## Columbia

COLUMBIA CHAINLESS BICYCLES are as invincible as DEWEY, SAMPFON and SHAFIER.

The opening of the racing season in the Northwest—COLUMBIA CHAINLESS carried everything before it. Following performances speak for themselves:

On Portland Field, July 2, the Mt. Hood Path Meet, J. E. WOLFF, on a COLUMBIA CHAINLESS won first place in one-mile amateur, for the championship of the Northwest, and one-half mile amateur open. He also won the one-mile amateur open and two-mile amateur open at Portland Field July 4.—Defeated his competitors by yards. On the morning of July 4, 14 1/2 mile handicap road race open, J. E. WOLFF on a COLUMBIA CHAINLESS, rode from scratch, won first time prize, also 8th position in the race; 4th place was also won on a COLUMBIA CHAINLESS.

The winner of the road race, Mr. FRED SIMINSON, rode a Pat. 7 HARTFORD with road equipment. COLUMBIA chain wheel won on July 2, at Portland Field, first place and third place in the one-mile novice.

Mr. Shanahan has at a great expense  
put up a nice neat business block and  
put in it a good stock of musical instru-  
ments of all kinds and deserves the pat-  
ronage of every citizen in Tillamook  
County. He is here among us and wants  
you to help him stay.

General Organizer Mecklen, of W. O. W.  
lectured to a fair sized audience at the  
Opera House last Saturday night. Mr.  
Mecklen is a good speaker and gave  
some good advice to all members of the  
order and circle as well as those who  
are not members. He explained fully  
the good qualities of the order and sent  
everyone home feeling well repaid by  
their attendance. Mr. Mecklen left  
Monday morning on the Forest Grove  
stage for his home in Seattle.

There was a small Devil fish displayed  
on our streets last Wednesday, which  
was caught at Netarts.

It will pay everyone to notice the rare  
bargains offered by F. C. Shanahan in  
another column.

The addition to Cohn & Co's store is  
most completed. This will give them  
more room and will be used as a boot  
and shoe department.

The Farmer's Institute will be held in  
our city Aug. 24-25 inclusive. Let  
every one make it a point to help in  
making this a grand success.

Miss Maud Hadley while coming from  
Bay City yesterday on her bicycle ran  
into a stump and caught herself in such  
a way as to break her leg. We hope  
she may be out again soon.

Last Tuesday Charley Bester, while  
working in the Truckee logging camp  
over on the Tillamook river, had his foot  
caught and badly crushed by the logging  
car. There were no bones broken but  
his foot was so badly mashed that it  
will lay him up for a number of days.

Mr. C. B. Hadley sold out his busi-  
ness on the corner known as the "Corner  
Saloon," the first of the week to Henry  
Lamarr of North Yamhill. Mr. Lamarr  
will take charge and run the place in  
highly respectable manner.

Mr. and Mrs. Driffield and daughter  
Pence, left Wednesday for the Puget  
Sound country. Mr. Driffield and family  
resided here for over a year and made  
many friends who hate to see them  
leave.

One striking difference between a  
Spanish and American gunner in the  
recent naval battles of Manila and Santiago  
was that the Spanish has to be driven  
to their guns, and the Americans had to  
be driven away from their guns, at the  
point of a pistol.

It seems that quite a considerable  
offal from fish is yet thrown in the  
slough or near the water front. Dep-  
uty District Attorney Nolan has given  
everyone fair warning and will prosecute  
any one who is found guilty of this  
thing.

Strangers are flocking into our city  
now to get away from the burning heat  
of old Sol out in the valley. Every one  
is surprised to see the amount of busi-  
ness done in our city. They expect to  
see only a small town with a post office  
and a store, but are greatly taken back  
when they see our nice, clean, lively  
city.

P. F. Durham, of Bay City, had the  
misfortune of losing about \$100 worth  
of pigs on the night of Aug. 3. It seems  
that some one maliciously opened the  
boom sticks about midnight and let the  
logs out. Mr. Durham found out his  
logs were loose and with assistance  
caught a good many before they went  
to sea. Whoever the person was should  
be caught and punished as he deserves.

It is the fashion now to paint. Every  
one, nearly, in Tillamook, even some of  
the ladies, paint. This summer The  
Tillamook, The Allen House, Olsen's  
block, J. A. Todd & Co's block, C. F.  
Reynold's block, J. E. Tuttle's block, F.  
C. Shanahan's block and Clark Hadley's  
block, have each received a new suit of  
clothes in the shape of paint. And so  
Tillamook improves.

LATER—Cohn & Co are giving their  
block a new suit made from the liquid  
cloth.

The Mazamas, of Portland, who re-  
cently climbed to the summit of Mt. St.  
Helens, found a mouse on top the snow-  
capped peak. This mouse had made a  
nest among the loose rocks which pro-  
tect the box containing the record of  
mountain climbers who had reached the  
peak. This is nearly 10,000 feet above  
sea level and evidently this mouse  
thought himself high toned. He was  
captured and is at present alive and  
among their many relics of mountain  
climbing.

John E. Dunn returned on the North  
Yamhill stage Tuesday from Klondike,  
and is glad to be home among friends  
and in a civilized country again. Mr.  
Emmons has that same story to tell of  
Klondike that every one else has to tell.  
It says over "how up there and hundreds  
are returning on every boat and more  
would come if they could. Mr. Emmons  
with two other men succeeded in killing  
a large mouse and took it to Circle City  
to market, a steamer bought it paying  
\$500 for it. Mouse meat is nearly as  
precious as gold up there.

### War News . . .

Pence has at last been made between  
Spain and the United States, although  
the papers are not yet signed. Spain  
has accepted our terms with a few ex-  
ceptions. Just what these terms are is  
yet unknown. This will stop all active  
work in the field unless we have trouble  
now with the insurgents.

From Manila word comes that the  
Spanish charged the American lines  
twice but were repulsed each time with  
heavy loss. The casualties in the  
American ranks were 11 killed and 37  
wounded. Otherwise no word of im-  
portance has come from Manila.

G. N. Miles has been pushing his way  
on toward San Juan and so far has met  
with little opposition.

All our troops are to leave Cuba and  
take up their quarters at Montauk Point,  
and many have already embarked for  
there already. The Spanish soldiers at  
Santiago are being sent back as fast as  
transport arrive.

The Infanta Maria Teresa has been  
floated and will be taken to our navy  
yards for repairs.

Mr. J. H. Jackson, who left here  
about a year ago for Alaska and the  
Klondike gold fields, returned on the  
Forest Grove stage last Tuesday. Mr.  
Jackson looks as well and strong as when  
he left but is much tanned. He comes  
back with experience enough for a dozen  
men and can tell things which are true  
yet are inconceivable. His stories of  
the wonderful wealth of the country and  
the fortunes that can be had there do  
not compare at all with those told by  
Seattle companies, who are still trying  
to boom the country. His many friends  
were so busy greeting him yesterday  
morning and he left for his home in  
the southern end of the county in the  
afternoon yesterday, we were unable  
to have an interview with him, but he  
promises to give us some good and in-  
teresting accounts of his trip for publica-  
tion soon. Among the stories told he  
said a certain man received a newspaper  
at Circle City for which he paid \$100,  
the only newspaper they had seen for  
weeks, so the man rented a hall and had  
the paper read, charging \$1.00 admis-  
sion. Just how eager the people were  
for the news can be seen by the fact that  
the hall was crowded for 3 nights.

Last Saturday shortly after noon the  
fire alarm was rung and what few of the  
fire company were within hearing, soon  
had the hose cart and ladder truck at  
the scene of the smoke. It was only a  
small blaze on top of Olsen's parking  
house which was quickly extinguished,  
even before the fire boys reached it.  
This makes twice lately that the boys  
have had a run for almost nothing, but  
remember, they say "The Third Time's  
the Charm," and maybe next time there  
will be much need of more help. We  
can not be too cautious during this dry  
winter. If we become a little careless  
our nice little city will go up in smoke  
as it has several times before.

The merry crowd of young and mid-dle  
aged people who left here and Bay City  
last week for Nehalem beach have been  
heard from. They have designated theirs  
as "Dewey Camp," and a few days ago  
had a flag raising at which several noted  
guests were present. The proper cere-  
monies were gone through with, and the  
flag was hoisted. It flew over the ramparts  
undisturbed. There not being very many  
men in the crowd it was decided best to  
raise a small flag for fear the "Spanish  
privateer" along our coast might see it  
and fire on it. A flag 4x6 inches was  
raised.

#### At the Institute.

Forty-one teachers assembled at the  
school house last Monday in response to  
the call of Supt. Lamb. The exercises  
from beginning to end was well attended  
and the teachers went home with many  
new and excellent methods of training.  
Prof. French, of the State Normal at  
Moumth, took much interest in the  
work and gave good instructions all  
along. A number of excellent papers  
were presented which showed a high  
preparation, with the consent of Mrs.  
French we publish elsewhere her paper  
on "School Room Decoration."

The following is the program in full as  
carried out during the session:

Education Miss Jolly  
Geography Prof. French

On many of these a general discus-  
sion was given and each teacher had the  
privilege of taking part. The session  
closed at noon Wednesday.

The article by Mrs. French on School  
Room Decoration was crowded out this  
week on account of lack of space, but  
will appear in next week's issue.

Father Crockett came in on the stage  
the other day to make this his home.  
He will be at the academy and take  
charge during Father Schell's absence.  
Father Schell is expected home at any  
time. He is doing some good work in  
the East, in the line of donations for  
the academy and looking after settlers for  
Tillamook county. If he succeeds with  
his donations, he will have many im-  
provements made on the academy build-  
ing when he returns.

Mrs. Grant Hagler, of Forest Grove  
came over on the Forest Grove stage  
Tuesday and is visiting with friends in  
the city.
