THE TIMBER OWNERS PROTEST.

Board of Equalization Don't Think they have Cause to "Squeal."

Whether or not the timber owners are a little afraid they are liable to be "squeezed" for more taxation, or whether down in their hearts they believe they ought to be, it has become customary for them to enter a protest every year with the Board of Equalization in regard to the assessment of their timber lands, for they claim that the "valuation is excessive, unjust, unequal and unlawful." The timber owners do not believe this, neither does the settlers nor did the Board of Equalization, for the petition of the timber owners was entered, accepted and placed on file, the assessment remaining as assessed by Assessor A. M. Hare, and after reading the protest people will come to the conclusion that the timber owners are "squealing" before they are hurt. We want to see the timber owners treated fairly and timber protected against fire, but the fact must not be lost sight of that a large number of the settlers are decidedly of the opinion that the timber owners, speculators, and non-residents are not paying a fair proportion of taxation, and it would not entail much exertion on our part to create the same sentiment in Tillamook as there is in Clatsop county, where, probably, the timber owners are up against it and have reasons to "squeal" on account of the valuation of timber lands being excessive.

Following is the timber owners' protest:

Come now your petitioners, the Whitney Company, Limited, a partnership association existing under the laws of the State of Michigan; Blodgett Company, Limited, a partnership association organized and existing under the laws of the State of Michigan; Danaher and Blodgett, partners; Jacob H. Cook Cook and Wheeler, partners; Nelson P. Wheeler; W. E. Wheeler; A. B. Hammond, Hammond Lumber Company, a corporation; The Astoria Company, a corporation; A. B. Hammond and Winton, Timber Company a corporation and Wilson River Lumber Company, a corporation, and respectfully protest against the valuation placed by the Assessor of Tillamook County, Oregon, upon the lands which are owned by your petitioners in said county, for the reason that said valuation is excessive, unjust, unequal and unlawful; that said assessor, in assessing real property of said county, has expressly and avowedly adopted the rule of assessing all of the said real property at one-third of its real market value, which rate of valuation said assessor has expressly and avowedly adopted as "true cash value," at which property is required by statute to be assessed; that in assessing the lands of your petitioners for said year, said assessor has wrongfully valued each 160 acre tract at the sum of $880, or five and one-half dollars per acre with the exception of certain lands owned by your petitioner Jacob H. Cook, consisting principally of hemlock timber, and said assessor has wrongfully valued each of said 160 acre tracts at the sum of $600.00 or three and three-fourths dollars per acre; that said lands are valuable only for the timber standing thereon, and are situated in localities remote from settlement and improvements, the soil thereof being unsuited for cultivation and being also remote from transportation lines, public roads, mills and other advantages. That the sum of $1000.00 per tract of 160 acres is the full market value of said lands at this time; that within the past year bona fide sales in the ordinary course of business have been made on a portion of said lands at the sum of $1000 per tract of 160 acres; that the value of said lands has not increased since such sales were made; that it is well known to said assessor, as well as to the public at large, that portions of said lands, and other lands of like character and value, have been sold in the ordinary course of business during the past year at the average price of $1000.00, or less, per tract of 160 acres, and that as matter of fact it is, and has been at all times, well known to said assessor no greater sum than $1000.00 per claim of 160 acres could have been realized at any sale at any time within the year last past, for lands of the character, value and location of the said lands of your petitioners; that said assessor has arbitrarily and wrongfully and without reasonable ground therefor, pretended to estimate the market value of petitioners' said lands, with the exception of a part of said lands herein before referred to which are assessed at the sum of $600 per tract of 160 acres, at the sum of $2640.00 per tract of 160 acres, and has applied his said rule of assessment by assessing the same, with the exception herein before referred to, upon the assessment roll at $880.00 per tract of 160 acres as herein before alleged; that it is well known to said assessor that lands of the character and value of those of your petitioners have not at any time been sold in the ordinary course of business at a greater price than $1000 00 per quarter section, but said assessor in assessing petitioners' said lands has expressly and purposely departed from the rule established by law; that in the assessment of lands the true cash value shall be taken and held to mean the amount such property would sell for at at a voluntary sale made in the ordinary course of business, while at the same time in assessing other lands of said county, said assessor has determined the true cash value by the said rule laid down by statute, and has assessed said other lands upon said assessment roll at one-third of said true cash value, and by such arbitrary means the said lands of your petitioners have been excessively and wrongfully assessed in proportion to the said other lands of said county on the assessment roll.

That the said land assessed at the rate of $600.00 per quarter section of 160 acres, are in truth and in fact of very much less value than the other quarter sections assessed at the sum of $880.00.

Wherefore your petitioners protest against the said assessment of petitioners' lands as excessive, unequal, unjust and not uniform with the assessment of other lands on said roll and contrary to the Constitution of the state of Oregon and the statute of said State; and your petitioners pray that your Honorable body correct said assessments so that the same shall be equal with the assessments of other lands of said County on said assessment roll.

WATER WORKS INJOINED.

Judge Galloway Signs the Injunction and Suit Filed in the Circuit Court.

Judge Galloway has granted a temporary injunction against Tillamook City in connection with the new water system, in which the city officials, the water commission, the bond buyers and the contractors are made parties. The vital points, as set forth in a number of sections, and upon which the injunction will hinge and upon which the court will have to decide, is upon the following points:

XXIX.—That under and by the provision of the act of the legislature, heretofore mentioned known as the act of 1903, it was provided among other things that before any action should be taken by the said Tillamook City, one of the defendants herein with reference to the negotiation of bonds, or the assurance thereof, or the incumbering of the said Tillamook City with debts on account of bonds, to be by the said Tillamook City issued for the purpose of installing, or disposing of water, to the inhabitants of the said Tillamook City, for house use power purposes, or for any other purpose whatsoever, it should first be initiated by the inhabitants and taxpayers of the said Tillamook City.

XXX.—That no promise whatsoever was ever had by way of initiating the matter of the submission of the question of the propriety of issuing such bonds by the people of the said Tillamook City, but on the contrary, the same was first proposed, in the common council by one of the members thereof, and the same was passed through the said common council without debate, and without any knowledge or notice to the taxpayers and other inhabitants, of what the said common council had before it or was proposing to do.

XXXIII.—The said Morris Bros. & Christenson at the said time of accepting said bonds, well knew, and had due and lawful notice of the fact that the said bonds had not been issued in accordance with law, but that the same were spurious.

XXXV.—That the requisite and legal notice as provided by the city charter and ordinance of said Tillamook City was never given to the legal voters or those authorized to vote at any election, for the purpose of bonding the said Tillamook City, for the purpose of installing a water plant.

WORK ON ROAD STOPPED.

Hillsboro Nehalem & Tillamook Railroad Company Said to Be Embarrassed.

As a thunderbolt from a clear sky, came the order from the Hillsboro-Nehalem, Tillamook Railroad Company to discontinue construction work on the line between Hillsboro and Banks, Saturday night. It was a great surprise but it is the second time a line being promoted by the same parties, has gone defunct.

The dishonoring of the checks issued by the Atlas Constructing Company of California and issued to working men on the Oregon Traction company's line in Portland, last Thursday, was the first intimation that the Hillsboro line—which is being built by the same contractors, as the above mentioned line—had of the impending order to quit work.

Crews along the line have suspended work and the right of way is deserted. The sawmills along the route have received orders to stop sawing timbers for bridges and ties, and everything looks gloomy. No news of how soon the work will be resumed or that it will ever be resumed, has been received. This is a great disappointment to the Hillsboro people as many of them have spent hundreds of dollars, for they have furnished the right of way to Banks gratuitous. The railroad company has the right of way, and the Hillsboro people, we have much fear, have nothing.—Hillsboro Independent.

Reward versus Gift.

TO THE EDITOR TILLAMOOK HEADLIGHT.

It matters little to a man without principle how he gets anything so long as he has it. Every Protestant church holds out a reward as the incentive to a religious life. That the Bible teaches it goes undisputed. "Well done thou good and faithful servant, enter thou into the joys of thy Lord." Reward is for the servant, but the servant is not the only man in the scene. When the prodigal son came home, he said "make me as one of thy servants." Had the father done so, the son would have had to serve, but no, he gave him the royal attire and welcome, "The gift of God is eternal life through Jesus Christ our Lord."

The Independent Church deals with the sons of God only, and leaves other churches the management of servants. Sons are either born or adopted and he always remains a son thereafter. Parents give good gifts to a son, while the servant has no sensation of gift, he only knows reward for merit or punishment for demerit.

If we are always taught to approach God as a servant, seeking a reward we will never know what God has in store as a gift for his sons.

If we accept the gift we are treated as sons, if we reject the gift then our only hope is the reward of a servant, but what is the use of working all our lives in doubt for something that no man has ever been able to merit when God is graciously waiting for us to accept the free gift?

"The wages of sin is death." If we were to receive our just reward, we would all end in death, "for all have sinned and come short of the glory of God." The one thing I don't want is a reward, I accept the gift. The Christian religion sets forth this above everything else that Christ was a free gift, that to accept Christ is to accept the gift of God. This relieves us from our personal obligations to God, Christ having satisfied every demand. That through Christ we are born the sons of God and have a proprietary interest as heirs, "That while we were yet sinners, Christ died for us."

The greater the sinner the greater the sensation of the gift of God's love, "Simon answered and said, I suppose that he, to whom he forgave most."

Instead of wasting our life seeking a reward, we need to be made acquainted with the fact that we have been redeemed, that we are the sons of God, and that, not through our own accomplishment, hense no possibility of reward, but wholly through the free gift alone do we stand justified.
