The Ridehalgh Case.

We understand this case will come up in the circuit court next month. It will be remembered that Walter Ridehalgh was arrested, tried and acquitted for operating a cold storage plant at Garibaldi without a license.

Stray Notice.

Strayed, from my place near Spruce, Oregon, in the fore part of August, four Jersey calves, nearly one year old now. Two black, one yellow and one red. The largest is black with Jersey ring very prominent around the nose. Information leading to the recovery of above described calves will be liberally rewarded by C. J. Blanchard, Spruce, Ore.

Dissolution of Partnership.

To whom it may concern:
NOTICE IS HEREBY GIVEN.—That the partnership existing between A. R. Gangloff and D. Millar, under the name of Gangloff & Millar, has been this day dissolved by mutual consent. Mr. Gangloff retires from the firm. Mr. Millar assumes all liabilities of the firm and will receive all debts due the same.

The peculiar official explanation of the postponement of the Czar's visit to Rome, "owing to circumstances over which he has no control," is interpreted in some quarters to mean that the threatening outlook in far Eastern affairs calls for the Emperor's presence in Russia. There is no confirmation of the alarmist rumors. At the Japanese Legation no news had been received of the reported ultimatum.

In this forthcoming annual report, Land Commissioner Richards will present a forceful argument in favor of the radical modification of the timber and stone act. He builds his argument upon the showing of rapidly increasing timber entries in late years. Out of 19,741,180 acres of public entered during the past year 1,765,222 were covered by timber entries, or more than three times the area of timber entries in the preceding year. This growth is the better appreciated when it is known that in the 25 years the timber and stone act has been operative less than 7,000,000 acres all told have entered under its provisions. Commissioner Richards objects to the timber and stone act because it allows entrymen, largely speculators, to acquire for \$2.50 an acre lands that are easily worth \$100.

\$100 Reward, \$100.
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure not known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and sending nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
