Savers Wanted! Whenever we succeed in persuading an individual to become a saver of money, we consider that we have conferred a benefit upon him; and upon the community. We want to interest more savers.—Tillamook County Bank.

A complaint was sworn to by Frank Ekroth, charging C. N. Illingworth with trespass upon his premises. The case was tried before Justice Haberlach on Monday, and the jury brought in a verdict for defendant. Although there was no doubt as to Illingworth trespassing on Ekroth's land, the jury took the view that there was bad blood between the parties and no one was injured by Illingworth trespassing on another person's land, was the reason it did not return a verdict for the complainant.

Judge George H. Burnett, sitting in chambers, has rendered a decision dismissing the suit in equity brought by Tillamook County against Mrs. Edith M. Alderman on account of an alleged claim of the county against the estate of the late Sheriff H. H. Alderman. The suit was filed in Tillamook a number of months ago, and was taken under advisement by the court. Judge Burnett decided that the county had no claim against Mrs. Alderman. The costs in the case were taxed against Tillamook County.

As the time for filing special school taxes close the end of this month, the districts that have failed to report should do so before January 1st, otherwise no levy will be made. The districts which have reported are: No. 5, 5 mills; No. 8, 6 mills; No. 12, 3 mills; No. 13, 10 mills; No. 15, 6 mills; No. 17, 3 mills; No. 19, 2 1/2 mills; No. 24, 2 1/2 mills; No. 31, 8 1/2 mills; No. 33, 10 mills; No. 35, 4 mills; No. 37, 10 mills; No. 39, 6 mills; No. 46, 3 mills. Road district No. 2 has filed with the county clerk a special tax of 2 mills.

Do you know why many good men have failed in the saw-mill business? One of the reasons has been that they took hold when the bottom dropped out of the lumber market. Most people will agree that prices in lumber for the next few years, at least, and perhaps for many years, will be very much higher than they have been, and that is the reason that you ought to buy the saw-mill which we have for sale for only \$10,000.00. It is a good practical mill and includes saw-mill site, all buildings, 120 acres of land and 1,500,000 feet of standing timber. This mill has a daily capacity of 30,000 feet and is located where other timber can be bought cheap and lumber easily marketed.—GOYNE & BEWLEY.

There is no truth in the report that the Tillamook Lumber Co.'s saw mill in this city will be closed down this winter for the want of logs. Mr. Whitehouse has had some trouble with the logging company as there is going to be a bigger demand for logs, but as long as his was the only mill taking logs he appeared to be getting along nicely. As he cannot do that any longer, the monopoly in the logging business will soon be busted, for in a few weeks loggers will be working for Mr. Whitehouse and he will have plenty of logs to keep his mill running and is now in the market to buy logs from others who have timber to log and logs to sell. A little competition in the logging business will be a good thing for the industry and the saw mills, for then there will be no silly talk of freezing a man out of the saw mill business for the want of logs.

At a meeting of the city council Monday evening a recommendation was made by the Tillamook Water Commission for the city council to levy a tax so that the commission could raise \$1,000 by taxation to pay off the money that was borrowed to pay off the first six months interest on the bonds. This will take a five mill tax if the city council decides to make the levy. There is some doubt whether the city council will vote the tax, as the water commission is now charging the city at the rate of \$870 a year for the use of water for fire protection, and with \$1,000 added to that by special taxation, the new water system has started off to be quite burdensome upon the taxpayers. The city council did not take action on the matter Monday, and decided to take it up at its adjourned meeting on Thursday evening of next week.

J. M. Harrison was in the city Monday and complained of the manner in which the special road tax was voted and carried in his district, and was seeing what could be done about it as several voted for the tax who had no right to vote. Mr. Harrison says he has no objection to voting for a special road tax, but the trouble is after the road bosses and their friends get paid and the county court diverts the money to improve roads in other districts he does not see the use of taxing themselves for that purpose. He informs us that some voted for the tax on the promise of a lot of work on the road, and so anxious were the road bosses to have the special tax pass that they offered to pay one man's tax, but he refused to be bribed in that way. What Joe is going to do about it he has not confided to the Headlight man.

Drowning at Sandlake.

Hal G. McKenzie, it is supposed, was drowned at Sandlake on Monday. He left his home that morning for the purpose of hunting seal, and as he did not return later in the day his wife became alarmed and she acquainted her neighbors, who organized a search party, who then set out to find the missing man. McKenzie's boat, which was overturned, and a oar, was found on the lake, and this was evidence enough to convince the searchers that the boat had capsized and McKenzie was drowned, but how the accident happened will never be known.

McKenzie came to Tillamook last summer and bought J. T. Harris' place at Sandlake, where he was residing with his wife at the time of his death. He was about 25 years of age and came to this county from Nebraska.

Burglary at Woods.

The quiet, peaceful town of Woods had a sensation on Monday morning when it became known that burglars had entered the store of W. D. Robedee with the same cunning as the burglars in the large cities. Mr. Robedee, who sleeps in his store every night but Sunday, on account of the mail, was at his residence as usual that night. The first person to discover anything unusual was Mr. Waymire, who found the door of the store open as he passed on Monday morning with no one there in charge of it. He immediately notified Mr. Robedee, who on making an investigation found that burglars had ransacked his store and carried off about \$150 worth of goods, consisting jewelry, cutlery and cigars. The burglars destroyed part of the door to the dark room at the back of the store where they tore off the tickets from the articles they carried off and got together their plunder, and while doing this in the back room anyone passing the store at the time would not know that anything was wrong.

Weddings.

A pretty wedding took place at the home of Mr. and Mrs. Jeff Harris, on Wednesday, Dec. 13, when their daughter, Miss Alice Harris, was married to Mr. William Webb, Rev. C. H. Waymire officiating. The room was tastefully decorated for the occasion, and under a beautiful arch of ivy, and in the presence of a number of invited guests, the happy couple plighted their troth to love and honor one another. Congratulations were then in order, after which Mr. and Mrs. Harris invited their guests to the wedding feast to commemorate the occasion of two loving hearts and lives made one. Mr. and Mrs. William Webb have the congratulations and best wishes of a large number of friends for their future happiness, for both are highly respected in Tillamook. They will make their home at Sandlake.

Married, on Wednesday, at the M.E. parsonage in this city, by Rev. C. A. Stockwell, the pastor of that church, Mr. Ernest Robertson and Miss Anna D. Price.
