Don't fill up the side walks with freight and leave it there for people to fall over in the darkness?

* * ☆

We hope our democratic friends won't forget to give us their usual complimentary vote for coroner.

* * *

When the primary election is over some of the defeated aspirants will think what fools they were to have placed themselves in a position to be snowed under.

* * *

We certainly hope that the people of Tillamook will not support Jonathan Bourne for congress, the man who held up the state legislature and is now trying to pack the next legislature.

* * *

It is really too bad that the republican party in Tillamook county wouldn't get into a scrap to please just a few political plug uglies and the few democrats who urged them on. But they've all got left in the soup.

* * *

The man who is dishonest enough to send out circulars and publish articles and afraid to put his own name to them for the purpose of slinging mud at H. F. Goodspeed, one of our best and most respected citizens, is a dirty pup.

* * *

What a broad smile a few persons had in court when Attorney McCain started in to "roast" the Headlight men, but this broad smile changed into one a yard long when the said "that fellow Woolie ought never to be elected sheriff again."

* * *

The clipping from the Herald which was read in court on Tuesday, for the information of the defense, was written by the Headlight man. It was wired to the Oregonian and then copied into the other local newspaper, the copy of which can be found in the telephone office.

* * *

It was the editor who looked up the sheriff and the deputy district attorney, and was the first to inform them, that skull bones had been found in the stove. Then they got busy. Some persons are foolish enough to say that the editor got his information from the deputy district attorney's office.

* * *

We understand that an effort was made to have J. F. Reeher indicted by the grand jury for chopping down the toll gates on the Wilson river road, but somehow we have failed to see any indictment. It is too bad that a person who is wanting to see Tillamook opened up can't be sent to the penitentiary to please the mossbacks.

* * *

There are three men we hope will be nominated on the republican ticket and we think the people of Tillamook ought to vote for, viz, H. M. Cake for United States senator; Walter L. Tooze, for congressman; and Dr. J. Withycombe for governor. All three are good, clean men and it is a pleasure to us to recommend them to the voters of Tillamook. Give them a vote.

* * *

It seems that the grand jury, in inquiring into several cases where boys had violated the law in Tillamook City, that the city should prosecute cases of that character and not throw the trouble and cost upon the county. That being the case, the boys managed to escape, but it is to be hoped that they and others will take good care that they do not get into mischief again.

* * *

There is a good deal of truth in this: "If you want adequate government improvement of Tillamook Bay and our other West Coast harbors, you had better have a man in Congess who is in the habit of getting what he goes after. No one has ever accused Walter L. Tooze of failing to get results. I absolutely pledge myself to you to work persistently, day by day, in season and out for these objects."

* * *

We can say this much in behalf of Commissioner Bodyfelt, that he will do all he possibly can at the next term of the county court to have the question of toll roads submitted to a vote of the people next June. That is the proper thing to do, and everybody knows that when George makes up his mind to do anything he will stay with it. He is the first candidate to come out square footed in allowing the people to have a say. Bully for George!

* *

What's in the wind, anyway? The call for bids for the Nestucca toll roads is changed, so that bids can be made from one to five years. It is fair to ask a pertinent question, for the previous lease was for the peculiar time of eleven months. Was that time so arranged so that the county court could lease it for a term of years on the eve of stepping out of office? We won't make any comment, but will allow our readers to put their own construction upon it.

* * *

The question of increase taxation on timber claims is being brought into politics, for the purpose of getting votes. Anyone who has given the matter any consideration will admit that Assessor Hare adopted the right course when he took office—that of raising the valuation every year. They were assessed when he took office at $600 and the next assessment will be over $1,000. It is just as well to let well enough alone, for Assessor Hare is doing well enough in the right way and he don't need one of the bosses pups to boss him.

* * *

The Headlight man pleads guilty to supporting H. M. Cake for senator and Walter L. Tooze for congressman because he believes they are the best men for Tillamook county. This may be a selfish motive in the interest of the county, and in recommending them to the voters of Tillamook county, we can say this without fear of contradiction that they are both good men and deserving of support in Tillamook county. They both will carry the county with a good vote, and every indication goes to show they will carry the state and district.

* * *

Attorney McCain did not improve his case when he undertook to roast the Press, and his personal attack upon the Headlight man and others. Neither did he add lustre to the bar or his own reputation, for it was plain on the face of it that he had been advised to "roast" the Headlight man. And we don't have to guess twice who put Attorney McCain up to saying what he did. The Press hopes, however, that he will be more dignified in future and not stoop to such personal attacks to please the whims of somebody, and in so serious and important case. If those who advised him did know better, surely Mr. McCain ought, with his long experience, to have avoided being made a cat's paw of.

* * *

To-morrow (Friday) the republican and democratic parties will nominate their tickets under the new primary law, and it is for the voters to say who they want nominated. All the aspirants are more or less known, and for that reason the HEADLIGHT intentionally refrained from saying one unkind word about any of them, although some of them foolishly attacked the editor and tried to make him the storm center. As to that we shall have something to say later which will cause as big a surprise as the Tillamook land frauds. But as to the county ticket, the HEADLIGHT is not boosing any of the aspirants. In our judgment there are a number of good men running on the republican side of the house, and there are others who should receive no support whatever. It is not for us to say who the people should vote in this primary election, other than to say vote for men who are capable, men who are clean and who will have the backbone to enforce the law.

EARTHQUAKE IN SAN FRANCISCO.

Terrible Loss of Life and Property.

SAN FRANCISCO, April 18 (Noon.)—The City of San Francisco was visited this morning by a terrible earthquake, which has laid the main business section to the ground.

Over 1000 people have lost their lives in the first shock in the falling buildings and thousands more were injured by falling debris.

The city is in flames and no water to fight the fire, the water mains having all been ruptured by the upheaval.

Fire is raging south of Market street and dynamite is being used to check the flames, with little effect, as a strong wind is blowing from the south.

The city, from Kearney street to the bay, has sunk over three feet and in other portions of the city the damage to property has been terrific.

The most prominent buildings and land marks in the city that were destroyed are the Palace Hotel and annex, the City Hall and the 13-story building of the San Francisco Call, one of the finest buildings in the world.

The damage is something awful to look upon and at present a tidal wave is expected, which usually follows in the wake of an earthquake.

SAN FRANCISCO, Calf., April 18th.—The earthquake that visited this city this a.m. has laid the city of 'Frisco, to a large extent to the ground and the werid aspect of and the turmoil has made of this quiet city of yesterday an inferino an earth.

Flames are raging south of Market street and the populace that are not fleeing for their lives are using every avilable means to check the fire and stop the destruction of property.

Dynamite is being used with some success but the strong south wind is fanning the flames into furry and the advance of the flames cannot be stopped without water. The city mains are broken in many places from the upheaval and the city is without water.

The finest buildings and which have been the pride of the city, have fallen. The stately 13 story Call building and the magnificant Palace Hotel and the palatial City Hall, and lots of others which have been raised to the ground.

Fire still burning with entire destruction. Mayor Schmitz has sent to Oakland for more dynamite to try and check fire by further destruction of buildings.

950 deaths are known to have occurred, with over 2000 injured, many of them fatally. The Mechanics Pravilion is being used for a morgue.

The Nevada, California Bank, Call, Palace Hotel, and nearly all the large buildings in business district are reported destroyed.

Fires are reported in Oakland, Berkley and Alemeda.

Buildings were destroyed by the earthquake 100 miles south from San Francisco.

Oakland has been unable to communicate with Los Angeles and fears are held that that city has also suffered from shocks.

All wire communication is cut off except by one Associated Press wire via the east. The Western Union, Postal and Pacific States Bldgs. are all destroyed.

Santa Barbara was also shaken.

Citizens are all panic stricken and the people are crowding the ferry buildings trying to cross the bay.

It is reported that two ships were sunk in the bay.

Berkley in flames, Stanford University is total wreck.

LATEST NEWS.

Additional incomplete list of buildings destroyed: Call, Claus Speckles, also the house and stables, St. Francis Hotel, Concordian Club, White House, Lich Hotel, Cracker Building, Chronicle, Winchester Hotel, California Hotel, Grand Opera House, St. Luke's Episcopal Church, New Hamilton Hotel, St. Francis Church, Canadian Bank, Western Union, Insane Asylum, California and Nevada Bank, Pacific Bank.

The fire has now reached the residence portion of the city, and the Militia has been called out to fight the fire at the ferries and along the water front.

The upheavel seems to have been general throughout the central portion of the state, the city of Santa Rosa having suffered most.

Stanford University has been entirely destroyed.

200,000 rations have been sent from Vancouver to San Francisco to feed the homeless and destitute.

Estimate of the killed and wounded are given all the way from 200 to 2000.

DO YOU KNOW

That Dr. Pierce's Favorite Prescription is the only medicine sold through druggists for woman's weaknesses and peculiar ailments that does not contain large quantities of alcohol? It is also the only medicine, especially prepared for the cure of the delicate diseases peculiar to women, the maker of which is not afraid to take his patients into his full confidence, by printing upon each bottle wrapper all the ingredients entering into the medicine. Ask your druggist if this is not true.

"Favorite Prescription," too, is the only medicine for women, all the ingredients of which have the unqualified endorsement of the leading medical writers of the several schools of practice, recommending them for the cure of the diseases for which the "Prescription" is advised. Write to Dr. R. V. Pierce, Buffalo, N. Y., for a *free* booklet, and read the numerous extracts from standard medical authorities praising the several ingredients of which Dr. Pierce's medicines are made, and don't forget that no other medicines put up for sale through druggists for domestic use can show any such *professional* endorsement. This, of itself, is of far more weight and importance than any amount of so-called "testimonials" so conspicuously flaunted before the public, in favor of the alcoholic compounds.

The "Favorite Prescription" cures all woman's peculiar weaknesses and derangements, thus banishing the periodical headaches, backaches, bearing-down distress, tenderness and dragging-down sensations in lower abdomen, accompanied by weakening and disagreeable catarrhal, pelvic drains and kindred symptoms.

Dr. Pierce and his staff of skilled specialists may be consulted free by addressing as above. All correspondence is treated as sacredly confidential. By consulting in this way the disagreeable questionings and personal "examinations" are avoided.

The People's Common Sense Medical Adviser contains some very interesting and valuable chapters on the diseases peculiar to women. It contains over one thousand pages. It is sent post paid, on receipt of sufficient in one-cent stamps to pay cost of mailing only, or 21 cents for a copy in flexible paper covers, or 31 cents for a cloth-bound copy. Address Dr. R. V. Pierce as above.

Dr. Pierce's Pellets regulate and invigorate stomach, liver and bowels. One a laxative, two or three cathartic.

BOULDER CREEK.

Professor Moore closed a very successful term of school last Friday with a picnic under the trees. A fine program was rendered by the school in the afternoon, and every one appeared to enjoy themselves. Quite a good sized crowd was present, Beaver, Blaine, and Wolfe Creek being well represented. Mr. Moore has made many friends among the Boulderites, and he takes with him into his future life the best wishes of every one.

Mr. Farmer, our popular road supervisor, came up from Beaver Monday to put a crew of men to work on the road which is to be opened through O. W. Kinnaman's ranch.

A number of our prominent citizens are out at Tillamook, attending court this week.

A party of young people made the ascent of Mt. Hebo last Saturday, and another crowd ate their Easter eggs on the summit of High Peak, Sunday. Both parties seemed to enjoy themselves albeit there was some complaint of tired feet, scratched hands and sun-burnt faces.

Mrs. Jessie Lucas is very ill at this date with appendicitis. Doctor Upton is attending her.

Mr. E. P. Mills and family spent last Sunday at Blaine at the home of Mr. M. Cady.

J. W. Tompkins put in phones for H. D. McIntyre and H. A. Chopard last Wednesday.

Mr. Jacob Kumm is reported to be on the sick list at present.

W. N. Bays took a trip to Cloverdale last Monday.

Human Blood Marks.

A tale of horror was told by marks of human blood in the home of J. W. Williams, a well known merchant of Bac, Ky. He writes: "Twenty years ago I had severe hemorrhages of the lungs, and was near death when I began taking Dr. King's New Discovery. It completely cured me and I have remained well ever since." It cures Hemorrhages, Chronic Coughs, Settled Colds and Bronchitis, and is the only known cure for Weak Lungs. Every bottle guaranteed by Chas. I. Clough, Druggist. 50c, and $1.00. Backward in School.

In nearly every school, especially the Primary Grades, are one or more pupils who do not advance as rapidly as the rest of the class and are accused of being dull or not inclined to study. There is no doubt that a great many of just such cases are caused by a lack of nervous force because of defective vision or eye strain.

When a pair of Perfectly Fitted Glasses will overcome such difficulty, why prevent your children's future because of defective vision.
