The Post Office officials at Washington D.C., have just ruled that a subscription to any publication, entered as second class matter, must be discontinued when the time for which it was paid in advance has expired. As violation of this will deprive publishers of the pound rate it will prohibit them extending credit to their subscribers. As it will be necessary for the Headlight to conform to this ruling, we must ask our subscribers to pay up all back subscription and in advance as soon as possible.

There's always some fool thing on the tapis to fool people out of their money. First it is the quaker medicine suckers, then the oil land suckers, the gold mine share suckers, the gambling suckers, the quack doctor suckers, political suckers, and other suckers too numerous to mention, all of which do a thriving business, especially in Tillamook. Some people have to be fooled so many times buying a pig in a poke before they catch on or get their eye teeth cut. If you have been an easy victim previously, don't be a foolish sucker again by taking up a proposition with the only thing in it to draw the gold out of your jeans.

Mr. George Loerpabel writes to say he is pleased he bought Mr. Chas. Pye's place on the Nehalem and will soon become a permanent resident in Tillamook. He says that last summer was very hot and dry in Wisconsin, the thermometer often getting up to 115 degrees and now it is 25 below zero there and the river is frozen over thick enough to hold up any team and load. Mr. Loerpabel will find quite a change in Tillamook, for he will not require heavy duds in winter nor light ones in the summer. Like all new comers to this county he thinks he can induce other people to come here by sending them copies of the special edition of the Headlight.

Captain Chris Ahues, formerly master of the tug George R. Vosburg, was arrested by Deputy United States Marshal Roberts last week, on an information filed before United States Commissioner Sladen, of Portland, and signed by Algot Peterson a sailor. The information charges that, through criminal negligence and misconduct, Captain Ahues caused the death of J. W. Cole, cook on the lumber barge Wheeler, which broke adrift from the tug Vosburg, on the evening of November 27, and was afterwards wrecked on the coast. It alleges that proper diligence was not exercised by the captain in trying to rescue the barge. The preliminary hearing of the charges against Captain Ahues was held before United States Commissioner Thomson, at Astoria, and the case was dismissed because there was not sufficient evidence to warrant prosecution.

A watch night service was held Tuesday night at the M.E. church, which was well attended. Some good addresses and vocal and instrumental music made the occasion a most pleasant one for the last few hours of the old year and ushering in of the new. The speakers were Rev. C. P. Metzler, W. H. Cooper, T. H. Goynes, Rev. E. Thornquest, C. W. Talmage, A. W. Severance and Rev. G. Sykes. The instrumental music was by Mrs. W. Stephens, Miss Ruth Cooper, Mrs. H. Alderman and Mr. Shortridge, who rendered a cornet solo. Several nice solos were rendered by Rev. G. Sykes, Miss Lily Baker, Miss Fay Todd and Mrs. C. W. Talmage, and a duet by Mrs. Talmage and Mrs. Geo. Edmunds. The M.E. choir sang two anthems with good effect and Mrs. I. M. Smith gave a recitation. Intermissions during the evening helped to pass a pleasant and profitable evening, and when midnight arrived there was a general handshaking and with a wish that the new year would be a most happy one.

George H. Handley is Drowned.

We regret to have to record the death of Mr. George H. Handley, which there is no doubt occurred last Thursday in Tillamook Bay. He left this city the previous day to play for a dance at Garibaldi, going down in Mr. Thos. Coates' sail boat. About eleven o'clock the next morning he left Garibaldi in the sail boat for this city. The weather was rough at the time and the wind was boisterous. He was advised not to start, but knowing how to handle a boat well, and having several cases requiring his attention as justice of the peace in this district and which he had promised to attend to, he started out satisfied that he could make this city, little dreaming that it would be his last sail on the bay and that the closing days of the old year would cause his parents, wife and brothers deep and heartfelt sorrow. Several parties watched the boat in the bay, and when off Bay City the sail was seen to disappear. It will, perhaps, never be known whether

the boat was capsized or dashed into the jetty and was smashed to pieces. The latter theory appears most probable, as several pieces of the boat were found on the spit opposite bar view on Sunday. It was not until Saturday that any uneasiness occurred, although George's family could not understand why he did not return and became anxious about him. When it was reported Saturday that a boat had drifted ashore at Bay City it was immediately thought that this was Handley's boat. This was not Handley's boat, but a search was immediately made for him, and Saturday evening pieces of the boat were found on the spit. This shattered all hope of finding George alive, although another diligent search of the bay was made on Sunday. Some think that the boat drifted to sea and was broken to pieces in the breakers, and it is probable that the body was carried to sea by the tide. It is a sad accident to the bereaved family, and they feel their loss quite keenly. George was an attorney by profession and 27 years of age and was married to Belle Williams about four years ago, one child having been born. He was the son of Attorney T. B. Handley and was a member of the Masonic order.

New Year's Wedding.

A new year's wedding took place on Wednesday evening at the residence of Mr. and Mrs. S. A. Brodhead, when their youngest daughter, Miss Bessie, was married to Mr. Benjamin D. Lamar. When the guests had arrived, there being quite a number, Miss Nevada Grayson played the wedding march, and the bride and groom having entered and taken up positions beneath a canopy of ivy and white silk ribbon, with pretty plants for a background in the window recess, Rev. C. P. Metzler impressively conducted the marriage ceremony from the Presbyterian church ritual, uniting them in the bond of matrimony. The bride looked nice in her wedding attire, and being a young lady of a sweet disposition, received the congratulations and best wishes of the wedding guests with becoming dignity. The happy couple are highly respected. Mr. and Mrs. Brodhead invited the guests to a wedding supper, which was nicely served, after which the company left. Mr. and Mrs. B. D. Lamar received a large number of handsome and useful presents, a large proportion of which was silver ware, from their many friends, who wish them much joy in their married life. The bride was nineteen years of age on her wedding day. The presents were from:

BOULDER CREEK.

Elder R. Y. Black preached at Brown school house last Sunday.

Mr. and Mrs. C. A. Smith and family were guests at the home of Mr. James Woods, on Sunday.

Santa Claus did not forget his little friends on Boulder, and even the older element was well remembered—sure sign of the general prosperity of the past year.

Oliver Kinnaman, of Beaver, spent several days with friends and relatives in our neighborhood recently.

Mrs. Grace Chopard and son Norman, accompanied by Virgil Getchell, came up from "Cedarvale," Monday. Mrs. Chopard has been visiting her father's family since Tuesday last week.

Mr. and Mrs. H. L. Jensen went down to Hebo last Tuesday week to spend Christmas with Grandpa Jensen.

Some wild animal is committing depredations among the sheep and goats in our neighborhood; we think the men ought to band together and have an organized hunt for the marauder.

Wishing the Headlight, its editor, staff, correspondents, and all its readers, a bright, prosperous and happy new year, we will say a revoir.

A Suit of Clothes, an Overcoat, Mackintosh, Umbrella, Trunk, Pair of Blankets, Hat, Pair of Shoes, or an order on us for a bill of Groceries, will be a much nicer and a more useful present than some cheap trash that will soon be thrown aside, and will neither keep away cold or hunger.
