

OR JOINT REPRESENTATIVE.

ANNOUNCEMENT AND PLATFORM OF MR. JOHN J. HOSWER, OF BLAINE, OREGON.

Mr. John J. Hoswer, of Blaine, announces himself as a candidate for Joint Representative of Tillamook and Yamhill counties in the following very able platform:

To F. L. Dunbar, Secretary of State of the State of Oregon, and to the members of the Republican Party and the electors of the 14th Legislative District, comprising the Counties of Yamhill and Tillamook, in the State of Oregon:

I, John J. Hoswer, reside at Blaine, Tillamook County, Oregon, and my postoffice address is Blaine, Oregon. I am a duly registered member of the Republican party. If I am nominated for the office of Joint Representative of the said 14th Legislative District in the State of Oregon, at the primary nominating election to be held on the 20th day of April, 1906, I will accept the nomination and will not withdraw and if I am elected I will qualify as such officer. If I am nominated and elected I will, during my term of office, advocate and support:

An amendment to our constitution providing for the election of the United States Senator by direct vote of the people.

National ownership of the Oregon City Locks.

Improvements of the Yamhill river, Nehalem, Tillamook and Nestucca bays.

Protection of the State in its ownership of the public lands, and the office of land agent must be above suspicion.

To repeal the timber and stone act which would retard development and emigration to our state. Therefore, I am opposed to it unless some provision shall be substituted whereby timber land may become private property.

I am in favor of a constitutional amendment permitting the Governor, or the people, to veto individual items of appropriations.

I am in favor of a law creating a board, consisting of the Governor, Secretary of State and State Treasurer. Said board to name and select depositaries for State funds, interest on said funds to become the property of the State, and be accounted for by the State Treasurer.

I am in favor of a law regulating state and private banks, and the creating of a state bank examiner.

I am in favor of giving the Direct Primary law a fair trial.

All public officials should be prohibited by law from receiving or using money or free transportation on all railroads and steam boat lines in the State of Oregon.

Railroads, express and similar companies should pay tax on gross earnings in State.

I further state to the people of Oregon, as well as to the people of my legislative district, that during my term of office I will always vote for

Notice to Voters.

I hereby announce myself as a candidate for nomination at the primary election to be held on the 20th day of April, 1906, for the office of county judge on the republican ticket.

If nominated and elected I shall during my term of office observe good faith and justice towards all the citizens of the county, give equal distribution of the road funds and to the best of my ability guard against waste of the public funds.

I favor the construction of roads on modern plans from the best material and favor opening toll roads to the free use of the public whenever it can be done without burdening the taxpayers or to the neglect of other county roads.

Respectfully,
H. F. GOODSPEED.

Notice to Voters.

I, H. M. Farmer, of Hebo, announce myself as a candidate for county commissioner on the Republican ticket, at the primary nominating election. If I am nominated and elected I will during my term of office favor the just distribution of the road funds throughout the county; the construction of permanent road building; making the present toll roads free as soon as practicable; and giving the county an economical administration generally.

H. M. FARMER.

Call for Raad Warrants.

All Road Warrants will be paid on presentation. Interest ceases this 20th day of February, 1906.

P. W. Todd, County Treasurer.

that candidate for United States senator in Congress who has received the largest number of the people's votes, providing he is a republican, for that position at the general election next preceding the election of senator in Congress, without regard to my individual preference.

(To be printed on nominating ballot.)

Advocate economy, promise to vote for republican's choice for United States senator.

In local matters I am opposed to toll roads and believe that they are a detriment to our country, and also that they prevent emigration and that they should be abolished at once.

I believe that the building of electric lines from Salem or Portland to Tillamook county should be encouraged, as the construction of such lines are much cheaper than a standard railroad, and their traveling and shipping facilities are satisfactory and the grade over the Coast Range could be more easily constructed, and the rivers with their unlimited water power that are in Tillamook county, could be harnessed and brought into service, whereas as it is now, the waters flow down their great canyons and to the ocean, untouched and uncolored.

I am in favor of our county building good roads and bridges and going ahead with public improvements as fast as possible, but pay as we go.

Being an active and consistent Republican, I reaffirm my allegiance to the principals and policies of the party, and will use my best efforts in the support of its principals and to secure the election of its nominees.

And having faith in the intelligence and judgment of my fellow-republicans, and full confidence in their ability to select wisely and well under the primary nominating laws, their candidate for the various offices, I shall cheerfully accept their decision. And if some other than I be nominated for Joint Representative for Legislative District No. 14, so be it. I pledge him my vote and hearty support until the polls close on election day, June 4th, 1906. And if it is the will of the voters of my party that I be nominated, and said nomination be endorsed by the people on June 4th, 1906, I promise to honestly and faithfully, using my best judgment without fear or favor, represent the people, and perform the duties appertaining to said office, economically and in such manner that will meet with the approval of my constituents and reflect credit upon the party that honored me with its endorsement.

Very respectfully submitted,
John J. Hoswer.

Blaine, Tillamook County, Oregon.

Dated this 19th day of February, 1906.

The LOCAL SCANDAL MONGER.

Slap at the Woman Slapper that is a Boomerang.

DEAR SIR,—Will you allow me to make a statement in regard to the editorial in the Herald and to state the facts in the case, as Rollie W. Watson has terribly lied in his effort to besmirch my wife and that of others in a little annoyance that she was put to, and which has caused a scandal in the city on account of so distorted and lying account. In the first place, Rollie or his scandal monger informant led, as Bro. Rhoades was not in the church on the night in which the unpleasantness occurred, therefore the attempt to mix that gentleman's name with it was uncalled for, cowardly and shows plainly enough that it was Rollie's contempt for church people which inspired him to create so much scandal over a trivial affair, and he has used this dirty method to get back at people who thought he was not a fit and proper person to be mayor of Tillamook City, and that editorial proves it without a doubt.

Now as to the cause: Mrs. Osborn, whose husband had deserted her, and who had twin babies, desired to give them to someone who would adopt them, so my wife agreed to take one and Miss Cozy Clark agreed to take the other baby. The children could be well taken care of and would find good homes. My wife obtained possession of one of the babies and we had seen two attorneys, so that proper papers were being made out so that we could legally adopt the baby. It was purely out of charity and sympathy for the poor woman whose husband had cruelly deserted her. My wife agreed to take one of the babies and in which Bro. Rhoades had taken an active part in seeing that the babies were well cared for. Then Mrs. Allison and others interred and made things very unpleasant, so much so that Mrs. Osborn could stand the pressure no longer and Mrs. Allison came to our home and demanded the baby, whereupon my wife refused to give it up unless Mrs. Osborn came after it. Then Mrs. Allison commenced saying unpleasant things to my wife, who told her to go away. Mrs. Allison then wanted to shake hands, but my wife again told her to go away and that she would not shake hands with her.

In the evening in the U.B. church, and after the service was dismissed, and when only a few persons remained, Mrs. Allison came from near the door and said to my wife you much shake hands, and at the same time shoved her hand to my wife's nose. This fresh annoyance was too much for her, when they exchanged slaps.

I regret the incident and that it occurred in the church, but it grew out of the unpleasantness after my wife had taken one of the babies, and instead of Rollie making things worse and publishing a lot of scandal and falsehoods, instead of holding up to public ridicule two women who had in the heat of the moment acted unthinkingly, it would have been far better had he turned his attention to the brute of a man who had deserted his wife with twin babies without food or support, and not pitch on to two women in the cowardly manner he did.

Thanking you for making this explanation, I remain, yours truly,
G. S. RICHARDSON.
