Consider the Source of the Cussing.

Considering the source of the cussing and cursing which appears in the columns of the Herald, no one need be surprised that the editor of the Headlight is made a target of. While it is not injuring us one particle, the respectable, intelligent citizens are enabled to see the true character of the writer. The Headlight is not entering to those who like vile abuse. "If Watson would apply all his cuss words to himself the people of Tillamook would have some idea of what the people thought of him over in Washington," said a gentleman who came from there and is now doing business in this city. "Watson was a life long democrat until he grafted himself onto republican office holders and politicians. It worked for a while over there, as it is doing here, but the republicans shut down on him and then he had to pull up stakes," concluded the gentlemen who is familiar with Watson's methods and cussing habits before he came to Tillamook.

Notice of Removal.

C. H. Woolfe has removed his shoeing shop from his old stand on the Main street to his building on the next street, near Grayson & McNamer's livery barn, where he invites his numerous patrons to call upon him when they want a good job of shoeing done.

NEHALEM.

The tug returned to Nehalem from Yaquina on Monday bringing the rigging of the barge, all that could be saved. She left on Tuesday for Astoria.

Dr. Bartel was up from Tillamook on Monday to visit Mrs. Klein who is quite ill.

We understand P. D. Newell has bought the old Beneteau place.

The Literary Society have quite a program advertised for Thursday night, with a cordial invitation to everyone.

Nick Drostoff opened the new novelty store on Saturday last, and gave a dance to celebrate the occasion.

The Woodmen of the World initiated John Sawyer and Wm. Norris into the mysteries of their order on Saturday night.

A new school district has been organized, with Vosburg as center.

SAND LAKE.

There will be a Christmas tree at the school-house on the day before Christmas, also an entertainment by local talent, all to wind up with a good social dinner. Santy will not forget the little ones of Sand Lake.

Mr. Marvin Webb had the misfortune to lose one of his horses.

Some smart Alick is hunting ducks by moon light, and he gets 'em to.

As evidence of the progress of the Sand Lake district can be mentioned the following improvements which have been made the past year: H. M. Farmer, large frame barn and cheese factory; W. C. King, cheese factory; W. Roenicke, cheese factory; Emmet Webb, frame house and barn; Marvin Webb, house and barn; M. Sommer, barn.

The following are new settlers who have bought and settled here within the

past year, and have families: Marvin Webb, Emmet Webb, R. R. Creighton, J. L. Johnson.

The following are families who have been absent for several years and have returned to their homes to stay, and say there is no place like Sand Lake: Jesse Kays and T. Shillinglaw.

There is good homes for more families yet.

It is no trick to go out and pick a bucket full of huckleberries, even if it is near Christmas.

Treaty is Ratified.

WASHINGTON, Dec. 16.—The senate today ratified the Hay-Pauncefote isthmian canal treaty by the decisive vote of 72 to 6. The vote was reached a few minutes before 5 o'clock, after almost an hour's discussion behind closed doors. There were no sensational incidents during the entire time. The debate was confined exclusively to a discussion of the merits of the agreement, and the policy of its provisions. The principal speech of the day was made by Senator Teller in opposition to the treaty, and he was followed in rapid succession by 12 or 15 other Senators, who spoke briefly either for or against the motion to ratify.

When the treaty was laid before the Senate Senator Teller expressed confidence that the resolution would be adopted, and while he had no purpose to attempt to prevent that result, he was convinced that there are few Senators who are really satisfied with the treaty. With Great Britain in her present mood he believed, he said, it would have been possible to secure a treaty which would give entire satisfaction, and he criticized the State Department for failing to do so. He took the position that it would have been sufficient to abrogate the Clayton-Bulwer treaty, and said that England knew well enough that with that result accomplished she could very well trust the United States to maintain the neutrality of the canal, as the country could be prepared to do so for many years.

WOMAN'S RELIEF

A really healthy woman has little pain or discomfort at the menstrual period. No woman needs to have any. Wine of Cardui will quickly relieve those smarting menstrual pains and the dragging head, back and side aches caused by falling of the womb and irregular menses.

WINE OF CARDUI

has brought permanent relief to 1,000,000 women who suffered every month. It makes the menstrual organs strong and healthy. It is the provision made by Nature to give women relief from the terrible aches and pains which blight so many homes.

GREENWOOD, La., Oct. 14, 1900.
I have been very sick for some time. I was taken with a severe pain in my side and could not get any relief until I tried a bottle of Wine of Cardui. Before I had taken all of it I was relieved. I feel it my duty to say that you have a wonderful medicine.
