

Odds and Ends.

It is estimated that the wheat, hops and wool of this year's crop will produce a return to Oregon of \$14,000,000. Some place the figures much higher.

The number of sheep and cattle assessed in Malheur county for 1898 is as follows: Cattle 25,122 head; sheep, 91,931; horses, 10,998.

The Oregonian is authority for the statement that servant girls in the metropolis are very scarce. Since the Chinese exclusion act went into force Chinese domestics have not been obtainable, and the old supply is running short.

A Kansas preacher engaged himself to 13 girls and one of them found it out, and, of course, the other 12 found it out then, too, and when cornered by the friends of the girls he could not tell to save his life how he came to do such a thing.—Ex.

Dwellings are scarce at Baker City. Any five-room house within reasonable distance of the business center commands a rental of from \$12 to \$15 per month. Scores of houses cost from \$450 to \$600 to build are rented for from \$10 to \$12.

Mrs. George W. Daley, sr., is engineer in her husband's saw mill at Round Top, Jackson county. She does her own firing, measures the logs as they are rolled upon the carriage, and superintends the sorting of the lumber. Mr. Daley is head sawyer at the mill.

It has been the rule to wait till prunes dropped on the ground before gathering them for the evaporator, but the weather has been so drip up to this week that the prunes do not drop, and hand picking has been adopted. The fruit was actually drying on the trees.

There has been a great demand for labor in Josephine county, throughout all the summer. This demand has been mainly on account of the many new ditches constructed, or lengthened. And it still continues. There is no scarcity of work in Southern Oregon for the horny handed sons of toil, and they have considerable numbers from the Willamette valley, and as far south as Sacramento.—Oregon Mining Journal.

Nobody has heard of anyone kissing Sampson as yet. Hobson and Schley have monopolized the kisses. But when Dewey comes home he is likely to be kissed to death, Sampson may be short on kisses but he is long on cash. Although he took no active part in the destruction of Cervera's ship, he will receive the lion's share of the prize money from the government. His share will be about 40,000. This giving of the prize money is a feature of piracy, anyhow, and those who really fought for their country are loth to take it. True patriotism is above capitalizing its efforts.—Ex.

Saturday night last it was estimated that little more than half the grain crop of Union county for 1898 had been threshed. It will be late in October before the entire crop is threshed, and few farmers may not get through before the 1st of November. While the acreage is greater this year than last, the output will be about the same, spring wheat being lighter. The quality of the wheat, however, this year is much better than last, the grain being good dry and hard. Last year, much of the wheat went 56 pounds to the bushel, while those best posted say that it will go 61 1/2 pounds this year. The estimate for the county this year is 1,500,000 bushels of wheat, 400,000 bushels of barley and 200,000 bushels of oats.

Elder Stark and his worthy wife were the parents of nine children—girls and boys—and a riproarious set they were. Day and night they made things lively around the old hearthstone, for even the darkness failed entirely to quell their turbulent spirits. For by the time the older ones quieted down to sleep the younger scions would begin to stir. But at the table, while the blessing was being asked, absolute quiet and attention were strenuously insisted upon. Happening to dinner one day (for the elder's hospitality was as large as his family was numerous), I watched with interest the marshaling of these fractious elements about the table. One after another was cuffed, chided, or rebuked by the worthy dame, while the elder sat with hands meekly folded, watching eagerly for the first sign of calm. At length, when a momentary lull settled down upon the expectant circle, the mother gave the table a smart rap with her knuckles, and shouted, "Quick quick! pa! now is your time!" and grace was said.—Ex.

MANY SUFFERERS.

What a Large Number of People are Enduring. A Distressing Condition in Which Many American People are Involved—The Only Way to Alleviate it.

From the Mountaineer, Walhalla, N. Dakota. The removal of a guilty stomach is what a very large majority of the people of this nation are suffering with to-day. It is a well known fact that dyspepsia is a characteristic American disease and it is frequently stated that "we are a nation of dyspeptics." It is a distressing ailment and because of its many forms is difficult to treat. Sometimes it is the result of improper modes of eating, improper food or mental worry and exhaustion; then again it may be sort of a depressed condition of the body and treatment should be directed to the restoration of the health, without special attention to the stomach. In other instances, the disease is evidently the result of inflammation of the stomach. Anyone of these conditions produce a lack of vitality in the system, by causing the blood to lose its life-sustaining elements. The blood is the vital element in our lives and should be carefully nurtured. Restore the blood to its proper condition, dyspepsia will vanish and perfect health follow. For example, in the county of Pembina, North Dakota, a few miles from Walhalla, resides Mr. Ernest Snider; a man of sterling integrity, whose veracity cannot be doubted. He was formerly a resident of Lansdowne, Ont., but removed to the west and is now a prosperous farmer. For three years he has been unable to do his work because he was ill with dyspepsia. "I became seriously ill about three years ago," he says, "and consulted a doctor who gave me some medicine for indigestion. I continued to grow worse and several physicians were called at intervals who gave me temporary relief, but the disease returned with all its accustomed severity."

When wear begins to exceed repair in your body you are going to fall sick. The signs of it are: loss of flesh, paleness, weakness, nervousness, etc. The repair needed is food. You think you eat enough, and yet you feel that you wear out more tissue, energy, nerve force, etc. than you gain. The difficulty is that you do not digest enough. And this is so serious it is worth sitting down to what you think about, you can't digest what you eat. Take a few doses of Shaker's Digestive Balm. The effect of it will be to increase your food, make you feel stronger. You won't feel any more. Proof that it is in control of your repair system. It is easy enough to test this for yourself. Take a few bottles of Shaker's Digestive Balm. Sold by druggists at 10 cents to \$1.00 per bottle.
