Mountain Disappears.

CHICAGO, March 20.—A special to the Record from San Jacinto, Cal., says: Great excitement prevails in San Jacinto, as it has been discovered that part of the San Jacinto Mountain has slipped into a subterranean cavern. A territory covering 60 acres, at an elevation of 4000 feet, was dislodged by the recent earthquake and has slipped 150 feet lower than it had previously stood for centuries. The face of the new valley is thickly traversed with fissures and cracks.

The great earthquake has been succeeded by dozens of light shocks, and although these are becoming infrequent, residents are much alarmed.

We regret to learn that "our esteemed citizen and fellow townsman," E. L. SANDLAKE.

Gardening is in order.

Everybody eats flounders, now they are plentiful and easy to get.

Just as we are going to press we learn that she who was Miss Nellie Hays has returned home from Portland a bride. We are unable to learn her husband's name. They are at home on a visit to her parents. And so Mote it be. Another one of our dashing young belles of Sandlake is married. We know nothing about the groom but can say this of the bride: She is of sterling worth. She is business every inch of her and if they do not make a living it will not be her fault. Where Eryan Stands.

LINCOLN, Neb., March 19.—In effect, William J. Bryan announced tonight to the Democratic party and to the Nation at large the platform which he considers best for the Democratic party, and practically upon which he desires to stand, if nominated at the Kansas City convention.

The platform, which was adopted by the Nebraska Democracy with the greatest enthusiasm, reaffirms the Chicago platform, declares for "sixteen to one," opposes a large standing army, denounces the action of the Republican party on the Puerto Rican tariff bill, declares against trusts and "imperialism," and favors the choice of United States Senators by popular vote. The platform is practically the creation of Mr. Bryan. He did not write it personally, but he was consulted concerning it, and before it was read to the convention, he had approved it throughout.

The platform adopted by the Populist convention was substantially the same as that adopted by the Democrats. It differs somewhat in form, but conflicts in no essential point.

Both conventions today were enthusiastic for Bryan to the last degree, and every mention of his name was greeted with cheers of delight and approval. Instructions were given to both delegations to stand for Bryan in the Kansas City and Sioux Falls conventions.

"Say, I've got a new story on Brown." (Tells it.)

"Yes, that's a new one—on Brown. It was on Jones when you told it to me before."

THE WAR IN SOUTH AFRICA.

Boers Have Blown Up Bridges North of Bloemfontein.

CAPE TOWN, March 20.—The Boers have blown up the bridges north of Bloemfontein, including those at Windburg and Kroonstadt, and are now retreating to the north.

Relief of Mafeking.

LONDON, March 20.—For all the news that reached here yesterday and today, Great Britain might almost as well have been at peace. It is reasonable to believe that the relief of Mafeking may be heard of at any hour.

General Kitchener has entered Brieska, Cape Colony, without opposition, the insurgents laying down their arms, which merely confirms the previous reports of their willingness to submit.

General Roberts and Buller are still inactive, pending developments at the theater of war.

Considerable interest is attached to the fate of Johannesburg. Commenting on the reported consultation between Secretary Hay and the German Ambassador at Washington as to a proposition that both belligerents be asked to leave Johannesburg alone the Pall Mall Gazette says:

"This time Dr. Leyds has, as we may without impropriety assume, put in circulation the tale to the effect that the German Ambassador at Washington and the American Consul at Pretoria are concocting a little scheme of German invention. That is really a glorious yarn and one which shows to what desperate straits the enemies of this country are reduced. Just imagine a government which has formally declined all outside intervention, permitting Germany to dictate the course of Lord Roberts' march to Pretoria. The German foreign office knows better than to invite the snub it would receive if it ventured to whisper so preposterous a proposal in Downing street."

No Danger of Intervention.

NEW YORK, March 19.—"Great Britain's declaration that she will not tolerate the intervention of any power effectually prevents Europe from attempting to end the hostilities in progress in South Africa."

This statement was made last night in Washington by a well-informed diplomat, who had carefully followed international events transpiring in the Old World.
