 Owing to the death of George Handley the Masonic lodge will hold memorial services in the Methodist church on Sunday afternoon, Feb. 2nd, at 2:30, when Rev. Gabriel Sykes will deliver the oration.
 The best saw on earth. Use the Great Western saws and you will soon be convinced of this fact, for they are recognized to be the best saw now on the market. For sale at McIntosh & McNair's hardware store.
 Dr. Lawless, resident optician, has opened optical parlors next door east of Barnes' meat market. You had better call on him, and see if your head aches, and nervousness is caused from poor eye sight. Eyes examined free. Prescription work a specialty.
 Messrs. Charles Redmond and J. W. Gray came in from Portland on Wednesday. They represent the Standard Art Company of Portland, which makes a specialty of crayon, pastel and serina work. They will canvass the city and county with specimens of their works of art, and being a reliable firm, expect to do a good business while they remain in the city.
 Register Moores, of the United States Land Office, made an order on Saturday dismissing 12 of the cases in which Charles E. Hays contested the claims of settlers in Tillamook County. Following is a list of the cases dismissed: Annie Tone, John F. Watts; Charles A. Bailey, Shelley M. Bayley, Fred C. Baker, Alma Barker, William Barker, Millie A. Coles, Henry Crenshaw, William E. Eason, Eli K. Erickson.
 The shadow social given on Monday evening by the ladies of the Degree of Honor was a pleasant affair and brought together a nice crowd. The program consisted of tableaux appropriate to the order, songs by Misses Fay Todd and Lily Baker, recitation by Mr. C. B. Riesland and a cornet solo by Mr. F. L. Sappington. Some of the "gag sparks" paid as much as four and six dollars for the shadows that captivated them, only to find that they had purchased, not a sweet young thing, but another man's wife.
 W. J. May, M.D., LL. B., who has just been elected president of the Eastern Oregon District Medical Association, which perfected permanent organization at Pendleton Thursday, is a resident of Baker City, where he has resided for the past two years. Dr. May is a graduate of the Missouri Medical College, of St. Louis. After graduating he practiced medicine in Iowa for a few years, and then moved to Tillamook, Or., where he remained for seven years, before going to Baker City. Dr. May is very popular with the medical men of Baker City, and they all heartily appreciate the honor that has been conferred upon him.
 Mayor J. L. Briggs presided over a meeting of the city council on Monday, when Councilmen S. A. Brodhead, W. H. Reynolds and F. L. Sappington were in attendance, the latter having qualified and took his seat as councilman from the first ward. R. M. Watson having refused to qualify for councilman from the fourth ward, the office was declared vacant, and two petitions having been read praying that Joseph Lohman and Albert Mason be chosen to fill the vacancies, the city council unanimously elected Mason. The Mayor appointed Councilmen Brodhead, Reynolds and Grayson to ascertain the cost of putting in a water system. The city council voted a 3 mill tax for road purposes and 2 mills for general fund.

Boys Caught in the Breakers.

What might have been a triple drowning occurred last Sunday morning near the residence of O. R. Chamberlain, South of Cape Lookout. Two of the neighbor boys, Claude Dunnigan and Henry Farmer, were spending Saturday night and Sunday with Robert and Rexford Chamberlain. Sunday morning they all went to the beach, a few rods from the house to play. Dunnigan and the Chamberlain boys ventured too far out on the sand and presently a large breaker arose within a few feet of them. Being frightened they started to run to higher ground, but the breaker struck them, throwing them all off their feet.
 Claude and Robert being close to each other, clung and went down together. They were rolled over and over by the breaker and carried seaward for a short distance, when a second breaker struck them, throwing them out on the sand, where they scrambled out, being very much wetter and not a little wiser than when they went out to play. Had not the second breaker struck them when it did, they, undoubtedly, would all have been drowned.

Mrs. Sam Downs Passes Away.

It is with regret that we have to announce the death of Mrs. Mary Susan Downs, wife of Mr. Sam Downs, which occurred on Friday, after a lingering illness. The remains were buried on Saturday in the Oldfellow's cemetery, and it was one of the largest attended funerals in the county, the deceased lady and her husband being highly respected by a large circle of friends of long standing in the county. Rev. T. W. Caldwell, pastor of the United Brethren church, conducted the religious service, and a large delegation of members belonging to Tillamook lodge, No. 94, was in attendance.
 The deceased's maiden name was Mary Susan Davidson, and was the eldest daughter of Gideon B. and Rebecca Davison, Tallant, Jackson co., Ore. Her husband died in 1859, and in 1891 she was married to Mr. Sam Downs. Deceased had seen much trouble, which she bore with fortitude, and was a great sufferer prior to her death. The sympathy of the community is with the bereaved husband and relatives.

RESOLUTION OF CONDOLENCE.

Hall of Tillamook Lodge, No. 94, I.O.O.F., Tillamook, Oregon, January 22nd, 1902:
 Whereas death has invaded the home of Bro. Samuel Downs, and a dearly idolized wife removed therefrom; and
 Whereas the members of Tillamook Lodge, No. 94, deeply sympathize with them in the loss of their loved one from the home circle, therefore, be it resolved that this lodge extend to Bro. Samuel Downs the assurance of sincere and deepest sympathy in their bereavement, but as no earthly consolation or sympathy can avail in the stillness and desolation of death, trust that they can lean on Him who said, "Suffer little children to come unto me," remembering their loss is her gain, and the day not far off when Baby Violet and the broken circle will be united.
 Resolved, that a copy of these resolutions be furnished Bro. Samuel Downs under seal of the lodge, a copy furnished the Tillamook Headlight and the Tillamook Herald for publication, and the same be spread on the minutes of the lodge.

Big Bargains.

I will sell at greatly reduced prices to make room for my spring stock of goods which I shall buy in Portland soon.
 Call early and take your choice in goods.
 W. E. PAGE, Tillamook, Or.

Card of Thanks.

The relatives of Mary A. Bromley, the deceased wish to thank their friends for their services, who during the illness of their loved one showed the spirit of willingness and performed the act of Christian duty.

WILL CARRY 1,500,000 FEET.

The Largest Shipment of Lumber from Tillamook Bay.

The steel lumber schooner Meteor, which has been chartered by the Truckee Lumber Co. to load lumber at their saw mill at Hobsonville, arrived off Tillamook Bay on Thursday morning of last week, and owing to the condition of the bar did not cross in until Monday morning. She is now loading at the saw mill, and will take on board 1,500,000 feet of lumber, the largest shipment to leave Tillamook Bay, as vessels of 550,000 capacity have been engaged in the lumber carrying trade, and if the enterprising Truckee Lumber Company can manage to charter more vessels like the Meteor it will double the commerce of Tillamook bay in a few months and cause an activity in the lumber industry in Tillamook which will eclipse all previous years.
 The Meteor is commanded by Captain Jensen and is an all steel vessel, being 265 feet in length, 42 feet beam and 24 feet in the hold. She will leave on Sunday for San Pedro.

The great hindrance to the lumbering industry in this county is Tillamook bar, and until the general government comes to our assistance the lumber industry must remain stunted, for only small coasting vessels can be relied upon to take lumber. It is not for the lack of enterprise, of push, or of money that is keeping Tillamook back, for the lumbermen have, with true Western grit, endeavored to surmount and back impenetrable difficulties to ship lumber from Tillamook, only to meet disappointment and financial loss and the closing down and removal of saw mills. Tillamook has an enormous amount of standing timber ready to be manufactured, and the only obstacle in the way is Tillamook bar, which should be improved to allow the timber to be manufactured. Tillamook would then become the lumbering center of the Pacific Coast, and instead of loading half a dozen lumber schooners every month it would be an easy matter to load that number of vessels of four times the capacity every day, for there are plenty of men ready to erect saw mills and manufacture lumber directly they see that the government intends to improve Tillamook bar.
 As the river and harbor bill will soon be before congress, it is only natural that the people of Tillamook will look with a good deal of anxiety what the appropriation for Tillamook bay and the survey and estimates for the improvement of the bar will amount to. The latter is most important, and it is confidently expected that Senator Mitchell and Congressman Tongue will do their best to secure a liberal appropriation for Tillamook, for no section of country is more deserving of it. The people of Tillamook are industrious and thrifty as a class, and they have borne their isolated, "bottled-up" condition with patience for a number of years and now think they are entitled to some of the crumbs that fall from Uncle Sam's table to improve our harbors so that Tillamook can grow commercially and industrially. When congress comes to the rescue by improving Tillamook bar it will be a red letter day in the county, and the Headlight is in hopes that it will not be many years.

Masonic Resolutions.

To the W. M., Wardens and Brethren of Tillamook Lodge No. 57, A. F. & A. M. of Oregon:
 Your committee appointed to draft resolutions on the death of our late brother, H. V. V. Johnson, respectfully report the following resolutions:
 Whereas, in the fullness of years our beloved brother, H. V. V. Johnson, has been called from this imperfect to that perfect and celestial lodge on High where the Supreme Architect of the Universe presides; and
 Whereas, Brother Johnson, through a long life of usefulness exemplified in the highest degree the precepts of our order; in youth as an entered apprentice diligently acquiring knowledge; in manhood as a Fellow Craft, applying that knowledge in the discharge of his duties to God and man; and in his age as a Mason, enjoying the reflections consequent upon a well spent life;
 Be it resolved, that in the death of our Brother we recognize that a Patriarch has fallen; we recognize the loss of a genial, kindly companion, a tried and true friend, a teacher in Masonry and a leader in every good work. As our lodge bears the imprint of his skill in the mystic art, so should our lives show the reflection of his true charity to all mankind.
 Resolved, that while we mingle our sorrows with his bereaved relatives, we realize that our loss is his great gain.
 Resolved, that we will ever cherish his memory, and endeavor to erect a monument by emulating the virtues which adorned his life as a man and a Mason.
 Resolved, that as an outward mark of sorrow and respect the Lodge Charter and Jewels be draped in mourning for the space of thirty days, that these resolutions be furnished to the press and spread upon the records of this Lodge, and that a engraved copy thereof be forwarded to the widow and family of our departed brother;

Resolved, that the thanks of this Lodge are due and tendered to the W. M. Wardens and Brethren of Union Lodge, No. 43, for their brotherly services in conveying the remains of our beloved Brother to his last resting place with Masonic honors, and that a copy hereof be forwarded to Union Lodge under seal of this Lodge.
 Respectfully submitted,
 T. B. HANDLEY, } Committee.
 FRANK SEVERANCE, }
 A. A. FORD. }

Notice of Removal.

C. H. Woolfe has removed his shoeing shop from his old stand on the Main street to his building on the next street, near Grayson & McNamer's livery barn, where he invites his numerous patrons to call upon him when they want a good job of shoeing done.

To Our Patrons and Friends.

After a careful review of our past year's business, we have concluded that it is no longer profitable for us to continue a credit system, and have concluded to sell for spot cash, small profits and quick sales will be our watchword. We kindly ask all who are indebted to us to come in and settle their accounts and greatly oblige.
 MCINTOSH & MCNAIR.

Notice.

Some people wonder how the brakery can sell so cheap, now I will tell you. I sell for cash only, merchants selling on time have to charge 10 to 15 per cent extra for possible loss, those who pay cash have to help pay this possible loss. By selling for cash, I can buy for cash. I buy better goods and get discount off. That is the reason we can sell cheap.
 Fresh rye bread Wednesday and Saturday.
 A. C. VOGLER,
 Tillamook Bakery.

Eleven of the most desperate prisoners in the United States Penitentiary on McNeil's Island made their escape between 1 and 2 o'clock Sunday. It was the most daring and successful jailbreak ever attempted in the state of Washington, and the character of the men implicated makes it doubtful whether they will be retaken without the loss of life.

An important capture has been made in Laguna Province, Luzon, when eight men of the Eighth Infantry captured a woman insurgent named Aqueida Kahabagan. She recently commanded an insurgent force of 800 men, 300 of whom carried rifles while 500 were armed with bolos. For six years past she has been leading insurgent bands against the Spaniards and Americans.

American soldiers in the Philippines must shoot with more accuracy. This is the burden of an order recently issued by General Chaffee, copies of which have been received at the War Department.

The General points out that, as the unavoidable result of lack of regular target practice, both officers and men in the Philippines have fallen far below the desirable proficiency in this most important of the soldier's qualifications. To the end indicated, General Chaffee has ordered a number of exercises to be performed by all the enlisted men of the Army of the Philippines using the carbine or rifle.

Having failed, after two years' strife, in subduing the insurrection in Batangas Province, which lies just south of Manila and having satisfied himself of the lenient treatment of the insurgents is productive of no good results, General J. Franklin Bell, the military commander in that province has determined upon the enforcement of the war in the most vigorous and determined fashion, involving reconcentration in a modified form, the application of martial law in all directions, and the upspringing pursuit and punishment of the natives who act as spies and traitors to the United States. All this appears from a long report to the War Department just published.

Secretary Hord, of the Oregon Mining Stock Exchange, in receipt of a communication from a minor who has invented an instrument that will not only locate a ledge of gold-bearing rock, but will also accurately measure the extent of the ledge and the amount of gold contained. This is an invention that should be worth millions of dollars, if it will do what is claimed for it, even if it has to drive every honest prospector out of business, destroy the vocation of the assayer and eliminate every vestige of chance still connected with the mining industry. Moreover, "there's millions in it," in the language of Colonel Sellers, providing the machine does not balk.

According to the Berlin correspondent of the Journal and American, the Crown Prince of Germany is not enjoying students' life in Bonn at all. He dislikes the restrictions and commands of the corps and the usages and ritual of the students' society to which he belongs. He considers those usages stupid and once he goes so vexed over some commands of the corps that he walked out of the club drinking-room. As a result the leading official of the organization came to Berlin and made complaint to the Emperor, who decided that the Crown Prince should receive the same treatment as all others. Then the corps sentenced the Emperor's son to two weeks' confinement in his room, and this, it is learned, he suffered before he came to Berlin last Thursday.
