Republican State Platform.

The Republicans of Oregon, in convention assembled, reaffirm their belief in and loyalty to the gold standard. We commend the Republican Congress for its recent legislation making the gold standard a part of the statutory law of the land. So long as either of our great political parties advocates the free coinage of silver, the maintenance of the gold standard is the most important political issue, affecting, as it does, the value of the farmer's crop and the laborer's wages. We call upon all who believe in sound money to unite with the Republicans of Oregon in the important elections this year, in order that the victory may be won for the gold standard so decisive as forever to preclude the debasement of our currency by the free coinage of silver.

We heartily indorse the policy of the Administration, and particularly in securing the Philippine Islands, and we demand that they shall be retained as American territory. We have confidence that the American people, without departing from their traditions, will give security to personal and property rights, justice, liberty and equality before the law to all who live beneath the flag.

We indorse the policy of the Administration in suppressing the insurrection in the Philippines headed by Aguinaldo. We point with pride to the honorable part played by the Second Oregon Regiment in this war. They met with victory in every combat and covered their state and country with glory on every field. We condole with the families of those members of the regiment who lost their lives in the conflict, and extend our congratulations to the survivors of the regiment on their brilliant and honorable record they have made.

We regard trade with the Orient as one of the great sources of our National wealth in the future, and an open door in China is an important aid to the growth of our trade in the Orient. We commend the successful efforts of the present administration, and especially of the Secretary of State, to secure by treaty with the several European powers, the right to the free introduction of American goods into this great empire.

The Republican party of Oregon recognizes the vital necessity of control of the organization and curtailment of the powers of the trusts and combinations of capi-

tal by the state within its borders, and pledges its support in the approaching Legislature to laws defining and carrying out those objects.

We are in favor of retrenchment and reform in the expenditure of public money. We pledge the republican party to favor the enactment of all legislation looking to an economical administration of public affairs.

We favor the pending Constitutional amendment for an increase in the number of Supreme Judges from three to five.

We point with pride to the legislation adopted by the last Legislature. It abolished the railroad commission. It reduced the legal rate of interest to 6 per cent. It passed an act for the submission of the people of a Constitutional amendment providing for the initiative and referendum. It enacted a registration law for the protection of the purity of the ballot. As experience demonstrates this last act to be cumbersome in some particulars, we pledge the Republican Legislature to make effort for its amendment, to the end that the registration of qualified voters may be facilitated.

We are unalterably opposed to any measure looking to the leasing of the public domain, believing that such a system would have an undoubted tendency to hasten the concentration of land ownership in the hands of a few individuals and against the long-established American policy of encouraging home-building.

We favor an amendment of the Constitution of the United States so as to provide for the election of United States Senators by direct vote of the people, and we instruct our Senators and Representatives in congress to use every effort to secure such an amendment to the Constitution.

We are in favor of the immediate construction of a canal between the Atlantic and the Pacific, and we instruct the Oregon delegation in Congress to labor earnestly for the enactment of such legislation as will lead to the construction and operation of the canal under governmental control.

We urge the immediate passage of the bill now pending in Congress to pension Indian War Veterans, and we pledge the support of the Oregon delegation in Congress to the same.

We heartily indorse the administration of Governor Geer and the state officers of Oregon as economical, wise and creditable to the state.
