her cargo, being the first marine insurance taken out in this city.

A District Convention of the Knights of Pythias will be held in Hillsboro, Friday, June 5th. The district includes Knights from Tillamook, McMinnville, Forest Grove, Cornelius, Glencoe and Hillsboro. There will be about 200 visiting Knights here that day. A picnic dinner is to be eaten under the shade of trees, and at night a banquet will be served.—Hillsboro Independent.

Mr. A. Rose returned to Templeton, Cal., last week, going by team. He has leased his place on the Miami, and returns to California to visit his family and in anticipation of assisting his sons harvest a big wheat crop, as the rajus have been copious in that part of the state. Mr. Rose is a good old democrat, and before he left advised the editor not to be too hard on his untried brethren.

Mr. I. B. Delsman, who has bought a farm of 240 acres four miles east of Hillsboro, leaves this county today to take possession of his new property. We are sorry to see Mr. Delsman join the exodus, for he has been one of our progressive dairymen, and while he was secretary to the Tillamook Creamery Company that institution thrived and prospered, being the second largest creamery in the county. Mr. Delsman's daughters will remain in this city until after the academy closes. Emmett Quick drove the family out.

Notice.

In future electric light and water rents must be paid at Henry Crenshaw's harness shop, which are due the 1st of each month. If not paid by the 5th of each month they will be cut off.

Samuel P. Wilks is Dead.

Samuel P. Wilks, for several years a resident of Tillamook county, died on the 3rd of May at Winlock, Wheeler county, Oregon, aged 59 years. He was born at Short Creek, Newton County, Mo., on January 18th, 1844. When an infant he was brought across the plains by his parents in an ox team, who located in Oregon. Since then he has lived in Washington, Tillamook and Yamhill counties, till about four years ago, when he moved to Wheeler county with the family. He was married to Miss Luck Brown in 1861, and to them were born three sons, two of whom are living, while the other died 17 years ago. Deceased leaves a wife, an aged mother and five brothers and three sisters to mourn his death. The cause of death was heart failure.

Republican Rally.

A republican meeting, in behalf of the candidacy of Binger Hermann, republican nominee for congressman, will be held on Saturday at Hobsonville. The speakers will be Hon. B. L. Eddy and Hon. H. T. Botts. The meeting will be called to order at 7:30. All are most cordially invited.

An effort was made to have either Mr. Binger Hermann or Senator C. W. Fulton visit Tillamook, but owing to the scarcity and demand for speakers in the more populated parts of the district, it begins to look as though Dr. T. W. Harris, chairman of the congressional committee, will not be able to send speakers to this county. It has been decided to hold a Hermann rally in Tillamook City on Saturday evening, May 30, and in the meantime another effort will be made to get a good speaker from the outside, but if this fails local orators will be invited to hold forth.

Interesting Lectures.

Marshall Pettit, who is giving a series of lectures at the opera house this week, is a genius in his line, and is drawing large and appreciative audiences. He is a humorist and entertainer with a good reputation, while his lectures, and the pleasing and fluent style in which he delivers them, show the scholarly effect in which he has mastered the subjects he dilates upon. His lecture Monday was a treat, something that appealed to the intelligence, and in marked contrast to the frivolous shows that come to this neck of the woods. Mr. Pettit can read a person's character accurately, and he explained to his audience how this was done: By the style a man put his foot on his head, how he wore his shoe, how he walked, the shape and size of the nasal organ and lineaments of the head and features, and even to a person's writing. Mr. Pettit is accompanied by his wife, who has a sweet voice, and her character sketches and vocal lullabys are excellent. There are only three more lectures, and they should not be missed. To-night it is a lecture to males only, and entitled, "Man's Hell." Friday and Saturday will close the entertainments and the lectures. Mr. Pettit lectured in Tillamook some 16 years ago, and the improvements in the county and city were a pleasing surprise of him, and as there were no newspapers in the county at that time to give his lectures a word of commendation, we are pleased to be able to do so now. Friday his subject is "Success" and Saturday "Christian Science."

Jerry Murphy Killed.

A fatal accident befel Jerry Murphy at the logging camp on Bewley Creek this morning, when he was instantly killed by the top of an old tree falling upon him. He was about 42 years of age and unmarried, and well known throughout the county.

Editorial Snap Shots.

What made the audience laugh Monday evening when the lecturer said: "A pug nose a pug intellect?"

There must have been an hen on last week somewhere on the outside by the way some of our citizen scouted out.

The voters of Tillamook county must turn out on the 1st June and vote for Binger Hermann if they want the county relieved from its bottled-up condition.

Tillamook County, with its natural and extensive resources, was never intended to be bottled-up by those who want to monopolize the transportation and lumber industry.

Stick to a true friend, whether he be as rich as a millionaire or as poor as a church mouse. The person who courts friendship for what he can make out of a man is the worse kind of a friend.

It will give Prof. E. H. Whitney this satisfaction when he tips the scale at 240, he will be eligible for the fat man's race at Fourth of July celebrations. Say, Prof., hadn't you better be thinking of hiring a small boy in anticipation of helping you carry that "duck tub."

Republicans in Tillamook county have taken notice that the Independent is now engaged in jumping upon Mr. B. L. Eddy and throwing out all manner of silly insinuations? Is that what F. R. Beals and a few others put the editor of that sheet on his feet for? It will be your turn next, gentlemen, for Mr. Eddy did the same thing a few years ago, and now see the base ingratitude he is receiving for his kindness.

We understand that the steamer Geo. R. Vosburg is to be put in service again, provided the saw mills will enter into a contract to do their towing. The charge for towing has yet to be agreed upon, but we hear that it will be somewhere about 50c. or 60c. a thousand. This may be considered a little high, but it is better than having no tow boat, for every lumber schooner that is loaded here means that much more employment for men and that much more money brought into the county.

The instigators of the Tillamook timber land dicker had better be taking a tumble to themselves, for their 'dependent', who received money to go to Oregon City to file on a timber claim and has since signed a relinquishment, is pursuing the right tactics to bring a peck of trouble upon those who first went into the timber land dicker. If they would put their ears to the ground they would be startled to know what is being done to bring about a searching investigation. And all this because the 'dependent' they brought into existence has come out in its true colors and is openly ridiculing the powers that be and pouring out its personal spleen upon Mr. B. L. Eddy and the editor of the HEADLIGHT—which is certainly out of place at this time, poor judgment and ridiculously silly. When the hand begins to play don't squeal, gentlemen, for the 'dependent' is getting you into an awfully tight predicament. But let her rip, the 'dependent' has stirred up the muck and is trailing the coat-tail.

On Tillamook Steamer.

F. L. Gunn, the Nehalem millman who is in the city interesting merchants in a proposed steamer line to Tillamook, made a proposition to the Board of Trade last night, at the general meeting, and asked the Board to endorse his proposals. Mr. Gunn, a few days ago, laid his scheme before the Chamber of Commerce, and is now engaged in interviewing jobbers around town to see if they will take stock in such an enterprise.

He said before the Board that Tillamook would guarantee, in any form Portlanders wish, that it would give three-fourths of its business to Portland's steamer if it is placed on the run. He said he would load lumber at \$10 per 1000 at his mill and would pay \$3 per 1000 for the haul to Portland. Mr. Gunn estimated that the cost of a steamer of suitable capacity would be from \$6000 to \$15,000. He said the run could be made in 16 hours from Portland. A steamer carrying from 130,000 to 150,000 feet of lumber was the required size. He explained many details about the injustices practiced on the people of Tillamook and Nehalem, where there are no adequate transportation facilities, and where the people are practically at the mercy of one transportation company.—Evening Telegram.

Wanted, 200 dozen Eggs at "HALSOM'S," will pay 16c. dozen. Chickens, \$3 50 to \$3.75 dozen.
