later? Jane glanced rather easily at Signa's straight young back, which was all that presented itself to her to help out Signa's meaning. And Lady Jane was often at a loss to know whether Signa was in earnest or ironical. She was beginning to think, however, that Signa's new daughter-in-law talked sense—the sense of Sloane street and the duchess. It meant revolt, and would end in Signa doing some dreaded and unconventional thing, such as wanting to take up a profession or refusing a really sound marriage. But Signa's father and his godmother had behaved in such a really laudable manner—she thought with a sigh, that even two thousand a year and Bayswater would be better than an awful scandal, of which she had no doubt. Signa must marry a poor man, better than one who was somehow, she felt, a little too like the family, than one of those younger sons with whom the girl delighted to

There was no doubt that she was in a very bad mood indeed, and her eyes, roaming about for some evil deed to prove that she was not meant upon Batsburg, as the special agents arranged for the Powers of Divinity to help her. It was not with any thought of the fat man and his glossy curls in her mind that she sat down at the piano and volunteered a song. There had been music going on all of that afternoon, but Signa's performance was entirely different, and everyone listened, and indeed, crowded in from the other rooms to hear. She has a singularly clear voice, strong enough to fill a concert-room, and trained by the Capri. He never thought that his special training would go to help Signa to give Lady Bloomfield's guests a treat such as that performance of "Hear there! Clear the road for Lisbeth."

They were a noisy audience when Signa's singing had suddenly transformed them from well-dressed luke-

Suddenly the boy began to dance a kind of double-shuffle and, to the air which the band still played softly, broke into a song, introducing the names of people in front of him. His voice was a sweet, true boy's voice, but marred by that awful East End accent, and it rang through the theatre loud and strong. Young

who had fired the shot, but General Massena turned round and soundly berated General Berthier, who had been standing behind him, which castigation Berthier at once accepted and appeared overcome with remorse. Napoleon was grateful to both for thus shielding him, and overwhelmed them both with honors and dignity.

The Prairie-Dog said to the Snake,

 I'll ask the Owl too,
 And 'twixt us and you
 A rattling good game we will *shake*."
