt.

**Our School.**  
The public schools of Tillamook City  
will commence the second Monday in  
September. The board have employed  
the following named teachers for the  
coming school year. Prof. McGee as  
principal, Mrs. Hays for the primary  
room, Miss Dora High for room No. 2,  
and Mrs. B. F. Davies for room No. 3.  
It is the duty of all our citizens and  
ought to be their aim to make our  
public schools the pride of Tillamook  
County. Every parent owes it to their  
children to see that they are in school  
and to assist them in every way possible.  
The teachers must have the support of  
the parents, without that, it is useless  
for the teachers to try to please. Send  
your children to school, and as long as  
the teacher is reasonable in his or her  
request, see that your children obey  
and Tillamook will have the school she  
ought to have.

**No Supplied the Line.**  
Last Sunday in the M. E. church Sun-  
day school, one of the teachers asked a  
bright young boy to improvise a line to  
a poem as follows:  
The burning shafts of light came out—  
To greet the lord's refrain,  
And every gladdened heart sang out—  
The boy raised his hand and snipped  
his fingers.  
"What is it, Bobby?" asked the  
teacher.  
"I know it."  
"Know what?"  
"The line that's left out."  
"You do?" said the teacher in sur-  
prise "What is it?"  
"To— with Spain."

### War News . . .

From the grave yard appearance of  
Santiago the day Toral surrendered and  
the American troops entered the city,  
the city has changed to one of life and  
energy. The carcasses of dead horses,  
&c which were strewn along the main  
streets have been buried and the city  
cleaned up in general. Business houses  
have opened their doors, the electric  
light plant is working, pawn shops are  
doing a rushing business and hundreds  
of American and Spanish soldiers min-  
gle together on the most friendly terms.  
The work of transporting the troops  
was let by contract to the Spanish  
Trans-Atlantic Company for \$20 for each  
enlisted man and \$5 for each officer.  
They are to have 5 transport ship at  
Santiago by tomorrow 2 more by the 6th  
of Aug. and enough to complete the  
transportation by the 10th of Aug.  
General Miles has landed at the south-  
east coast of Porto Rico near Ponce with  
6000 men; more troops will be landed  
at once and much is expected from there  
in the coming week.  
Work is progressing rapidly on the  
raising of the sunken Spanish fleet at  
Santiago.  
The yellow fever is playing havoc  
among our troops at Santiago. There  
are at least reports over 500 cases of  
fever. They are of a very mild nature  
and so far only one death has occurred  
from it.  
The second expedition arrived at  
Manila on the 16th in good condition.  
Four deaths occurred during the voyage,  
those of Lieut. Leselle, and Private  
Maddock of the eighteenth infantry; Sir  
Geddes of the 1st Nebraska, and Pri-  
vate Wisband of the 1st Colorado.—  
The troops have all been landed and  
Dewey may take the city of  
Manila before the arrival  
of Gen. Merritt. Another expedition  
left San Francisco for the Philippines  
July 23.  
There is much talk of peace and it is  
believed that Spain will soon be willing  
to end this her, hopeless piece of  
business.

my hammock, July 10, 1:30 P. M. be-  
fore Santiago and behind a tree, July 10,  
1:30 P. M., Siboney, July 10.—General  
Toral declines to surrender. I am feeling  
well. Bombardment will begin at usual  
time today. Scarcely on my little finger  
healing. Navy will co-operate with  
land forces. My pulse is normal. Toral  
refuses to discuss my dyspepsia trouble.  
All men are well, especially me. I am  
feeling better than I did. Some firing,  
but mostly desultory. My headache is  
all gone. May have toothache later  
Will let you know.

### DIED.

CHATTERTON—In Tillamook, July 26  
1898, Miss Maud Chatterton. Miss Chat-  
terton was born in Clatsop county Ore.,  
May 13th, 1878, and has lived in the area  
all her life. She lived in Tillamook for  
the last 6 years and made many friends here.  
Maud was a good christian girl, being very  
kind and generous. She had studied  
hard to gain an education in order to earn  
her own living by teaching. At the time  
she was taken sick she was engaged in  
the Willamette river school as assistant teacher.  
On May 25th an operation was performed  
on her for appendicitis. The cause of death  
was Labor, ulcer, Peritonitis. Her mother  
was with her from the time of the opera-  
tion till death came to relieve her suffering.  
Her father was here at the time of her death.  
Miss Chatterton leaves a father, mother,  
one sister and five brothers to mourn her  
loss. Her home is at Depot Bay, Ore.  
During her sickness and death Maud was  
kindly cared for by the family of J. S.  
Stephens, county assessor.  
The funeral took place yesterday at 1  
o'clock, Rev. Gregory preaching the funeral  
sermon. The body was interred in the  
O. O. F. Cemetery.

### People Who Want

I want to be a soldier  
And with the soldiers stand,  
A gun upon my shoulder,  
And there beside my comrades,  
Awaiting for the fray,  
And a chance to shoot the sons of guns,  
That sank the "Maine" that day.  
A cowardly set of greasers  
Ruled by a fool of a kid,  
The same deserve no quarters  
For doing as they did;  
And before this war is over,  
They'll find just this much out,  
That Uncle Wac and his boys in blue,  
Know just what they are about.  
So we'll march on down to Cuba  
Our hundred thousand strong,  
And when we meet the spaniards,  
They'll sing another song.  
"We are a busted kingdom,  
This ignorance and pride,"  
And when the devil claims his own,  
Spain's gates will open wide.

### A Pleasant Party.

Quite a large fishing party stopped at  
J. F. Reelers' place on Upper Wil-  
son river for several days the past two weeks.  
It consisted of 18 persons well known in  
the educational world, namely: Rev.  
Fitch, of Buffalo, N. Y., Rev. Gates, of  
Iowa, Pres. McClellan, wife and children,  
of Pacific University at Forest Grove,  
Dr. McClellan, of Philadelphia, Robt.  
McClellan, of Omaha, Nebraska, Prof.  
Ferrin and daughter, of Forest Grove, H.  
T. Mills and wife, of Michigan, Rev. C.  
F. Clapp and son, of Forest Grove, and  
John Sauble, of La Moille, Ill.  
They would one day amuse themselves  
by fishing, on another would gather gum  
from the fir trees, and again, they would  
amuse themselves by boring and burn-  
ing stumps the Oregon way. Around  
camp evenings many interesting and  
funny stories were told. Rev. Fitch  
told of his trip to Palestine; Rev. Gates  
of his travels to Tangiers.  
Most of them being five fingers, much  
good music was heard. On Sunday Rev.  
Fitch delivered a sermon on "Burden  
Bearing." After the sermon they decid-  
ed to hold up the Forest Grove stage and  
placed a cannon on the bridge for the  
purpose. The stage driver thinking  
Spaniards were near quickly stopped  
and let them do what they wanted.  
They left on Tuesday after an outing  
of profit and pleasure. These going  
east will have some wonderful tales to  
tell of Oregon, and especially Tillamook  
County, lumber interests.—Rx
