at the base. In some artistic manner it is proposed to show the annual and total output of the precious metal, and the

names of the leading mines of the state. Notice has been served on distributors and large consumers of window glass throughout the United States, reports the Chicago Times-Herald, that the American Glass company, which controls the market of this country, will seek a war of absolute extermination of the few scattered manufacturers who essayed during the last year to secure a small portion of the immense trade which the prosperous condition of the country gave to the giant monopoly. In addition the present officers have secured options on fully 80 per cent of the window glass factories of the country and will form a trust along modern lines, with a capital of \$24,000,000. The notice, containing, as it does, a veiled consumers, such as sash, door and blind season outside of the combination, is attracting a great deal of attention in the trade and is creating a great anxiety on nary honeyed words of the merchant hoping to extend his trade; but to those who are familiar with the matter there is no chance to mistake the fact that the combination is swinging a large club in a vigorous, determined and merciless

By the federal census of 1870, says the New York Sun, there were 62.445 physicians and surgeons in the United States. By the census of 1880 the number had increased to 85,671. By the census of 1890 the number was in excess of 100,000 Washington, June 26 .- "I'll not re- and it is computed from the figures of 1,000,000 or a larger proportion than in The salty interview with Pingree to. any other country.
