 The body of Chas. A. Smith, who was drowned in the Columbia river, was recovered and was brought in on Wednesday on the steamer Sue H. Elmore for burial in this county. Deceased was a brother to Mrs. John Sheets and was well known and much respected in Tillamook. The remains were buried in the Johnson cemetery today. The unfortunate man, who worked in a saw mill on the Columbia river, was thrown into the river when on board a gasoline boat as it came in collision with another vessel. He drifted for over a mile with the tide, and made heroic effort to save his life, but when assistance was not far off he disappeared. \*  
 Cohn & Co. are paying the highest price for dry hides. \*  
 At the meeting of the city council on Thursday evening, Clyde Clements was appointed marshal. An informal ballot was taken, when four votes were cast for Clements and one for Councilman Chare's father. This, evidently, did not please the city dad from the first ward, for he quit the meeting with his dad after the vote was taken. Another meeting of the city council was held on Monday, and it was decided, on account of the threatened litigation by the water company to have a joint meeting of the city council and water commission next Monday evening, when some of the leading legal lights will be present, and in the meantime the hose company is to test and ascertain the pressure in the present system. \*  
 M. J. B. coffee just received at Cohn's. \*  
**Goats for Sale.**  
 For Sale, 50 head of goats, in fine condition. Half and half.—Apply to J. J. Rupp.

**Alex. Campbell is Dead.**  
 We are sorry to announce the death of Mr. Alex. Campbell, which occurred at Bay City on Wednesday. Deceased was about 75 years of age and about a year ago his wife died on the steamer in this city when on her way home from the hospital. He had been connected with the Truckee Lumber Company of San Francisco for about 35 years, and that company sent him to Hobsonville, where he was engineer of the saw mill. He was a faithful servant of that company, and was prompt at work and thoroughly practical in all that he did. He came from Mattoon, Ill., and had seen service in the navy, for which he was in receipt of a pension. The remains were buried in the Vaughn cemetery this afternoon, where the remains of his wife were laid, and being a member of the A. F. & A. M., it was under the auspices of that order that the funeral was conducted, a delegation going from this city. All who knew the deceased speak in the highest praise of him, for they respected him and admired his fine traits of character. He leaves two daughters and three sons to mourn their loss.

**Obituary Notice.**  
 In the death of Mr. John H. Nolan, which occurred on Wednesday of last week, Tillamook has lost another of her early settlers, and although a man of peculiar traits of character, was one of those who help the development of the county. As one after another of these early settlers pass to the great beyond, it is only fitting that a word of praise should be said in their behalf, for having endured the hardships of pioneer days, they did much to make life more happy for those who followed them. Mr. Nolan was a good citizen and whose name will not be forgotten for a long time in Tillamook, for he raised a large family, and during his last sickness his wife and family were in constant attendance upon him, and when life was gradually flickering out of the old gentleman. We only express the sentiment of the community when we say we regret the passing away of these early settlers, and we regret the death of Mr. Nolan and sympathize with the bereaved wife and family.

John H. Nolan was born at Limestoneville, Columbia county, Pennsylvania, July 24th, 1830. His grand parents were of Paritan descent and fought in Revolutionary war, while his father served throughout the war of 1812. His early manhood was spent at his home in Pennsylvania until the death of his parents in 1856, when he started west. Mr. Nolan was the youngest and only survivor in a family of four children. In 1861 he enlisted in the war of rebellion from Illinois, and was wounded twice in the battle of Willow Creek, where he fought by the side of General Lyons when that comrade was killed in the desperate and hard fought battle. He was mustered out of the army in Missouri the same year and sent to Fort Waula with a train of supplies for that station. He remained in this service until 1864. He moved to this county in 1865, where he has since resided. He was married to Miss Margaret E. Jenkins in 1866. He raised a family of 10 children, 9 of whom are still living.

**Resolutions of Condolence.**  
 Tillamook, Oregon,  
 April 18th, 1905.  
 Whereas, it has pleased her Heavenly Father to remove from this world of toil and trouble Mrs. Smith, mother of our esteemed Frater, Mrs. M. A. Kimball; and  
 Therefore, be it resolved, that the sympathy of the members of Tillamook Lodge, No. 290, be extended to our bereaved Frater, and that we admonish her to remember that "He who giveth his beloved sleep," even the sleep of death, doeth all things well.  
 Resolved, that a copy of these resolutions be placed upon the minutes of our Lodge, a copy be given Frater Kimball and family, and a copy be furnished each of the local papers and the Fraternal Union for publication.  
 Mrs. E. R. Hays, Mrs. M. E. Olds, Mrs. R. A. Rees, Committee.

**Building for Sale.**  
 For sale, cheap, if sold at once, the building east of the Headlight office that was used by Otto Heins for his studio.—Apply to Mrs. Heins in this city for price.

The great strike against Montgomery Ward & Co., at Chicago, collapsed in dismal fashion Monday, when the teamsters withdrew their sympathetic movement and instructed their men to seek reinstatement as rapidly as possible. The strike originated last October with the garment-workers. They make no progress, and after many consultations, the Teamster's Union, agreed to call a sympathetic strike. This had been in progress two weeks—a fortnight marked by unusual brutality and violence. Men and horses have been burned with acid, non union men horribly beaten and mutilated, there being a regular scale of prices for maiming and disabling non-unionists; strangers in the city have been beaten by mobs and thugs have flourished unmolested. Monday the garment-workers intimated they would call off their strike, leaving the teamsters to continue the fight. It was a hopeless cause from the start, and its flat failure will be a hard blow to labor unions.

**Editorial Snap Shots.**  
 Haltom knows one thing: It pays to advertise—in the Headlight.  
 It is reported to us that soft drinks are being adulterated with "tangle foot" in this city. Let's see whether the city council is going to enforce the law now it has appointed a city marshal.  
 Wouldn't it be a blessing to the community in which he lives if Father Schell would die from the injuries he received from the hands of saloon keepers. And not a few Oregonians would have liked to have given him an extra kick for the purpose of getting him under the sod and in the tight embrace of his satanic majesty.  
 One of these days someone will lose their temper with the meddlesome individual who has been interfering with other men's businesses. Then something sensational will happen and the people of this city will feel relieved and wonder it did not happen before. It can't come too soon, for several business men are hot in the collar and will not stand any more of this interfering, rule or ruin methods.  
 County Judge Conder was surprised that the idea is so general that the new court house was to be built of concrete walls. He informs us that brick will be used. The contractor's bond calls for a concrete wall court house. Perhaps the county court will know which it is to be, brick or concrete, before long, but there is one thing, sure, the county will get a good court house at a low figure.  
 The local newspapers every once in a while advocate and advise people to patronize home merchants. This is right and proper for people to do, for we say most decidedly, patronize the home merchant in preference to the peddlers and others who come here every summer and gobble up a certain amount of business and then take their departure. Yet some business men will not reciprocate with the newspapers when it comes to printing and advertising. Some of them fall all over themselves, as they did the past few weeks, to prevent the newspapers from getting certain work. Two can always play at that game, and when the Headlight decides to play its trump card we hope they won't squeal if the boom-erang strikes them.  
 Not a few persons think the Headlight will "roast" the city council for appointing Clyde Clements city marshal. Not so, however. If Clements will adapt himself to the new conditions in this city and will enforce the local option, gambling and all other laws, then we have no hesitation whatever in saying that the city council has selected a good, all round man for the position. The city marshal should not be under the control of those who want to violate certain laws for their own pecuniary benefit, and we hope that that state of affairs is a thing of the past as far as Tillamook City is concerned. It is not our intention to open old sores, and that being the case, the Headlight is well pleased with the appointment if Clements will enforce the law and not allow himself to become again the tool of those who were given special privileges to violate the law. That is all the public ask of Clement, and that is all that we ask, and if that is done no complaints will reach this office, which heretofore have furnished us with plenty of ammunition for criticism.

**Young Oyster for Yaquina.**  
 ALBANY, Or., April 25—Propagation of Eastern oysters in Oregon has begun. Yesterday, a carload of fine young oysters from Old Point Comfort, Va., arrived in Albany and were immediately sent over the Corvallis & Eastern to Yaquina Bay, where a two-acre bed had been prepared for them.  
 For several years experiments with Eastern oysters have been made at Yaquina Bay, and they were very successful. The oysters not only grew rapidly and became fully developed, but they have the fine flavor of the best article from the Atlantic Coast. Those which were sent to the Coast yesterday were the property of Dr. M. M. Davis, of Newport, who, with some others, owns several acres of the finest oyster beds on the Oregon coast.  
 While yesterday's carload will plant but two acres of this bed, a like amount will be planted each year until the entire tract is supplied. As it takes four or five years for the young oysters to fully mature and be ready for market, this system will have fresh oysters coming on every year when once they become marketable. The men are going into oyster propagation as a business proposition and are confident of success.  
 In addition to the Atlantic Coast oyster, Dr. Davis is preparing to plant a small bed of the big Heroshimo oyster from the Japanese Coast. The conditions of the Pacific Coast are more like those of Japan than of the Atlantic seaboard, and it is possible that the big Japanese oyster will do even better than the Old Point Comfort variety.

**Abatement Plea is of no Avail.**  
 Senator Mitchell will be tried upon the indictments returned against him by the Federal Grand Jury for complicity in the Oregon land frauds, and that at the earliest opportunity. The attempt of Judge Bennett, his attorney, to check the course of the trials or to quash the indictments returned by the jury through the plea in abatement argued a week ago, was futile, and Tuesday morning Judge Bellinger, by his decision, gave a sweeping victory to the cause of the government when he sustained every objection entered by District Attorney Hevey to the plea.  
 At every point as the court took them up one at a time, the cause of the government was upheld and the pleas of the defence overruled. Only in one case was there partial victory for the defense, and even there the concession, granted both by the court and the district attorney, was nullified by the action of the defense in insisting for trial by jury instead of trial before the court alone. This was in regard to the contention that George Guistin was not a naturalized citizen of the United States. Judge Bellinger ruled that as this allegation, if true, would disqualify Guistin as a juror, it would be permitted that the facts be tried before the court by the filing of affidavits and counter affidavits by the government and the defense. Judge Bennett refused to try the issue without a jury, thus throwing all the points in the decision onto the side of the United States.  
 Following the collapse of the Montgomery Ward strike, the teamsters today applied for their old positions. They were told that under no consideration would a striker ever be taken back, that no cause would be won by rioting and intimidation, that the Chicago Teaming Association had plenty of "drivers that would drive, instead of throwing acid and assaulting nonunion men," and that the malcontents must seek other occupation, at least as far as Chicago was concerned.  
 John E. Matta, 2-year-old son of John P. Matta, was fatally burned Saturday evening through playing with matches, at Astoria, Or. The child had been left asleep in an upper room of the residence late in the afternoon, and about 5 o'clock the family was alarmed by his screams. The mother rushed to the room and found him developed in flames and before the blaze could be extinguished he was so badly burned that he died three hours later. An investigation showed that he had secured some matches, and while playing with them had set his clothes on fire.  
 "Insulting, arbitrary and tyrannical," are words Governor Chamberlain applied to Circuit Judge George H. Burnett in a letter, a copy of which was filed in the office of the Secretary of State. The occasion for the use of this language was the granting of a commutation of sentence in favor of Otto Miller, who pleaded guilty to a charge of lewd cohabitation, and was sentenced by Judge Burnett to serve three months in the County Jail. Miller had served one month of the time, and an application had been made for a pardon. Governor Chamberlain wrote Judge Burnett, asking for a statement of the facts, and in his reply the Judge intimated his belief that perhaps the Governor had already made up his mind to grant the pardon, and this incensed the Governor and called forth a criticism unparalleled in Oregon officialdom. Judge Burnett said in his letter that he believed sufficient leniency had been shown and declined to recommend executive clemency.  
**A Great Sensation.**  
 There was a big sensation in Leesville, Ind., when W. H. Brown of that place, who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from Asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of Consumption, Pneumonia, Bronchitis and Grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c, and \$1.00. Guaranteed by Chas. I. Clough, Druggist. Trial bottles free.  
**\$100 Reward. \$100.**  
 The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure not known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
