Besides the stabbing case there are only two cases for disposal at the circuit court next week, that of Frank Patton vs. Henry Tohl and Geo. N. Johnson vs. Netarts Bay Lumber Company.  
Mr. M. W. Harrison, who was nominated for road supervisor for Hoquarton precinct at the primary, declined the position and Mr. H. B. Hathaway was selected by the republican delegates to fill the vacancy.  
Mr. A. Hiatt, of San Francisco, arrived on the Harrison on Wednesday. He is the managing owner of the schooner that was recently wrecked in the bay. Mr. Hiatt states that the captain had no right or authority to sell the schooner.  
A lady made this remark on Saturday after being informed of the result of the

balloting at the convention: "You've got to run for office to find out what people think about you." We may add to this how little they think of some people.  
Mr. B. L. Eddy gave it as his opinion that he did not think the new road supervisor law would interfere with incorporated cities where they had street commissioners, so the city council did not think it advisable to call a primary for the purpose of nominating a road supervisor.  
If the city council had passed the ordinance prohibiting prize fighting and boxing contests about a month ago it would have saved itself being bluffed and other people as well, and, besides, is not the stabbing affair and other prosecutions traceable to the council acting indifferently?  
Frank Butt, who packs the mail here between this city and Beaver, was bucked off his horse and kicked in the side so severely that two ribs were broken and he was internally injured and bled profusely. Dr. Wiley was sent for and the injured man was taken to his uncle's, Mr. Bodyfelt's.  
Eighty acres of good land for only \$250, being Se 1/4 of Ne 1/4 and Ne 1/4 of Se 1/4, sec 16, tp 2 S, R 10 W, being 1 1/2 mile east of Netarts Bay. This is covered with very heavy spruce timber, with some hemlock. Also eight lots in this city to exchange for Tillamook property.—H. W. Cottle, Escondido, Cal.  
It's poor policy for defeated politicians to threaten to hold the political whip over those who did not pull their way, for it may snap over their own heads in the near future with more force than they now contemplate. Keep your hands off, gentlemen, and do not make any more threats what you intend doing.  
The band boys have arranged for an excursion down the bay on Sunday, and have arranged with the captain of the Annarine to tow a large scow, which will be fixed for the accommodation of passengers. This will give them an opportunity to visit the wreck. Round trip is 50c.—of course, weather permitting.  
The recital at St. Alphonsus academy to-morrow (Friday) evening, promises to be a musical treat, the program of which we published last week. The Sisters extend a cordial invitation to the patrons and friends of the academy so that they may judge for themselves of the musical talent they have helped to develop in the students.  
We hope the defeated candidates will bow philosophically to the will of the republican county convention and not go round swearing vengeance upon those who worked to bring about their defeat, for we shall be exceedingly sorry to have to expose them and style them "Political Soreheads." It would be preferable to get in and work for the candidates than to go to bellyaching.  
Mr. W. S. Cone was in the city on Wednesday. He has just come out of the timber in the neighborhood of the Nehalem, and in doing so passed a band of about fourteen elk cows, and some young men having heard of their whereabouts started out to kill them. They were old cows, very tame and heavy with calf. It is unlawful to kill elk, and, besides, it is unsportsman-like at this time of the year. The facts are being reported to the game warden.  
School Supt. G. B. Lamb made the second apportionment of the county school fund on Monday. The total

amount apportioned was \$874.20, which is equally divided among the districts, giving to each \$18.60. This goes toward making up the \$50 allowed each district, and with the February apportionment amounts to \$44, leaving \$6 due on above amount, which will be made up in the July apportionment.  
Captain Freeman E. Dodge, of the steamer Harrison, and Mrs. Olive E. Davidson were married on Saturday afternoon at Astoria, by Rev. Mr. Peart, of the Methodist Church. They left on the evening train for Portland on a short wedding trip. Captain Dodge came in on the Harrison on Wednesday, bringing his bride with him, who will make their home in this city. The band boys gave the happy couple a musical serenade the same evening. Congratulations, captain.  
Mr. Geo. M. Cornwall, editor of the Columbia River and Oregon Lumberman, writes to the editor: "I find in looking over my correspondence that we omitted to write you a letter of thanks when returning your very valuable cuts, which was returned to us from St. Louis. The cuts have done the state of Oregon, and especially the county of Tillamook, a great deal of good, and the people of your county should feel very kindly toward you for the enterprise you have shown in making known to the world the wonderful resources of your section."  
In the political news from Salem to the Oregonian on Sunday this significant paragraph appears: "Tillamook's five delegates will go to the convention to support T. B. Handley for district attorney. They will be hampered by the fact that Handley resides in an isolated part of the district, and also by his lack of a wide acquaintance. Locally, also, he failed to win at the primaries." Evidently someone in Salem had been informed who was going to be sent as delegates from Tillamook to the state convention and how they intended voting before the convention was even held here. It is now plain to see that politicians here were counting their chickens before they were hatched.  
Mr. J. W. Maxwell attributes his defeat to the fact that a letter was received in this city to the effect that he had written Congressman Tongue that unless he used his efforts to secure him the receivership at the Oregon City land office, Mr. Maxwell was going out to the congressional convention with the Tillamook delegation to down Mr. Tongue. As Mr. Maxwell informs the editor that he never wrote or caused to be written such a letter we withhold criticism until we probe into the matter some. We have sufficient evidence to prove that Mr. Tongue received such a letter and who informed some of his friends here about it. More anon.  
Frank Newton and Harry Mitchell got into a fracas early Sunday morning and Newton stabbed Mitchell in the left side with the blade of a pocket knife, inflicting a triangular wound. Newton was arrested and had a hearing on Wednesday before Justice Goyno charged with being armed with a dangerous weapon and assaulting another therewith. The parties entertain old grudges against one another, Mitchell testifying that he was drunk when the assault was committed. It appears also that Newton has made threats that he will kill Mitchell. The justice bound him over to the grand jury in the sum of \$250, and being unable to furnish bonds was locked up in the county jail.  
Married, in Tillamook City, Or., on April 4th, 1900, Mr. Solie Smith to Miss Mary Jenkins. Both bride and groom are favorites of the community and are to be envied in their happy choice. Miss Jenkins is the youngest daughter of Mr. Thomas Jenkins, one of our best known and respected citizens. Immediately after the ceremony the bride and groom left for a wedding tour as far at least as the home of Mr. Smith's father in Benton county. As Mr. Smith is one of the respected members of the Tillamook hose company and did not ask permission of the boys to take unto himself a wife, nor did he get leave of absence, the boys won't do a thing to him on his return for this insubordination.  
Mr. C. J. Corcrum, superintendent of construction for the Oregon Telephone and Telegraph Company, arrived in this city on Saturday for the purpose of making arrangements for the construction of the telephone line from Astoria to this city, and thence over the toll road to North Yamhill. It will be seen by an advertisement in another column that the company is calling for bids for telephone poles and applied to the city council for a franchise. Although the telephone company has applied for a franchise and an ordinance has been read a second time to that effect, it does not specify

that the company will construct the line and operate it within a time limit, but simply applies for a franchise for 30 years without any guarantee of operating one. Of course, this oversight can easily be put right. As the long distance telephone is now almost looked upon as a business necessity on this coast, it is more than probable that the council will pass the ordinance. Should this conflict with Mr. Tuttle's exclusive franchise he will have to fight that out in the courts with the Oregon Telegraph & Telephone Company.  
The city council met on Monday evening, with President A. J. Cohn in the chair, and Concilmen M. Leach, L. Hiner and L. Olsen present. Mr. Goyne having declined to accept the appointment of city attorney, Mayor Wiley appointed Mr. B. L. Eddy, and the council immediately confirmed the appointment.  
There was no report in regard to the Harrison road, and the matter was laid on the table indefinitely. Bills against the city ordered paid were: Marshal and commissioner, \$36; recorder's salary, \$10; J. F. Jennings, hauling gravel, \$4.75. President Cohn raised the question of expending some of the money belonging to the road fund for the improvement of some of the streets. While he did not approve the idea of improving the streets and sidewalks abutting people's property, he thought the street committee would be perfectly justified when they saw that a street only needed a few loads of gravel to order the work done and pay for it out of the road fund, and after discussing the matter somewhat, this seemed to meet with the approval of the committee, so that in future the city council will not be put to the trouble of assessing property owners with a few loads of gravel. The Oregon Telephone and Telegraph Company applied to the council for a franchise to maintain and conduct a telephone system within the city limits in connection with the long distance telephone. An ordinance to that effect was introduced and passed to its second reading, the council requiring legal advice before it would pass the ordinance. It appears that the city council about two years since granted Mr. J. E. Tuttle an exclusive franchise, and as there is a question whether the council could legally grant this, and with the fact that Mr. Tuttle was a member of the city council at the time and voted for the passage of the ordinance, raises a question also whether Mr. Tuttle's franchise, as passed, does not conflict with the city charter which specifies that no councilman can enter into any contract with the council.  
**Road Petitions.**  
The following road petitions, to change and vacate county roads, are posted at the court house, and will be presented at the next meeting of the commissioners' court:

Commencing at the NW corner of the Se 1/4 of sec. 21, and running W 1/4-mile to half mile stake, thence north, near line of old road to corner of sec. 16, thence west on road as now laid and crossing the bridge on Sand Creek, thence following section line west to foot of sand hills, thence along foot of hills in a south-westerly direction to tide water on Sand Lake, near a half mile stake between section 19 and 30, all in tp. 3 S, R 10 W.  
**Dissolution of Partnership.**

Hiner will collect all monies owing the firm and pay all indebtedness. The business will hereafter be continued by H. Huden under the name of the Tillamook Iron Works.

[TO EDITOR OF TILLAMOOK HEADLIGHT.]  
At a non-Partisan meeting held at Neskowin schoolhouse, the following resolutions were unanimously adopted:  
Resolved, that we citizens of Tillamook county, in convention assembled, pledge ourselves to do all in our power to secure the recognition of equal political rights for women, at our state election in June next; and in furtherance of that object we recommend that competent speakers throughout the county and state agitate the question of equal suffrage, and bring it fairly before the people.  
Resolved, that we support none but honest and efficient men for office, irrespective of political complexion; believing true moral worth more deserving of recognition than mere party affiliation.  
Resolved, that we ask the co-operation of all citizens of Tillamook county in our endeavor to purify politics.  
Resolved, that a copy of these resolutions be forwarded to the Tillamook Headlight for publication.

The paper says it is high time for the man "to turn over a new leaf and look for a more congenial clime."

**Evil of 15 Per Cent Tariff.**

SAN JUAN, Puerto Rico, April 1.—W. T. Townes, president of the Puerto Rican Tobacco Company, who yesterday declared that the proposed tariffs would keep Puerto Rico out of the American market, and, as a result of it, she would sell to Europe, China and Japan, instead of the United States, declared today that 15 per cent of the Dingley rates would prohibit Puerto Rican manufactures from sale in the United States. "Skilled labor," he said, "is higher here than in the United States, and the passage of the proposed bill would doom Puerto Rican manufactures."
