That the suspected joint has not been disguise they came. discovered is made probable by the fact that no arrests have been made, although the real reason is said to be the dis-closure that most of the "drunks" have been accumulated on liquor brought by freight or express from Albany, Sulem, Portland and other outside cities,

One of the peculiar conditions arising from the operation of the local option law here is that a minor, old enough to write his name, can send the necessary money to outside dealers and have beer, whiskey or wine shipped to him in a sealed package, with no one any the wiser, and there is declared to be no question that this is being done regular. ly. Those who formerly drank at the bar now drink from a bottle. An Albany saloon-keeper is responsible for the state ment that he is doing a business of from ment that he is doing a business of from \$400 to \$500 each month with Corvallis er yet drove him to heaven. and vicinity.

In a conference between the Government Board of Engineers and the directors of the Malheur Water-Users' Association, Engineer A. P. Davis told the directors that the estimated cost of the Malheur project was now \$40 an acre, instead of \$30, under which figure thousands of acres of private land have already been signed up. His statement came as a surprise to the directors, as they said in response to a question from Engineer John T. Whistler that they thought \$40 an acre a reasonable sum, ment Board of Engineers and the direcand that most of the farmers would again sign up. The raise in estimate will necessitate making new contracts.

Mr. Davis said the Malheur project was quite feasible. The cost of \$10 an acre includes building the reservoir, construction of laterals, and maintenance of th system for ten years. He said he thought theDalles Military Wagon Road Com-pany would sign up its land. Rates, \$1 Per Day
