The report that Private Frank Butts, who was wounded in Manila, as stated in our last issue as being the son-in-law of Mr. Jonas Olsen, is not correct.

Tillamook will celebrate in grand style, and every one must be suitably dressed for the occasion. J. A. Todd can fit you out in the latest style from head to foot.

The Tillamook Lumbering Co. has on hand plenty of kiln dried and well seasoned lumber of all sizes and lengths. They carry the best stock of lumber in the city.

Come to the dance on Saturday night in Bailey's hall. Everybody invited and a good time promised to all. Fine music, under good management and plenty of enjoyment.

Quite a number of married ladies will have left the city in a few days to visit friends in different parts, so we would suggest that the husbands get together and form a grass widowers' club.

Mr. W. C. King was in from Sand Lake last week and reports the prospect good for a fine crop of cranberries this year. Tillamook cranberries are getting quite a reputation for their fine flavor and keeping qualities.

All members of Corinth Post, No. 35, G.A.R., are requested to be present at the first regular meeting in June, on Saturday, June 3rd, as there is department business to attend to.—A. MAPES, P.C., C. N. DREW, adjt.

We hope that the musical to be given by the band boys in the near future will be well patronized, for they have been kind enough to play on so many occasions for the entertainment of the citizens without any compensation.

Judge R. P. Boise has notified County Clerk Mason that he will hold circuit in Tillamook City for the disposal of the cases in department No. 2 which were not taken up at the last term of court on Wednesday, the 21st inst.

Mr. P. D. Newell was in from Nehalem on Friday and informs us that everything looks prosperous for a nice dairy business being worked up there now they have the creamery running, which is turning out one hundred pounds of butter a day. Most of the farmers have separators, and instead of taking the milk to the creamery they take the cream.

The ball game, arranged to be played on Tuesday between the Tillamook and Bay City boys, on the latter's ground, had to be abandoned because the coaches failed to get the weather man rattled who was pitching rain curves.

The band boys had an excursion to the Sand spit on Sunday, where they found the land slide had taken an exodus of sixty feet in one week and Mr. Steinhilber's house look as though it had three sheets to the wind and ready to topple over, which it would do only for being propped up.

"Don't you know Lisk?" Well, he's the genius who manufactures tinware that will not rust. Mr. J. E. Tuttle is the sole agent in Tillamook, and has just received a large consignment of these goods, including rustless boilers, kettles, coffee and tea pots, pans, in fact, everything in the tinware line.

We understand that Captain Dawson predicts two storms this month. One at the early and the other at the latter part of the month on account of the eclipse. Say, friend Dawson, can't you side track this late precipitation to California, for Tillamookers have had enough this year of a good thing?

Mr. Dan Murphy met with an accident at Hadley's logging camp which might have resulted seriously for him, but as it is he is minus one finger. The small finger was caught in the spool of the logging machine by the cable, and in order to save his hand from being crushed also Dan wrenched his hand from his finger. Dr. Wiley amputated the bone as far as the knuckle.

Captain Dawson thinks the land slide at the Sand Spit will take a sudden exodus into the sea, the same as the land did some years ago in the vicinity of the Tillamook rock, when that was joined to the mainland. It is well then for those who visit the slide to be a little cautious for fear it may go out while they are upon it for the recent wet weather may have a tendency to hurry it into the sea.

The land slide at the Sand spit uncovered some clay, which, on being tested, is found to be first-class and could be used for brick and pottery. Thus far the clay found in this county do not make first-class brick, but if that unearthed at the Sand spit come up to the expectation of experienced brick-makers and pottery men, the clay will be valuable for manufacturing purposes. Mr. Hiner has tried some, and after being burned it is of fair heat, hard and brittle.

Dr. T. P. Wise, dentist, of Ohio, will move to Tillamook in June and reside here permanently. Dr. Wise is a graduate of the Chicago & Northwestern Dental College, which is rated among the best colleges in the world. He is a brother of Dr. W. A. Wise, and they will work this county together and keep the Tillamook office open all the time. Dr. T. P. Wise will occupy his brother's residence here, and Dr. W. A. Wise and family will reside in Portland after August of this year.

Marr'd, on Sunday, at the residence of the bride's parents, at Fairview, Mr. Alfred Carlson to Miss Bertha J. Maxwell. The nuptial knot was tied by the Rev. R. E. Dunlap in the presence of the family and a number of intimate friends, including Mr. Chas. Svenson and family, Mr. Boquest and family, Mr. D. W. Jones and family, and Mr. Jonas Olsen and family. The bride is a daughter of Representative J. W. Maxwell. The numerous friends of the happy couple wish them a long life of happiness.

We are glad to hear that a majority of the Second Oregon Volunteers have asked to be mustered out in Portland and to be brought direct to that city. They will then receive an enthusiastic welcome home from Webfooters, who appreciate their bravery and courage, and with President McKinley also present it will be a gala day for Oregon. The president is exceedingly desirous to welcome the volunteers home who fought in the Philippine islands, and on behalf of the nation to express his gratitude to the brave boys.

Memorial day was fittingly observed in Tillamook city on Tuesday, though the rain interfered with the procession to the cemetery for the purpose of decorating the graves. This was abandoned. In the afternoon the opera house was well filled with citizens to hear the exercises by the pupils of the public school and patriotic speeches by Mayor B. L. Eddy, Messrs. Claude Thayer, W. H. Cooper, T. H. Goyno and Rev. F. H. Neff. Members of the G.A.R. occupied seats on the platform, and each speaker spoke in glowing terms of the heroism of these veterans. Altogether everything was nicely carried out, the pupils of the public school acquitting themselves admirably.

Bids for the construction of a combination snagpuller and piledriver were opened at the office of Major Harts, United States engineers, in Portland last week. The machine is to be built and used on Tillamook bay and the various streams and sloughs emptying into it. Seven bids were entered, as follows:

Joseph Supple.....	\$3,950 00
J. F. Steffen.....	2,450 75
W. D. Woods, (Hobsonville).....	2,325 00
Tillamook Lumbering Co., per G. O. Nolan, manager (Tillamook).....	1,270 00
J. Paquet.....	3,200 00
J. Robinson & J. Downing.....	2,550 00
James Reed.....	2,427 00

As will be seen, the Tillamook Lumbering Company could have added \$1000 to its bid and still secured the contract.

Mr. C. N. Drew received a check for \$2000 made payable to Mr. L. C. Smith, guardian of the children of the late J. M. Terwilliger. The deceased was a member of the A.O.U.W., whose lodge was in Portland, and this money was sent here to pay the beneficiary certificate the deceased had in that order. The A.O.U.W. is prompt in paying its death claims, and being the leading beneficiary order in the United States, can be highly recommended to those who should make some provision for their wives and children should they be called upon to shuffle off the

mortal coil which binds them to mother earth. There is no reason why so many wives and children should be left destitute when orders like the A.O.U.W. are wanting new members.

The Oregon Mist, commenting upon planked roads in Tillamook, says: "That the officials of Tillamook county have determined to thoroughly test the plank-road system there no longer remains any doubt, and we predict success for the undertaking. One thing is a moral certainty: The system which has been adhered to in Tillamook and other counties in the state is a fraud and a systematic robbery of the people. The benefit returned for work and cash put on the public roads is absolutely nothing. This statement is demonstrated forcibly every day. For instance, the road from Vernonia to St. Helens. Every year there are many days' work done on that road, if it can be called such, besides the property road tax of residents and non-residents, and what is there to show. The same may be said of every piece of road in Columbia county. Of course, Tillamook county is only experimenting; but in the name of common sense, could any experience be dearer or less successful than the system which has been in vogue for so long a time? One thing we do know. We have been paying out hundreds of dollars every year for road improvement, and what is there to show for it? Nothing; absolutely nothing. The public highways of Columbia county today are in a worse condition than they were ten years ago. Yet the money is gone; the work is gone."

Citizen's Meeting.
A Mass meeting is hereby called to be held at the court house, on Saturday evening, June 3, 1899, at 8 o'clock P.M., to arrange for the celebration of the coming Fourth of July. All citizens are urged to attend.

Cream Separators for Sale.
For sale, two new Cream Separators. Capacity from 300 to 425 pounds. Enquire of E. G. E. Wist, Tillamook hotel, Tillamook, Oregon.

To my He-Beau-Poet.
You are trying to leave me and make of me fun,
But, I'll tell you, the matter has only begun;
With scores of witnesses, I am fully prepared
To prove that you formally love have declared
To me, the Nestucca belle; better look out
How you are coming and going about!
Do not think I, disgusted, will give up the chase,
For this is a genuine Breckenridge case;
A half-witted person and poet smart,
A-tryin' to fool with an old maid's heart,
But though my hearth is crumbling and crusty,
My mind is not by a long ways rusty.
I hope you'll forgive me, beg you excuse
Me, mad as I am, for what language I use,
But when my best lover is going to deceive me,
I'll have revenge, and just fully believe me!
What will happen, do you suppose,
If I your name to the public expose?
There will be no more imagination
About your romantic reputation.
If you fail to settle this matter with money
You'll have to marry your dear sweet honey.
The belle of Nestucca will then be your wife,
So you see, it is either money or life.
About the Hebo poet people will always tell
How he made love to the Nestucca belle.
Your lover, on the war path,
THE NESTUCCA BELLE.

Coyote-hunting has become a very profitable business in Eastern Oregon since the passage of the new bounty law. A large number of scalps are being brought in now, says the Antelope Herald, and when the summer's hunting and trapping is over, they will come in by the hundreds. It is believed that there are more coyotes in Eastern Oregon this year than for many years before.
H. C. Rooper informs the Antelope Herald that the results of the horse rodeo last week were quite a surprise to every one. The report had gone out that a large number of horses on the range had died during the past winter, Mr. Rooper says there are more horses on the range this year than ever before. In the ride in which he took part, about 2500 head were rounded up.
