

"The Maiden and the Man"

Said the Maiden to the Man,
"I'll disclose to you a plan
How to win my hand and heart—
Just shake those clothes—they're shams
Get the kind that's made by 'Lamm's'
And as one we'll then depart."

He did as she commanded
And when coming back thus "BRAND"-ed
He was greeted with sweet laughter:
She said—"Much to me you're worth
Clothed with THE BEST ON EARTH"
And they lived happy ever after.

Every man who seeks to clothe himself with the satisfactory kind of made-to-measure apparel should follow the maiden's injunction.

The "LAMM" kind from "Start to Finish" makes good its label "THE BEST ON EARTH"

That means material, trimming, workmanship and fit; and they're made strictly for you—not for the other fellow. They're money saving clothes because of their lasting qualities. Never get out of shape and always have a smart and natty appearance. Prices are right, too. "Seeing is believing" and if you haven't ordered your Spring attire yet, put us to the test by calling at

"THE BEST ON EARTH" CLOTHES SHOP

You'll find there a large and superb line of Spring and Summer materials to select from and courteous treatment—buy or no buy. IT'S WORTH LOOKING INTO.

ALVA FINLEY,
Local Agent, Tillamook, Ore.

Henry Crenshaw will extend his telephone system to Blaine as soon as the phones and other appliances are on hand to complete the work, which will make the denizens of that part of the county feel that they are in closer touch with the world.

The Maple Leaf Creamery Association's new factory on the Wilson river will start up on the 1st and will manufacture cheese. On account of the early spring the factories are getting more milk at this season than in previous years, and this factory will get a large patronage.

R. M. Watson has started another newspaper. This time at Seaside, which is called the Seaside Signal. It is the same size as the defunct Independent, only that it has a patent inside and the subscription price is \$1.50. Seaside has a Sentinel and a Signal, and no doubt, the former is wondering why the latter butted into a field where there is hardly room enough for one.

Mr. and Mrs. A. J. Cohn and child returned to the city on Monday after being in California several months. After seeing much of California, thinks Tillamook county is a pretty good country and no better for dairying. While in Portland, Mr. Cohn interested himself in behalf of the railroad proposition, and in conjunction with Mr. Eddy spent some time in looking after the interests of this county.

There was a congregational meeting of the members of the Presbyterian church on Tuesday evening, when the annual reports of the different societies were read, all of which showed they were in a healthy and good financial condition, after which the pastor, Rev. A. S. Foster, made a few appropriate remarks in regard to the work of the church in the future. The remainder of the evening was spent in a social time, when the ladies served refreshments.

During the last trip of the steamer Sue H. Elmore to Tillamook bay and while lying at Hobsonville one of the engineers threw a line over the side to catch some fish to bait a crab net with. Much to his surprise he hooked a fish that took the aid of all on board to get out of the water. It proved to be a halibut, weighing over 150 pounds and the second one that there is any record of having been caught in those waters. The fish was caught in about 10 feet of water.—Astoria Budget.

Work on the Cantata "Queen Esther" is progressing nicely. All of the characters have been selected, and a chorus of 40 adult voices has been secured and is at work mastering and memorizing the choruses. A girls' chorus is yet to be selected, for which 12 or 14 voices are required. The chorus meets three times each week for practice, viz., Monday, Wednesday and Friday evenings from 7:30 to 10 o'clock at the M.E. church. After Friday evening no new voices will be added to the chorus. The cantata will be given about the end of April.

B. L. Eddy returned to the city Monday from a business trip to Portland, and while there called upon J. E. Simmons who made the proposition to build a railroad into this county, and much to his surprise, found that Mr. Simmons had deviated from his first proposition, consequently this had to be laid before the committee. Mr. Eddy does not take a gloomy view of the situation because the Simmons proposition it did not pan out as expected, for he informs us that there are other parties who are ready to take up and consider the question of constructing a railroad into this county as soon as it is decided to drop the Simmons proposition.

At a meeting of the water commission on Friday evening, it was decided that the commission pay for the treasurer's bond, and it was reported that the bond buyers would allow 2 per cent on what money was not required until the system had to be paid for. An informal discussion took place whether there would be sufficient water and power to operate a dynamo in this city for an electric light system, for some of the commissioners were in favor of this if it could be done. Another meeting of the commission was held on Tuesday, when the treasurer's bond was accepted and warrants ordered drawn for: W. B. Chase, an account, \$300, and for blue prints, \$28.05; Otto Heing, for copying specifications, \$9.50; W. O. Chase, livery hire, \$3.00.

Died, on the 21st inst., at the home of his daughter, Mrs. Fred Biglow, near Wheatland, Or., Mr. Robert David, from cancer of the stomach. Deceased was formerly a resident of Silverton, Or., but moved to Tillamook county, where he remained for nine years. He left for Astoria about a year ago, where he took sick. He went to Portland for treatment, but all in vain, for the doctors could do nothing to cure him, when, in company with his wife, he went to his daughter's, where he lingered for several months until death came and relieved him of his sufferings. On the 22nd the remains were taken to Salem, where the deceased has a brother living there, and the next day they were taken to Silverton and buried in the Bethany cemetery. Mr. Armstrong, of Salem, former pastor of the
