

OUR REPRESENTATIVE.

REPRESENTATIVE J. W. MAXWELL has seen longer service in the Oregon legislature than any other member of the house.

CITY DADS IN SESSION.

The regular meeting of the city council was held on Monday evening, and in the absence of Mayor B. L. Eddy, the meeting was presided over by Councilman H. G. Davis.

The following bills were presented to the council and ordered paid: Printing, 2.00; water rent for month of September, 40.00; marshal's salary and extra costs, 35.25; recorder's salary for September, 10.00; Pacific Lumber Co., 18.77; total, \$107.02.

A petition for a side walk from the N.W. corner of Edmunds & Co. store to the S.W. corner of the McDermott's addition, bearing fifty-two names, was presented and read and laid on table for the next meeting.

THE HEADLIGHT was awarded the city printing.

The report of the city recorder for the nine months ending, September 30th, was as follows: Total receipts \$1,004.07 Total amount of warrants drawn 1,426.11 City debt, this date 362.04 Amount of city tax levy for the year 700.00 Amount collected and turned in 227.40 Leaving to collect 472.00 No other business being before the council it adjourned.

NARROW ESCAPE.

In fording the Wilson river on Sunday A. B. Caples and Newell Macrum came near meeting with a fatal accident. They left Forest Grove on Saturday morning for the purpose of coming to Tillamook county to fish and hunt.

EXPANSION is not as new an American idea as some people suppose. The territory of the United States is four times as large as it was when Washington retired from the presidency.

WILSON RIVER.

Louis Anderson left Monday, for Salem, to visit his father. G. W. Kelso's new house is on the way to completion.

T. Ducham, from up the river, was down locating a place to secure his logs the first part of this week.

The Hathaway Grange is almost broken up through neglect on the part of some of the members.

SAND LAKE.

Rev. Griggs preached an interesting sermon at our school house Sunday last. He is also quite handy at cranberry picking. He took a hand with the pickers during his stay here and took several photographs of the pickers at work.

The hop pickers have nearly all returned home. Wm. Harris has relatives visiting with him from the valley.

Wild geese and ducks are making their appearance in the lake.

Mr. King and Mr. Atkinson have commenced hauling their cranberries to Tillamook.

T. J. Harris has rented his place to some Salem parties and will move to Tillamook to live.

James McGhee has returned home.

NEHALEM.

The tug Maggie came in on Monday to tow out the schooner Berwick. There is also some talk of her taking out a lot of fresh fish to Astoria.

There has been an unprecedented run of silver sides the past week. One boat brought in 800 Monday morning, and many boats have had 200 and 300. The cannery has been obliged to limit them to 100 to a box.

After allowing the good weather to pass by without doing anything, as predicted, with the advent of the wet season, Road District No. 1 starts out to work roads. Is it any wonder taxpayers are kicking at this neglect and maladministration? Other districts, at the last court showed work done in amounts from \$200 to \$700. This district about \$6,000. The road supervisor should be elected by the people and should be a responsible person.

On Sunday afternoon, Grandma Twill, accompanied by her two granddaughters and Mr. Brown started for Sunday school. Upon reaching the river, Mr. Briscoe with his two young daughters was passing up in a boat and undertook to convey the party across. About three rods from shore they ran into a stake and capsized in about seven or eight feet of water.

(Too late for publication last week.) The equinoctial storm came on time this season.

Our road supervisor has two men at work on the Necarney mountain road.

Miss Wilkinson and Mrs. Fred Zaddach went north with the mail carrier Saturday morning. Mrs. Zaddach goes to visit her parents at Warrenton.

The storm cause a rough bar, which has prevented the "Elmore" from coming in at the expected time.

Prof. Goble and Mr. Bayley of the firm of Foard & Stokes Co., were canvassing the river in their respective lines. What might have been a serious accident occurred at the Folley ford on Saturday. Mr. Eason started to ford with a team, having his wife and children and Miss Latimer aboard.

There was an invitation party at the home of Wm. Tohl on the night of the 22nd, gotten up by Miss Newell for the benefit of Miss Tracy Wilkinson, who has just completed a successful term of school in Dist. 28, and is leaving for Forest Grove to resume her studies.

Sweet summer gone away! The fall rains cometh, The road-master goeth forth, To dodge raindrops At \$2 a day. And the taxpayer kicks.

PURIFY THE BALLOT.

SALEM, Or., Oct. 2.—A bill of more than ordinary importance and interest is that introduced by Senator Mulkey, of Polk County, for an act to prevent corrupt practices at elections.

Section 1 provides that no candidate for representative in the congress of the United States, or for any public office created by the constitution or laws of the state to be filled by popular election, shall, by himself, or by or through any agent or agents, committee or organization or person or persons whatsoever, in the aggregate, pay out, give, contribute, or expend, or offer or agree to pay, give, contribute, or expend, any money or other valuable things in order to secure or aid in securing his nomination or election, or both, of any person or persons to any office to be voted for on the day of the same election; or in support of or opposition to any measure or proposition submitted to popular vote upon the day of the same election, in excess of a sum to be determined upon the following basis, namely: For 5000 voters or less, \$100; for each 100 voters over 5000 and under 25,000, \$1.50; for each 100 voters over 25,000 and under 50,000, \$1, and nothing additional for voters over 50,000.

Any payment, contribution, or expenditure, or agreement, or offer to pay, contribute, or expend, and money or thing of value in excess of the limit prescribed by the act, for any or all such objects and purposes, is declared to be unlawful and to make void the election of the person making it. But this section shall not apply in cases where such nomination of such candidate, or of any rival candidate for the same office, shall have been made prior to the taking effect of the act.

In section 2 the method by which the number of voters shall be determined so as to reckon the amount of the campaign expenses allowed, is set out in detail and continues no novelty.

Section 3 provides that every person who shall be a candidate before any caucus or convention, or at any primary election, for nomination for any office which under the constitution or laws of this state is to be filled by popular election, or for the office of representatives in the congress of the United States, shall within 10 days after the holding of such caucus, convention, or primary election, make out a statement in writing and file the same with the clerk of the county in which he resides, and make out and file a duplicate thereof with the board, officer, or officers, if any empowered by law to issue the certificate of election to such office. Such statement shall set forth in detail each and all sums of money and other things of value contributed, disbursed, expended, or promised by him, and (to the best of his knowledge and belief) by any other person or persons with his procurement in his behalf, wholly or in part, in endeavoring to secure or in any way in connection with his nomination to such office or place, or in endeavoring to secure or defeat or in any way in connection with the nomination of any other persons or persons at such caucus, convention or primary election, and show the dates when and the person by whom, and the purposes for which each such contribution, payment, expenditure, or promise was made, and such candidate shall subscribe and swear to such statement and such duplicate before an officer authorized to administer oaths.

Section 4 requires a statement similar to that required by section 3 to be filed with the same officers within 10 days after election, touching expenditures pertaining to the election as section 3 touches expenditures pertaining to nomination.

A fine not to exceed \$100 is provided for failure to comply with sections 3 and 4.

THOUSANDS ARE SICK.

Ponce, Porto Rico, Sept. 27.—It is the well-grounded and almost unanimous opinion of the medical staff of the American army in Porto Rico that the condition of the volunteer forces here necessitates their immediate removal north. Sickness is increasing, and has been increasing during the past three weeks at an alarming rate. Today the sick report show over 2700 in hospitals or in quarters, out of a total command of 10,000 men; that is, over 25 per cent of the troops are on the sick list.

The medical officers have found that the convalescents do not, and seemingly cannot, recover their strength in this climate, and for this reason they are being sent north as rapid as possible, several hundred leaving every week. Tomorrow over 500 will go on the Ogdan and the Relief.

The war department has received from General Otis a report of the number of deaths which have occurred among the troops at Manila. It shows the following: Deaths during July, August and September 4 officers, 83 men, Deaths in August, 2 officers, 59 men, of which one officer and 16 men were killed in action and 7 died from the effects of their wounds. Deaths during September, 25 enlisted men. Of the total number of deaths 17 were killed in action, 7 died of their wounds, and 14 of typhoid fever, the others from miscellaneous causes.

It is a mistake to suppose that continental Europe has failed to discern the moral and physical influence which the United States is beginning to exert in the world's affairs. The Frankfort Gazette, which is one of the most important of all the German newspapers published outside of Berlin, in an editorial discussing the social and political condition of this country and the causes and consequences of the recent conflict, asks, "What would have happened had Spain triumphed in the war? and it answers that "national darkness, narrowness and corruption would have prevailed, and everywhere throughout the world the advocates of political and clerical absolutism, which the Spanish governmental system breeds and fosters, would have gained new and important strength. But this has not happened, and for these reasons it can be fairly said that the victory of the United States is a triumph for progress and a gain for mankind."

THE STATE PRESS NOTINGS.

Peudleton Ti Sound-money republicans are in control of the Oregon legislature. Compare proceedings thus far with what took place about two years ago, when John Mitchell and his camp-tenders had sufficient power to obstruct legislation.

The Dalles Times-Mountaineer: Indications are quite strong it will be H. W. Corbett for United States senator or nobody.

Astoria Budget: Poor old Ramon Blanco proclaims that he wants "renewed hostilities." He may get them when he goes home.

Grants Pass Courier: There is one good thing commendable in the present Oregon legislature, and that is this ability to meet and organize like men ought to do. There is a possibility that something in the way of legislative enactments may take place.

Hillsboro Independent: America might as well get ready to resume the Spanish war. Spain purposes not to recognize our rights of preference over other powers in the Philippines, where fore we might just as well prepare to compel such recognition.

La Grande Chronicle: France is trying to get her last crisis in shape so that it can be submitted to the peace commissioners for approval.

STOCK RAISING.

The time has come when all stockmen and dairymen are beginning to recognize the prime importance of quality in the animals they send to the markets. The importance of pure-breeding sires in the herds has been recognized for some time, but less consideration has been given to the type of cows kept for breeding purposes. It is an expensive mistake for the ranchman to sell off the best heifers merely because they will bring the most money. He can make his industry far more profitable by saving the very best for breeders and spaying all that are off in color or the beef form. He cannot keep all the she cattle without ruinously overstocking his range, and he cannot build up his herd to the standard that brings the top prices of the market unless he confines his breeding stock by rigid selection with so much dairying in Tillamook county the question of breeding the best stock is of the utmost importance and should never be lost sight of.
