

Editorial Snap Shots.

It is the candid opinion of the Headlight that every republican in Tillamook county ought to vote for W. L. Toose for congressman. They will never regret doing so.

As it is a willful waste of public money to employ special attorneys to do the work of the district attorney and the sheriff, why can't the grand jury inquire into it and make a report? The taxpayers ought to have some recourse.

Wouldn't it be the proper thing for the district attorneys office to resurrect the creamery stock election conspiracy? Laughlan's evidence in the homestead contest case is proof enough there was bribery and corruption in the city election.

Ralph W. Hoyt, candidate for State Treasurer, is now conceded to be the strongest man for the office. This is accounted for from the fact that the people throughout the state appreciate fully his policy in holding state funds on deposit in the counties wherein they are collected, instead of drawing them to one common center, which has been the custom heretofore.

We heartily agree with Bro. Rollie that Marshal Lucy is not doing his duty. He failed to arrest the Herald staff for the "mix-up" in that office this week and in the marshal's failure to arrest the "blind pig" and the conglomeration of editors who have the squeaking pig by the tail trying to boost their little shotes into public office. It's really too bad that the marshal is not doing his duty.

For governor, Dr. James Withycombe, the farmer's candidate and the farmer's friend, is deserving of the farmer's support. Withycombe is no politician with a lot of politicians backing him, but a practical farmer engaged in experimental work in the interest of the farmer. He would make a good governor, and his administration would be an improvement over that of previous governors.

There is going to be a grand jury called on Monday, so we are informed, and this is to inform those who are conscious of wrong doing to look out. When it was noised abroad that the last jury was to be called some men took to the woods and others—who had been given the tip—hurried out of the county, consequently the county lost quite a bit of "dough" in fines.

This is what is making Judge Conder whine. He leased the Nestucca toll roads last year for eleven months, so as to get another whack at them before he went out of office. Now he is advertising for bids to lease them for five years. Why 11 months at one time and five years at another time? Surely the people are wide awake enough to see through the scheme. It is certainly too bad that the Headlight man should jump in and expose the whole thing.

We must thank our contemporary for the free advertising that it gave us this week, but our esteem friend, Rollie W. Watson, was so rattled that he got the article all mixed up that it had a tangled, "blind pig," inside out, upside down appearance. Was the Herald staff on a jamboree? It looks that way? But we will let Rollie down light this week, for he's such a nice fellow—when he's not all mixed up and tangled up and ready to explode. It wasn't the loss of the "blind pig" that friend Rollie cared about at all, but it was that fellow Baker getting on to it.

It is to be hoped that the people of Oregon will drive a nail, and drive it home good and hard, in Jonathan Bourne's political coffin so that he will never figure in Oregon politics again. The people know him as a boodle politician, and as long as he keeps his sack open there is always a lot of political suckers ready to shoot off their mouth. Although the people of Tillamook have received no end of letters and literary matter from his headquarters in Portland, we do not believe that people are that short sighted and foolish enough to vote for a man like Jonathan Bourne.

Next week the people will nominate a republican ticket, also a democratic ticket, under the new primary nominating law. As all the aspirants are more or less known throughout the county, we have purposely refrained from mentioning their merits or demerits for fear that it might be said that the Headlight was lending its aid to assist this or that candidate. It now devolves upon the people to make the nominations, and it is to be hoped that it will be an improvement over the convention, for under that system Tillamook has had a number of officials who have not left good records behind them and the taxpayers have had to pay the fiddler for their mistakes and indiscretion.

As far as we can see there is no reason why A. Hembree cannot be tried in Tillamook and receive a fair trial. That is what the people want him to have and which he will get. To take the case to Yamhill or any other county will not help matters and only cause additional expense, when Hembree can get justice in Tillamook. If the prosecution can prove by a chain of evidence that Hembree is guilty, a jury in this county, in Yamhill or in any other county ought to convict him, but if, on the other hand,

the prosecution cannot prove his guilty no one wants to do Hembree injustice. That is all jury in Tillamook or any other county will consider, and on that account there is no need of a change of venue, and Hembree, if he is innocent, ought to be willing to face the music, for he will have to do so sooner or later.

In contradiction of a rumor to the effect that Frank W. Benson, the republican candidate for nomination for the office of secretary of state, is the same Mr. Benson who was speaker of the house of representatives in the hold-up legislation of a few years ago, we have to say that he is not the same man. Frank Benson has never been a member of either house of the legislature, nor has he ever held any office other than that of school superintendent and that of county clerk of Douglas county. He could have held any office within the gift of the people of his county, as he has always been an active, aggressive republican high in the councils of the party. He is a man peculiarly well fitted for the office of secretary of state. He has great force of character. His record as both a man and an officer are absolutely clean. His integrity is above suspicion, while his ability to discharge the duties of the office with honor and credit to both himself and the people is beyond question. In appreciation of these facts he will receive probably ninety percent of the primary vote in his home county.

The plutocrat's mouth piece in the south end of the county has also started in to make much ado about nothing on account of the move of the city council to get cheaper electric lights, and as there is no franchise before that body, it looks stupid to get into a stew about nothing. If the plutocrats owned the saw mill and wanted a franchise, it would be proper to grant it then, of course, the same as the county court did when the plutocrats, who owned the saw mill at the time, illegally compromised what back taxes were owing. Or when the county court leased, without advertising or consulting the people, the Wilson river road to the plutocrats for 50 years. Or when the county court entered into a contract with the plutocrats and to pay them a big commission for doing work which the sheriff and district attorney are drawing big salaries for. It depends a good deal whose ox is being gored, but the plutocrats' mouth piece don't dare publish these and other facts where the taxpayers have been gored and bled by the plutocrats.

The following hearty endorsement of H. M. Cake's candidacy for United States Senator appears in the Wasco News of March 31st:

"Should Mr. Cake be successful in his pursuit of the United States senatorship, Oregon will have a couple of representatives in the Senate on whom we can depend. Mr. Fulton has served the state well, and should Mr. Cake be elected we can bet our dollars that he will make things hum. And if Mr. Cake's past record is any criterion, we can expect the political bosses and grafters to howl. Mr. Cake has a nerve that is not buffed by the howl of these barnacle like curfs, and a sense of honor that makes him hold the interest of the people above the interest of party. There is one thing sure, if Mr. Cake is elected, the barnacles that are found in the United States Senate will know that Oregon is on the map and that she has a senator that is going to represent her if it takes the hair off. Vote for Cake, he will represent Oregon." Mr. Cake's long and prominent connection with the Portland Commercial Club shows conclusively that as president of that institution, which was destroyed by fire last week, he became identified with the development and needs of Oregon more than any other person of the state, for he came in touch with the interests of all sections and all industries, from the person with capital to invest down to the working man. The people of Tillamook county will be doing the proper thing if they cast their vote for Mr. H. M. Cake.

County Judge Conder took occasion to probe the Headlight man this week, and in doing so made it a personal attack on account of our attitude in regard to the toll roads. The Headlight is only a reflection of public opinion and is willing that the people shall decide by a direct vote whether it is best for the interests of Tillamook to bottle the county up with toll roads or open it up with the purpose of getting home seekers to settle her and help pay the burden of taxation which now falls on the shoulders of so few. If Judge Conder is unwilling to submit it to a vote of the people so as to give them a voice in the matter, then it looks poor judgment for him to rush in to print and endeavor to make the Headlight man the scapegoat for those who are advocating free road and who honestly believe that the toll roads are a detriment to the county, in proof of which they point out that it has only 4,500 inhabitants. As the toll roads have helped to decrease the population, there is nothing unreasonable or unfair in asking that free roads be given a chance to improve conditions and open up the county so as to induce new settlers to locate here, for the great drawback to Tillamook County is the smallness of its population and mossbacks who want to keep it that way for the purpose of "graft." These remarks does not apply to toll roads alone. The people of Tillamook would think a good deal more of the county judge and the commissioners if they would allow the people to have a say in what they want, for a personal attack upon the Headlight man by the county judge does not cut any figure one way or the other, for the public is so used to that kind of thing it only causes a little amusement.

BOULDER CREEK.

D. C. Getchell of Hebo came up to H. A. Chopard's last Saturday, to get his mother, Mrs. Florence Getchell and Master Hume, who have been visiting relatives and friends in this neighborhood for the past three weeks.

Mrs. Sarah J. Tompkins came in on the Elmore Friday, after spending a month with relatives at Forest Grove, Gaston and Astoria.

Mrs. Maggie Nicklaus went to Beaver last Thursday to trade with the merchants of that thriving village. She all so called on her daughter, Mrs. A. O. Foland.

Mr. and Mrs. Oliver Kinnaman have moved to Beaver for the summer, as Mr. Kinnaman intends to work down there.

We are pleased to note that our new neighbor, Mr. Peter Hermann, who bought the J. S. Myers place, is moving his household effects up there.

Mr. and Mrs. W. N. Bays went out to the county seat last Wednesday, returning Thursday, and J. W. Tompkins made the same trip the first of this week.

Mr. Bunn is running the factory until things get straightened up, and going smoothly when his son Ralph, will take his place.

Master Walter Bacon of Forest Grove, came in with his grandmother, Mrs. Tompkins, to spend the summer on the ranch.

Mrs. Dawson went out to her home at Tillamook, Friday, to visit until Sunday. Her husband came after her.

We understand that Dave Hess has gone to Salem to bring in Ed. Haag, who has been in the hospital there some time. His brothers contemplate taking him to the Brooten mineral springs, to try if the waters will do him any good.

A great deal of interest is manifested in the weekly prayer meetings here. A large crowd attended the meeting last Thursday at Chas. Bays, many coming from Blaine.

C. Mills and wife, of Beaver, came up Saturday to Brown's, where Mr. Mills had an appointment to preach the same evening.

J. W. Tompkins wears an expansive smile, now a days, his mother's arrival was just in the nick of time, he was fast becoming desperate, and had she stayed away a week longer we are afraid he would have committed matrimony—in self-defense.

We are glad to announce that Grandpa Gladwill's health is much improved since his arrival in Tillamook.

BLAINE.

Cheese weather in Blaine this week. Rev. Mills preached to a crowded house here Sunday.

We are making garden now. Little late, but better late than never.

All the cheese factories in this district have started up and are getting a good supply of milk.

To avoid the great rush, Mr. Charles Harnsworth has purchased his new Easter hat.

Miss Mary Lipp, of Willamina, is visiting her brother, Mr. John Lipp, this week.

Mr. Richard Layton, of Willamina, is visiting with his friend, John J. Houser, Friday.

We are informed that Rev. Blalock will go to Idaho soon to preach.

John J. Houser, candidate for Joint Representative, visited Tillamook and Fairview precincts last week. He returned Saturday, speaking very highly of his loyal friends.

F. T. Bennett, Blaine's energetic shoe maker, will have his new road completed soon.

R. A. Jones is visiting his brother, Dee, in Sheridan. He went out Monday, going over the Nestucca trail. He expects to be absent for ten days or two weeks.

Easy Grade Found.

H. P. Johnson has been out twice within a week to the engineer's camp on the Hillsboro-Nehalem railroad. The last time he was there was Tuesday when he took A. C. Thomas, one of the engineers returning from a trip to Portland. The main camp is at the O'Donnell place four miles beyond Buxton. There are fifteen men there. There is another camp with ten men on the summit of the mountain. They are working out a line with every easy grades—one and two per cent the heaviest, and will cross the mountain without tunneling as had been expected. The engineers said they expected to get down on the other side with as easy a grade but those who know the country say they are getting into a region from which they can never reach Tillamook.

The working officials of the road have now moved their headquarters from Hillsboro to Banks, where Engineers Davis and Avery have opened an office. Some gangs of japs are at work but team work has not started yet, though that will now start at once as the weather gets good.

When the new road goes into operation oil will be used as fuel for the engines and a 25,000 tank will be erected at Hillsboro soon.—Forest Grove Times.

Rheumatic Pains Relieved.
The quick relief from rheumatic pains afforded by Chamberlain's Pain Balm has surprised and delighted thousands of sufferers. It makes rest and sleep possible. A great many have been permanently cured of rheumatism by the use of this liniment. For sale by Chas. I. Clough's Drug Store.

Human Blood Marks.

A tale of horror was told by marks of human blood in the home of J. W. Williams, a well known merchant of Bae, Ky. He writes: "Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained chronic since. It cures Hemorrhages, Chronic Coughs, Settled Colds and Bronchitis, and is the only known cure for Weak Lungs. Every bottle guaranteed by Chas. I. Clough, Druggist, 50c. and \$1.00. Trial bottle free.

Caught Cold While Hunting a Burglar.

Mr. Wm. Thos. Lanorgan, provincial Constable at Chapleau, Ontario, says: "I caught a severe cold while hunting a burglar in the forest swamp last fall. Hearing of Chamberlain's Cough Remedy, I tried it, and after using two small bottles, I was completely cured." This remedy is intended especially for coughs and colds. It will loosen and relieve a severe cold in less time than by any other treatment and is a favorite wherever its superior excellence has become known. For sale by Chas. I. Clough's Drug Store.

GEO. B. LAMB,

Candidate for Republican

Nominee for

COUNTY CLERK.

J. R. WHITNEY,

Of Albany.

Candidate for Republican

Nominee

For State Printer.

JOHN J. HOWSER,

Candidate for Republican

Nomination for

Joint Representative of

Tillamook and Yamhill

Counties.

Bad Stomach Makes

Bad Blood.

You can not make sweet butter in a foul, unclean churn. The stomach serves as a churn in which to agitate, work up and disintegrate our food, as it is being digested. If it be weak, sluggish and foul the result will be torpid, sluggish liver and bad, impure blood.

The ingredients of Dr. Pierce's Golden Medical Discovery are just such as best serve to correct and cure all such derangements. It is made up without a drop of alcohol in its composition; chemically pure, triple-refined glycerine being used instead of the commonly employed alcohol. Now this glycerine is of itself a valuable medicine, inasmuch as a deleterious agent like alcohol, especially in the case of weak stomach, dyspepsia and the various forms of indigestion. Prof. Finley Ellingwood, M. D., of Bennett Medical College, Chicago, says of it:

"In dyspepsia it serves an excellent purpose. It is one of the best manufactured products of the present time in its action upon feeble, disordered stomachs; especially if there is ulceration or catarrhal gastritis (catarrhal inflammation of stomach), it is a most efficient preparation. Glycerine will relieve many cases of pyrosis (heartburn) and excessive gastric acidity. It is useful in chronic intestinal dyspepsia, especially the flatulent variety, and in certain forms of chronic constipation, stimulating the secretory and excretory functions of the intestinal glands."

When combined, in just the right proportions, with Golden Seal root, Stone root, Black Cherrybark, Queen's root, Blood-root and Mandrake root, or the extracts of these, as in Dr. Pierce's Golden Medical Discovery, there can be no doubt of its great efficacy in the cure of all stomach, liver and intestinal disorders and derangements. These several ingredients have the strongest endorsement in all such cases of such eminent medical leaders as Prof. R. Bartholow, M. D., of Jefferson Medical College, Chicago; Prof. Bohar, A. H., M. D., of Medical Department, University of Pa.; Prof. Laurence Johnson, M. D., Medical Department, University of New York; Prof. Edwin M. Hale, M. D., Hahnemann Medical College, Chicago; Prof. John M. Scudder, M. D., and Prof. John King, M. D., Author of the American Dispensatory, and scores of others among the leading medical men of our land. Who can doubt the curative virtues of a medicine the ingredients of which have such a professional endorsement? Constipation cured by Doctor Pierce's Pleasant Pellets. One or two a dose.

THE OLD RELIABLE

Royal BAKING POWDER

ABSOLUTELY PURE

The greatest of modern-time helps to perfect cooking

Used in the best families the world over

ROYAL BAKING POWDER CO., NEW YORK
