TO OUR SUBSCRIBERS.

Owing to our staff being engaged upon the special illustrated edition of the resources of Tillamook county, which will entail considerable extra labor for the next few weeks, we have had to reduce the size of the HEADLIGHT until the edition is ready to be issued, but to compensate them for this curtailment, the editor will mail each of his subscribers one copy of the illustrated edition; therefore, we ask our readers forbearance if the HEADLIGHT do not contain the usual amount of interesting reading matter we have been giving for the next few weeks.

Painting and sign writing seems to be the order of the day in the city. Well, there's nothing like a coat of paint and we wish the devil would get around and paint the Headlight office red.

The board of medical examiners, Drs. Hawke and Madison, examined Robert Crawford, Samuel Cox and George Brooks for increase of pension and Eli O. Mills and - Boster for original pensions.

The county saw mill is buzzing again sawing out plank for the county roads. Judge Sappington and Commissioners C. Ray and C. H. Wheeler went out Tuesday and found everything progressing nicely.

The Second Oregon Volunteers left Manila on Monday for home, being cheered as the transport steamed away. The Oregon regiment left 62 dead from battle and disease in the first year's campaign.

Those who kindly subscribed toward the erection of the United Brethren church building can pay their subscriptions now, and it will be appreciated by those who have the building of the church now in hand.

Schilling's Best tea, 35 cents for large package, 3 packages \$1.00. Small packages 3 for 50 cents. Schilling's baking powder, 1 lb. can 37 1/2 cents, 1/2 lb. can, 20 cents, 2 1/2 lb. can, 90 cents at J. A. Todd & Co's.

Mr. Theo. Steinhilber's house at the Sand Spit, which was on the land slide at that place and enroute for a sea voyage, is almost a total wreck. The land is still on the slide, the earth being thrown up as high as twenty feet in some places.

The steamer Luella sailed for Hobsonville from San Francisco Tuesday evening and should reach here Saturday. She will take a cargo from Hobsonville to San Pedro, stopping at San Francisco going and returning for passengers and freight.

Captain Schrader took the steamer Harrison out on Wednesday and put her on the mud flats for a few repairs and will not get off until tonight and possibly leave for Astoria tomorrow. It is reported that the Harrison will not return, she having been sold.

Mr. A. J. Cohn, chairman of the Fourth of July finance committee, informs us that \$175 was collected up to Wednesday for the celebration, which should ensure the programme committee making enough arrangement so that it will be an attractive event this year.

Remember there's to be a dance on the evening of the Fourth. Mr. Bailey has arranged to hold it in the opera house to accommodate the crowd, and will make a special effort to make this one of the pleasantest dances ever held in this city, with first class management and the best music.

"Don't you know Lisk?" Well, he's the genius who manufactures tinware that will not rust. Mr. J. E. Tuttle is the sole agent in Tillamook, and has just received a large consignment of these goods, including rust-proof boilers, kettles, coffee and tea pots, pans, in fact, everything in the tinware line.

We have received the first batch of pictures for the illustrated edition of Tillamook's industries from San Francisco and they are up to date. We have also received several additional articles from parties interested in the county, and we wish to take this means of thanking them for their kindly assistance.

Bicycle Tax Collector Lamb has sold 157 bicycle tags. This will raise enough money to construct a 2 by 4 bicycle path, and show the futility of including Tillamook county in the bill, for with the money collected from the tax it will take the next twenty years to build a bicycle path suitable to the climate of this county.

Members of the hose company are requested to attend drill every Friday evening until further notice, and those failing to answer roll call will be fined. As the dry season is coming on, the officers are desirous that the company become well organized and be in better trim to more effectively fight fire, should it, unfortunately, be called out to do grapple with it.

Patronize home industry, home stores and keep the money in the country. Every dollar sent away for articles is that much money less in the county. The person who voted for protection and then turns round and trades with eastern houses is going against his own policy. Don't send your work to other cities to be done when you can get it done at home.

Our contemporary chronicled last week that "Fred Baker is seen running around the streets now after sundown." Thanks for the puff. Well, thank heaven, he is not found in the company of Bro. Watson, so the Headlight Pirate must be O. K. Say, brother, please take a side glance at yourself in a mirror and decide whether the city dads would not be justified in passing an ordinance to keep pug dogs off the street before sundown?

Mr. G. W. Brower, president of the Bay City Mill Co., was a passenger on the Luella last Friday. Mr. Brower has gone to San Francisco, where he will superintend the building of the electric saw mill plant the company expects to operate in this county. Mr. Brower is the inventor of the electric saw mill and very enthusiastic as to its merits. Mr. Brower expects to be gone about two months, when he will return with the machinery and put it in operation.

What ails the Tillamook Wheelmen's Association? If cyclists do not take more interest in it than they did Monday evening the association had better snuff itself out of existence. It seems to be the sentiment of a number of cyclists that it would be better to construct a bicycle path to Bay City first on account of so many farmers agreeing to assist in the fixing of a path opposite their farms, but if cyclists want anything done in this direction the next few months they must put a different kind of hustle on.

Mr. and Mrs. J. E. Sibley, of Hobsonville, arrived home from their Eastern tour on Tuesday last. Leaving here on the Harrison they went to San Francisco via Portland. From San Francisco they proceeded East on the Central Pacific to Chicago; thence to Washington, New York and Boston, to Augusta, Maine, Mr. Sibley's former home. After a pleasant visit there of two weeks they traveled toward home, via Niagara Falls, Minneapolis and the Canadian Pacific to Seattle and Portland. Mrs. Sibley's health was much benefited by the trip, while Mr. Sibley looks better than for a long time past.

Wiped Off The Map.

MINNEAPOLIS, June 12.—A special to the Tribune from Stillwater, Minn., says: This was a terrible night for New Richmond, the village being almost wiped out of existence by one of the most severe cyclones that ever visited that locality. It carried ruin and death in its path, and at this hour it is impossible to give even a partial list of those seriously injured. It is thought many are dead.

The news of the disaster was brought here by J. Carroll, a traveling man from Portage, Wis., who was staying at the Nicollet house, in New Richmond, when the cyclone struck. He saw the funnel-shaped cloud as it came up the principle street, and took refuge in the basement of the hotel, which was completely wrecked, together with every other business house in the city.

In the terrible sheets of rain following the cyclone, Mr. Carroll and his comrades succeeded in recovering the proprietor, Charles Neckenon, wife and one child from the debris, and they also removed the laundry girl, who was probably fatally injured. They also removed two men named Barrett and Newall, who were very severely injured. Mr. Carroll drove to Stillwater by team for relief, and the train, with doctors, will leave here at 12:15 A. M.

Mr. Carroll further says that fire followed the cyclone, and what was left is being consumed by fire. Many people are doubtless killed, and the damage will run into hundreds of thousands of dollars.
