There is considerable complaint in Tillamook about the delayed freight now stored up at Astoria, which should have reached here several weeks ago.

We are sorry to say that the HEADLIGHT does not appear in a new dress of type today. The cause was owing to the boats being delayed by the storm.

J. E. Tuttle returned home on Monday after being out several days fixing the telephone line and poles which had been blown down by the recent storm.

The many friends of County Judge G. W. Sappington will be sorry to hear that he is sick. He was unable to attend the board of equalization on Wednesday and Thursday.

Rev. W. W. Gregory preached his farewell sermon on Sunday at the Christian Church previous to going to conference. An effort is being made to have Mr. Gregory re-appointed to Tillamook.

Owing to the steamers being harbored the past few weeks, the Tillamook stores ran out of flour and sugar. Lamar's saloon could not open up because it had no leverages, and Clark's saloon ran out of beer.

Keep your eyes on Cohn & Co. Their unusually large assignments of goods, just arrived on the steamers, will be a great addition to their already varied and complete stock. Give us a call and inspect our new goods.

Uncle John McConnell was in the city on Saturday, from the lighthouse, and remained several days. He looked the picture of health and—beauty. Say, Uncle McConnell, the ladies want to know if you can play whist.

Representative J. W. Maxwell was appointed on two committees by Speaker Carter, that of commerce and engrossed bills. We are glad that Tillamook is represented on the commerce committee, for Mr. Maxwell will prove himself a valuable addition to that committee.

A large quantity of butter and cheese accumulated at the Tillamook creameries owing to the recent storm compelling the boats to remain in harbor, consequently no shipments could be made, for this is the only way by which Tillamook's products can be placed in the San Francisco and Portland markets.

Vincent Jacob bought an Empire separator from Foard & Stokes Co., of Astoria, through their agent, Mr. F. Bailey, who has been in Tillamook several weeks in the interest of that firm. He has done considerable business while here, and left on the Wilson river stage for Astoria via Portland.

It should be remembered that revenue stamps are not good for postage. Postmistress Hunt complains that a large number of revenue stamps are used in Tillamook. The steamer Harrison reached Tillamook on Wednesday after being tied up about two weeks on account of the recent storm. Seventy years old yesterday,
For me no great holiday—
No cake, no wine or pie
To cheer my days for the sweet bye and bye.

To live, must write, work, root hog or die,
In the house, field or woods so tall,
Hew to the line and care not where
The chips may fall.

The HEADLIGHT extends its congratulations to the captain on attaining that honorable age after a busy life of usefulness.

The board of equalization is now in session at the court house, which is composed of Judge G. W. Sappington, County Clerk Homer Mason, and Assessor J. S. Stephens. It is expected the board

will make a number of changes in the assessments. Property owners appear to be perfectly satisfied with the assessment as prepared by the county assessor, for none, so far as heard doing any kicking. The board, however, notified quite a number of property owners to appear before it to readjust their assessments, but they seem to be perfectly satisfied with what changes in assessment the board of equalization make.

THE FIRST BALLOT FOR SENATOR.

SALEM, Oct. 4.—Both branches of the legislature balloted separately for United States senator today. The result follows:

	Senate.	House.	Total.
Corbett	13	23	36
George	6	10	16
Williams	1	4	5
Bennet	6	18	24
Eakin	2	3	5
Cotton	1	1	2
Hewitt	1	1	2
Dunne	1	1	2
Ella	1	1	2

At the beginning of the session the house set its face sternly against the committee-clerkship abuse. So uncompromising was the demand of reform in this matter that the power of appointing clerks was taken from the committees and it was required that all appointments should have the sanction of the house or be inoperative. Yesterday a dozen committee clerks were authorized, and today a score, and not a voice was raised in protest. In fact, the drift is so unmistakably toward allowing all the clerks applied for, and as many as has been customary, that one chairman created a ripple of merriment by serving notice that he didn't want any clerk for his committee. The house yesterday restricted the insane asylum committee to a single clerk, but to day it authorized the committee to employ expert assistance necessary for the work in hand.

Painless Dentistry.

Dr. William Tatom, the painless dentist, and recognized to be one of the best dentists on the Pacific coast, is to visit Tillamook. He will arrive on the 16th of October and remain but one week. His headquarters will be at the Allen house. He guarantees all his work to be first class. A full set of teeth from \$20 to \$25. Extracting by painless methods 50 cents per tooth. Do not forget the date and call early to avoid the rush.

SOME of the anti-expansionists are asking with a good deal of precipitation what the government means by sending additional soldiers to the Philippines. For one thing, the government means to get the whole of the islands, and it is going to have enough soldiers on hand to garrison them and to preserve order. There were some wild estimates by the isolationists a month or two ago that 150,000 troops would be needed to garrison the Philippines, but no reasonable person accepted those figures. The government apparently thinks that 20,000 will be enough for this work, and the public will be apt to think the government's judgment on this point is correct. If 40,000 or 50,000 men are needed, however, they will be furnished. The country has, with the volunteers still under arms, an abundance of soldiers for all its present needs. Congress, in the coming session, will probably increase the regular army to 100,000 men, and these, without any of the volunteers, will meet all demands. We shall have the whole of the Philippines, and the permanent army will be enlarged to an extent which will allow those islands, as well as Hawaii, Cuba and Porto Rico, to be adequately garrisoned, in addition to providing for domestic needs.

EMMA.

Frank Riesch and children returned from the hop-picking this week.

J. L. Sloan has been ailing for some time; his health is quite poorly.

Wm. Grushoff has come in from Dallas, to remain on his claim this winter and improve it.

Chris. Bleschmidt was on his ranch one day this week, and then went out to Dallas to do some work.

Emuel Schilken has come home from Eastern Oregon.

Mr. Barner's family arrived home from the hop fields a few days ago, with sad hearts. Mr. Barner is now trying his luck peddling fish.

Joe Antenburger arrived from the valley with a load of hop-pickers on the 27th ult.

Jeff. Harris, of Salmon River, passed Emma a few days ago on his way to Sand Lake.
