TILLAMOOK, OREGON, JUNE 29th, 1899.

\$1.50 per year.

LIFE !

Is sometimes wrapped in a small bottle. Doubtless there have been times in your experience when you were convinced that the door was closed against death by a single bottle of medicine. Isn't it important, therefore, with such serious matters to be sure of your druggist ?

I don't brag of an elaborate "checking" system. Every druggist should check prescriptions carefully. I guide myself just as much on the quality of my drugs and the careful way in which I prepare my medicines.

To make 18 carot gold you must have a certain amount of gold. To be truly accurate in compounding medicines is more than weights and measures.

Our staff is still pegging away at the special illustrated edition, each week several additional pages being added to it of interesting reading pertaining to the county. By the amount of work we have yet to do to complete the edition it will take us several weeks.
Judge Boise rendered a decision in the case of Peter Wilson, plaintiff, vs. Tillamook county, Carl Wallin, supervisor of road district No. 2, defendants, in favor of the plaintiff, the court finding that the defendants had no legal right to open a county road through the lands of the plaintiff.
Messrs. A. and H. C. Keunze, who have a dairy farm with 77 cows, completed their silos on Monday, which will hold 225 tons. Mr. A. G. West designed and built the silos for them, which is the only one in the county and one of the largest in the state. Should it prove a success they will build another next year.
Cut in price of fireworks at Shanahan's.
Special "Fourth of July" services have been arranged to be held in the Court-house, Sunday, July 2nd, at 8 p. m. Mr. E. T. Allen will give a short talk on the topic, "A struggle, a death, then freedom." There will be singing of patriotic songs, accompanied by the cornet and violin. Other good music and special singing has also been arranged. Everybody is invited, especially those interested in liberty.
Having driven Bro. Watson into the liar's corner we will not attempt for the world to drive him out, so will leave him there to shine in all his glory. Even the Oregonians—not knowing, perhaps, what a pugnacious pickaninny Bro. Watson is known be—rapped him severely

over the knuckles in Tuesday's paper for making a false statement in regard to that able newspaper. We suppose, however, our contemporary will continue to fill its mission in Tillamook county and city—that of a born blusterer and chronic ranter.
While coming over the Wilson river road with two light wagons on Friday the Clow family met with an accident. When near the zigzag one of the wagons, containing the driver, three young women and part of their show paraphernalia in trunks, drawn by a pair of mules, tumbled over and went down the bank three hundred feet, smashing up things considerably. It is a wonder none of them were killed. It took them five hours to get the wagon and things to the road again.
Frank Reynolds fell from a wharf at Bay City on Tuesday and broke his right leg. He went on the wharf to see how the tide was, and stepping on the end of one of the planks, it tipped up, and he fell twenty feet below with considerable force onto a slabwood pile, breaking the leg below the knee completely in two, besides inflicting a bad flesh wound several inches in length. Dr. Hawke attended to the injured limb, but as it is a bad break the doctor may have to amputate it. Frank was brought to the Tillamook hotel on Wednesday and a subscription was made in the city to help him out in his misfortune.

Captain Hart's monthly report contains this item: "The Tillamook Lumbering Company, of Tillamook, Or., was awarded the contract for constructing a snag scow to be used in Tillamook bay, its price being \$1270. This scow is to be equipped with a hoisting engine already on hand, and with a dredge bucket grapple. James H. Lancaster, of New York, is to be furnished this last item at \$500. Work on the scow was to be commenced early in June. There is unexpended for the Tillamook improvements \$24,839." We understand the Tillamook Lumbering Co. has not taken the contract to build the scow, having declined to put up a certified check.
Death of a Beloved Sister.
Sister Timothy, of the Immaculate Heart of the Arch-Diocese of Philadelphia, died at St. Alphonsus academy on Saturday, and the remains of the beloved Sister were buried on Monday in the Catholic cemetery, when a large number of persons attended the funeral services and followed the remains to the grave. Sister Timothy entered religion when she was 19 years of age. She came to Tillamook about two years ago, and was engaged in teaching at the St. Alphonsus academy, where she endeared herself to all the pupils and was greatly beloved by them, as their floral tokens of respect at the funeral testified. Sister Timothy carried on her self sacrificing avocation until stricken with consumption, and since last August she has been gradually failing in

health. She was tenderly and lovingly cared for by the Sisters at the academy until death came. Sister Timothy was expecting it, her work was done, and with a happy expression and peaceful conscientiousness she passed quietly away.
Programme for the Fourth.
The Fourth of July in Tillamook City will be fittingly observed on Tuesday next, arrangements for the celebration being practically completed, and all that remains to make it a success is for Old Sol to participate in the national holiday. Should that luminary sulk behind the rain clouds, peculiarly common to this county, it will be a great disappointment, for this above all other years, on account of our late unpleasantness with Spain and the difficulties confronting Uncle Sam in the Philippine Islands, is a time for patriotic demonstrations and rejoicing, which the citizens of Tillamook city and county are never backward in participating in. The attractions on Tuesday are varied and will afford plenty of enjoyment, which are as follows:
10 a. m.—Grand parade and exercises; oration by Hon. W. W. Thayer, ex-Governor of Oregon.
The morning parade will consist of the band, liberty car, G. A. R., Dewey's flag-ship Olympia, Tillamook hose company, grand display by the merchants, carriages occupied by the Mayor and City Council and the orator of the day, prominent citizens, etc.
1 p. m.—Plug-uglies.
For best sustained character—1st prize, a gold filled watch; 2nd prize, a pair of pants valued at \$2.50; 3rd prize, a new hat valued at \$1.50.
2 p. m.—Races:
Foot race, 75 yards, for boys under 18, single dash—1st prize, \$2; 2nd prize, \$1.
Sack race for boys under 12 years, single dash—1st prize, \$1; 2nd prize, 50c.
Slow bicycle race, free for all, single dash—1st prize, \$3; 2nd prize, \$2.
Bicycle race for boys under 18 years, single dash—1st prize, \$2; 2nd prize, \$1.
3 p. m.—Ball game.
Tillamook vs. Bay City, for a purse of \$20.
7 p. m.—Bicycle parade.
Fireworks.
The Tillamook band will be in attendance all day.
Parties entering for above events must give in their names to the committee not later than noon on the 4th of July.
A shell of terrific explosive power with a capacity to annihilate by bursting fragments and a shock as effective as a streak of lightning, will be the feature of the fall campaign in the Philippine islands. Tests of the charge of this terrible engine of war are being made at Sandy Hook, the government guarding closely its secret of manufacture. A shell of this nature, charged with an explosive equal to melinite or dynamite, falling near a battalion of the enemy would kill or cripple a very large percentage of the battalion. The chances of escape from this tremendous machine will be decreased 100 times, experts say, as compared with shrapnel discharged at the same objects.

Volunteers Will Be Enlisted.
CHICAGO, June 29.—A Washington dispatch to the Tribune says: As a result of a conference between the president and Secretary Alger this afternoon, it has been decided to begin the enlistment of volunteers for two years for service in the Philippines. Orders to recruiting officers to this effect will be sent out tomorrow. It is proposed to arm and equip at once three brigades, or about 10,000, and continue the work until the whole 35,000 men authorized by law are secured.
There will be no call upon the states. The regiments will be organized as United States volunteers. Officers will be appointed by the president and assigned to regiment without regard to state lines. The maximum of the regular army of 65,000 men has been secured, and now enlistments will be for the provisional army to make up the total strength of 100,000 men. General Otis has 29,300 men on the ground, or under orders, and volunteers will be rushed to him until he has an effective force of 50,000.
In the enlistments for the United States volunteers, veterans of the late war, including those who did not get beyond the home camps, but were wounded, will be given the preference, and the same will be true of the officers. A brigadier-general for every three regiments and a major-general for each division of three brigades will be appointed. They will be part regulars and part volunteers and General Joe Wheeler will be among their number.
For Home Consumption.
WASHINGTON, June 27.—The people will soon believe that they are not getting all the information concerning the situation in the Philippines. The reiteration said to have come from General Otis that 30,000 men were enough, taken with the fact that the American army is practically besieged on a strip of Luzon six miles north and south of Manila, looks very queer, while there is a suspicion that General Otis's reports are fixed up for home consumption, and that a great deal that he may say is not made public. Suspicion is also gaining ground that Otis thinks he is pleasing the administration by saying that 30,000 men are sufficient. Other judges assert that 100,000 men would be none too small an army to crush the rebellion and establish United States authority. The fact that General Miles is of the opinion that a larger army is needed is enough to turn the war department the other way, and every effort will be made to get along with a very small army until public sentiment makes it apparent that the people will no longer stand such a policy, but insist that effective measures be taken in the Philippines.
