A union service will be held on Sunday evening at the United Brethren church, owing to Rev. F. H. Neff being about to leave the city.

The friends of Mr. G. W. Mowers will be pleased to hear that he has bought a fruit farm of five acres at Helena, Knappa county, Cal.

In the case of Martha J. Walling, vs. William Trevor, the former has been granted until July 1st to file abstract in the supreme court.

Miss Maud Sturgeon returned home on Friday from the Agricultural College at Corvallis, where she has been taking a course in pharmacy.

Mr. L. W. and Miss Flora Bumgarner, of Seattle, Wash., former residents of this county, came in on the steamer Sunday to visit relatives.

As Dave calls Portland a one horse town he would naturally call the agent of the Pacific Rubber Co. who hoodooed the city council a one horse liar.

Just arrived, from the Art Wall Paper Mills, Chicago, a lot of wall paper, which include the new designs just out. At Thompson's Furniture Store.

Rev. S. A. Smith will close his ministry in this city on Sunday and will leave for Davenport, Wash., having exchanged pulpits with Rev. B. F. Peck.

A marriage license was issued on Wednesday to Frank Eirelgeorge and Clara Earnest, who were married the same evening by Rev. E. Thornquest.

Improved new model sewing machines, with ball bearings, kept in stock, and sold on the installment plan, with 25 years' warranty, at Olsen & Co.'s.

The ladies belonging to the Degree of Honor, A.O.U.W., gave a basket and ice cream social at Todd's hall, which was tastefully decorated for the occasion, on Monday evening. It turned out a social success in every way, especially when the artistic and daintily arranged baskets

A pile of lumber fell upon David Edie at Hobsonville and dislocated his right hip and cut his head and face. Dr. Wiley was sent for and attended to the injuries.

Mr. O. Young was hobbling about the city, the result of a runaway while driving his team with a load of lumber near the cemetery last week, when his foot became caught.

It seems to us that the sixty days have expired when the oil men were to have commenced operations. We don't know, but probably the scheme did not receive enough "lubricating oil."

Call and see the new carpet samples. Twenty five patterns to select from. The new display shows the whole floor covered. Orders taken for carpets at Thompson's Furniture Store.

The Durham Ball Bearing Sewing Machine, for ease in running and durability, is the best machine for the price on the market today. Call and see them at Thompson's Furniture Store.

The fire hose, which was ordered by the city council about two months since, and which was to reach here within a few days from the time the contract was signed, reach here on the steamer Monday.

The best saw on earth. Use the Great Western saws and you will soon be convinced of this fact, for they are recognized to be the best saw now on the market. For sale at McIntosh & Nair's hardware store.

Judge R. P. Boise and Mr. J. Voorhes visited the Grange meeting at Fairview on Friday, and in the evening delivered interesting address. They left early on Saturday morning for Beaver to talk up grange.

Rev. C. P. Metzler will preach at the Presbyterian church in Bay City next Sunday morning. The members of the church are asked to be present at an important meeting which will be held immediately after the service.

We are sorry to state that Miss Maud Belshe, who was teaching in district No. 2, has been obliged to resign on account of sickness, and her father took her home east of the mountains on Wednesday. She was much respected in this county.

Keep your eye on the marshal if you can see him when riding a bike after dark without a lighted lamp, for he's going to enforce the light ordinance, which makes it compulsory upon those who ride bicycles after dark to have lighted lamps attached to their machines.

After making a number of inquiries we find that quite a number of persons report that they find the army worm still in the ground, and they believe that they will be more numerous than they were last year, while others do not think the worm is going to bother much this year.

So they're not going to have fireworks at the celebration. It's as well, for then people will not be disappointed with the expectation of seeing a \$500 display that cost the trifling sum of \$30 or \$40. Do you see the absurdity of advertising a "Grand Display of Fireworks" which costs but \$40. Many of the well-to-do children in large cities blow in more than that.

Mr. John T. Lighter came in on Sunday and left again on Wednesday. He was formerly editor of the Astorian, and was one of those who talked Astoria plum to death spouting about the benefit of a railroad, common point rates and holding out the idea that the commerce of the city of Portland would eventually be transferred to Astoria. Mr. Lighter admitted to us that Astoria was never in such a sorry condition as it is today, which, to our mind, is that Mr. Lighter in his attempt to boom and make a great city of Astoria at Portland's expense.

turned out, as it should do, a miserable failure, and it shows that Astoria needed conservative editors.

How's this for a team? William Reid's windy railroad scheme and R. M. Watson's watery watersystem. It would be hard to find two propositions with more wind and water in them than these. Pump more wind and water into it Bro., for when the inflation will stand it no longer you can switch off and fill your columns with bonded indebtedness with the same ingredients.

The fourth annual commencement of St. Alphonsus academy will take place to-morrow (Friday) evening, and, as usual, an attractive program has been arranged. The Sisters have taken a great deal of pains to make these exercises entertaining, and we are sure the first-class program for this occasion will be appreciated by all those who attend, for the pupils have always acquitted themselves well.

Mr. and Mrs. W. Kinderman, of Nebraska City, who have been visiting Mr. Hy. Tohl, at Nehalem, paid this city a visit this week and registered at the Allen house. Mr. Kinderman had been in the county before, coming here some years ago with Mr. Tohl. This is their wedding tour, and having enjoyed a few weeks in the Woolly West, the happy couple will return to Nebraska the end of the month.

John Heagney has been appointed assistant at Tillamook Rock lighthouse, and left on Monday to fill the position. For two years he carried mail between this city and Barnegat, and only once was he reported and reprimanded for delay, and on that occasion he had to get out of his boat and push it up to his waist in water owing to bad weather. His friends are greatly pleased over his appointment.

The steamer Sue H. Elmore came in on Sunday with freight from Astoria, bringing a large number of passengers. She left again on Wednesday. The steamer is now giving good service, making a trip most every week, to the satisfaction of shippers and the traveling public, and as the business of Tillamook demands regular transportation, the Pacific Navigation Co. is now alive to the requirements of the port.

A bevy of well-known citizens, with different political ear-marks, were discussing the weather and thing in general on the street the other day. As natural as it is for women to talk dress and fashion when they get together, so it is for men to drift into politics. And this is what these gentlemen did, although with good temper and wit as to what each political party was going to do with the other at the next county election. When one political war horse, and sage in the democratic part, after listening to the conversation, said: "Now, look here, gentlemen, things aren't divided up equal. You give us Baker and the Headlight and I'll bet you \$20 and we'll beat you." The joke turned upon our democratic friend, for taking his purse from his pocket to put up the Eagle, it contained but a few dimes and coppers, whereupon someone caused a big snicker by saying, "Why, that's the same calamity purse you had few years ago." That bombshell dispersed the crowd.

The city council met on Monday evening and accepted the bond of J. D. Morris and W. M. Hamilton for a saloon license, instructed the marshal to enforce the ordinance relating to bicyclist carrying a lighted lamp after dark, and passed an ordinance licensing the sale of soft drinks at \$10 a year, which the saloons will have to pay as well. A fine of \$10 to \$20 can be imposed upon those who are convicted for violating this ordinance. Councilman Cary complained about the fire hose not arriving and said he believed the agent lied to the council when he said his company had the hose in Portland, and for that reason the council ought to cancel the order. President Cohn said, no doubt, the order would have been canceled only the Pacific Rubber Co. sent in fire hose to be used in case of emergency. Councilman Cary did not appear to coincide with the president of the council, for he answered, "It would have been just the same, whether the company sent in the hose or not, the council would not have canceled the order."

CLOTHING, HATS, SHOES, Furnishing Goods, Groceries, Flour and Feed.

CLOTHING that LOOKS WELL is not always the kind to buy, but they must be the kind that WEAR WELL.

In other words they should be as GOOD AS THEY LOOK. OUR IDEA OF GOOD QUALITY is perhaps different from some others, Not Cheaper, But Better for the Money, is what we think should first be considered.

We want to SELL YOU YOUR CLOTHING, and therefore do not wish to palm off on you some inferior article for the Genuine, but appeal to your judgment, knowing you to be reasonable.

A Poor Cow costs its owner as much to keep as a good one, and therefore IS DEAR AT ANY PRICE.

Likewise A Poor Suit of Cloth costs nearly as much to make as a good one, and therefore quality must be taken from the Material Alone, in order to make the whole cheap, leaving the Suit Not Worth Having.

But when you combine quality of material with the making you obtain a good suit, one you can guarantee, and one which will be a pleasure to sell, and a pleasure for anyone to wear.

You can wear one of these suits for years, knowing they will not fade, bag or rip, while perhaps your neighbor's which is of the cheap John grade, is sun-burnt, faded, bagged, twisted and knock-kneed within a few weeks.

We have cheap suits, which we will sell you with the profit off, so you will have as good for the money as any one can sell you.

We recommend the better quality. We would advise you to buy the better quality and to buy from your home merchant, one who expects to remain here, who pays taxes, and one who has his capital invested here, and will be here to stand good for his guarantees.

If you do not wish to trade with us, you have others who are taxpayers and permanent residents, trade with them.

It is the money of the taxpaying merchant that helps to pay County Officers Salaries, build Roads, Bridges, pays for Butter, Eggs, Cheese, Wood, &c.

It is the taxpaying merchants that employ clerks, carpenters, painters, buys lumber, builds buildings, and improves the county generally.

It is the taxpaying merchants names you see at the head of every subscription list for charitable, benevolent or patriotic purposes for public improvements.

Are they entitled to your patronage? We think they are.

What applies to our clothing, applies as well to our whole stock. Come and see for yourselves.
