The Bill Should be Amended.

The bill introduced by Representative West, at the request of W. H. Cooper, to empower municipal corporations to condemn waterworks and water systems belonging to private persons, came to hand today. It has passed the house.

The bill provides:
 Sec. 1.—Any municipal corporation shall have power to build, construct, operate and maintain water works and water systems, within their corporate limits, and in territory adjacent thereto, and shall be empowered to condemn and to take full possession of any and all waterworks, or water systems, owned and operated within such municipal corporations, and in territory adjacent thereto, by any private person, or corporation, by giving such private person, or corporation, thirty days notice thereof; provided, such municipal corporation shall, before beginning the actual construction of its water works, or water system, pay to such private person, or corporation, such sum of money, to be not less than the actual cost of such entire water system, or waterworks, to such private person or corporation, including all the sums paid for land, buildings, tools and machinery connected therewith.

Sec. 2.—The preceding section is intended to apply only to private persons or corporations who are engaged in selling water, or in leasing water power to private persons or corporations within the limits of any incorporated city or town, and shall not be in conflict with, or in any way interfere with the laws governing the rights of irrigation.

The HEADLIGHT has no hesitation in saying that this bill should not become a law in its present form, for it would compel the people of Tillamook City to pay the Tillamook Water Company the first cost for their system. There is no justice in that after a system has been in use for a number of years and in a bad condition. It is true that the owners have vested interests in the present system and they should not be closed out if the city does not want to buy. In our judgment the bill should be amended so that a committee of arbitration should decide what a system is worth before a city is compelled to buy, for no one wants to pay the same amount of money for a second hand article, no matter what its condition, as they would for a new article.

Enthusiastic Railroad Meeting.

A large and enthusiastic meeting took place on Saturday afternoon at the opera house to hear the report of the committee appointed to take up the matter of building a railroad into Tillamook, either from Forest Grove or North Yamhill by Mr. J. E. Simmons, who is waiting a subsidy of \$35,000, 100 foot right of way, and terminal grounds.

The committee's report recommended that a committee of three be appointed to solicit subscriptions for the subsidy, to be raised in 40 days; that as soon as the necessary funds are raised a meeting of the subscriber is to be called; that \$25,000 be paid as soon as the railroad reaches Tillamook City and the other \$10,000 paid as soon as it reaches Netarts Bay. Another point in the report was that it did not undertake to bind the subscribers to Mr. Simmons or any one else, but that the money and rights of way should go to the company that will put in a railroad.

Messrs. T. B. Handley, B. L. Eddy, C. Thayer and others spoke in favor of a strong effort being made to raise the money, they contending that the citizens had nothing to lose and everything to gain by Mr. Simmons' proposition. Mr. Eddy, although he had no personal knowledge of Mr. Simmons' ability to carry out what he had proposed, he had been reliably informed that if Mr. Simmons had promises to put in a railroad he would do so.

Mayor Cohn appointed F. R. Beals, C. B. Hadley and Geo. W. Grayson the committee to solicit subscriptions, and if the necessary funds are subscribed within 40 days, the citizens will be in a position to contract with Mr. Simmons or any one else who wants to put in a railroad under the conditions specified.

About \$15,000 is already subscribed, and some of the largest subscribers are Geo. Cohn, McIntosh & McNair, C. B. Hadley, W. H. Harrison and Gus Kunze, \$1,000 each; E. T. Haltom, H. B. Hathaway, Tillamook Lumbering Company, Reynolds & Jones and H. F. Goodspeed, \$500 each.

Weddings.

On Wednesday, February 1st, 1905, at the home of the bride's parents, at Blaine, this county, Mr. and Mrs. James Woods, Mr. William Ray and Miss Rachel Wood were united in marriage at high noon, Mr. Forest Ayers acting as best man and Miss Belle Carl as bride's maid. Only the relatives and immediate friends were present. On Thursday the bridal procession moved to the home of Mrs. Ray, where Mr. Robert McClay and Miss Ethel Ray were united in the holy bonds of matrimony at 12 o'clock, and the newly married couple, Mr. and Mrs. Ray, were called upon to act as best man and bride's maid. After the ceremony a bounteous dinner was served to the honored guests. Rev. R. Y. Blalock performed the ceremonies in both instances. The contracting parties are popular young people of Blaine, and all join in extending their congratulations and wishing them long and happy lives.

A wedding took place on Sunday afternoon at the home of Mr. and Mrs. W. Tinnerstet, at Fairview, when Rev. E. M. Patterson, pastor of the Christian Church, joined Mr. Dolph Tinnerstet and Miss Bertie McGowen in holy wedlock. The bride is the only daughter of Mrs. Penwell, and a young woman much respected in that neighborhood, while the groom is the son of Mr. W. Tinnerstet, who has a large number of friends. The ceremony took place in the parlor which had been tastefully decorated for the occasion with white and green, and it was under a bell of white ribbon that the nuptial knot was tied. Miss Amanda Tinnerstet played the wedding march. Mr. Leslie Penwell was best man and Miss Anna Tinnerstet the bride's maid. After the ceremony the happy couple were congratulated by a large number of invited guests, who wished them a long life of happiness. The guests were then invited to the hospitality of Mr. and Mrs. W. Tinnerstet, when a wedding supper was served. The newly married couple will make their home in Tillamook. Those present were: Prof. and Mrs. Buel, Mr. and Mrs. H. C. Kunze, Mr. and Mrs. H. F. Holden, Mr. and Mrs. Charles Kunze, Mr. and Mrs. Ed. Morgan, Mr. and Mrs. L. S. Maynard, Mr. and Mrs. J. W. Maddux, Mr. and Mrs. D. Billings, Mrs. Barbara Babi, Misses Anna Holden, Lottie Kunze, Leonora Kunze, Lucy Wolfe, Male Stoddard, Neva Maddux and Messrs. Will Newcomb, John Harter, Ira Tomlinson, Luk Woolle, Edward Fishhooker, Arnold Tanner, Carl Kunze, Lail Maddux and Carl Haberlach.

Representative Miles' bill to protect forests against fire passed the house as amended by the committee on public lands, with only one voice raised against it—that of West, of Tillamook, Richie, of Marion, Sewell, of Washington, and Gray and Sonnemann, of Douglas, who opposed the bill in its early form, explained that the objectionable features had been eliminated to their satisfaction, and that they were willing to see the measure pass. Those who advocated its passage were Miles, of Yamhill, and Bingham, of Lane.

To Protect the Timber.

The bill provides that between June 1 and October 1 brush and clearing fires shall be set out only on permit issued by County Clerks, and that such permits shall be good for three days. Forest rangers appointed by County Courts and paid by timber owners petitioning for them are to have police power in enforcing the act. The bill contains rigid

provisions for punishment of careless and wanton starting of fires in timber areas.

The bill in its present shape is expected to pass the Senate without much opposition. The original bill provided for a closed season between August 1 and September 15, during which all clearing fires were to be prohibited.
